5 No water cart or lorry shall take water from public fountains installed for *bona fide* domestic purposes. Water may be drawn for watering public roads, flushing drains and other Municipal purposes from duly metered public fountains and connections separately provided for the purpose at the cost of the Municipal Council.

6 The President or the Vice-President may subject to the conditions to be determined by him in this behalf supply water for other than domestic purposes.

7 *Installation and removal of public fountains.*—Public fountains shall ordinarily be located at distances of not less than 600 feet apart. The President may remove or close or shift the public fountains in consultation with the Municipal Council.

The President or the authorised officer may close temporarily any public fountain found to be misused or contaminated.

8 *Erection of public fountain by private donors.*—Private individuals may be allowed to erect public street fountains for dedication to public use on the following conditions :—

(i) That their number is strictly restricted to *bona fide* public requirements of particular localities which shall be decided in consultation with the Municipal Council ;

(ii) That they shall be subject to the same condition as are applicable to other Municipal public fountains ;

(iii) That their maintenance and repair costs shall be borne by the Municipality in the absence of any specific donor ;

(iv) That their free and unobstructed use by the public for domestic purposes be duly safeguarded and no special privilege be claimed by the donor ; and

(v) that they are not placed close to any other public fountain at a distance of less than 600 feet.

9 *Application for house connections.*—The owner or consumer shall make an application for water connection in the form prescribed by the Department to the authorised officer through a licensed plumber. The application shall be accompanied by a certificate of ownership of the house of the Municipal assessment receipt with details of the annual rental value, the Municipal Deposit receipt for the road cutting of repair charges, a detailed estimate of cost connections, and sketches of the several houses in the compound and the details of layout of the pipe service, in relation not only to the departmental distribution lines running closeby but also to the public and private drains, latrines, etc.

10 *Plumbers register of house connections.*—The plumber shall maintain a register of such applications sanctioned and completed and shall submit the same before the 5th of each month to the authorised officer.

11 *Plumber's notice for getting connection.*—The plumber executing the work shall give atleast two days notice to the authorised officer for getting connections with the departmental distribution line.

12 *Service connection by whom given.*—The service connection shall be given by the authorised officer of his subordinate empowered by him in this behalf in the presence of the plumber and the consumer or owner.

13 *Connection to mains.*—Such connection with the Department public main shall be in accordance with the subsidiary rules issued from time to time by the department in this behalf.

14 The work shall not be commenced until after the departmental approval is communicated inwriting to the consumer or owner through the concerned licensed plumber.

15 *Quality of pipes and fittings.*—No person, shall for the purpose of conveying, delivering receiving or using the water supplied by the department, fix, fit or use any pipe, tap, valve cock, cistern or any other water fittings or sanitary applicances which shall not be the quality and strength prescribed by the department. No consumer or owner shall be entitled for the supply of water, unless and until such pipes and fittings and the laying and fixing thereof are approved by the authorised officer.

16 *Rates for materials and work.*—A schedule of rates chargeable for the materials and for the execution of work as in force at the time shall be kept by the department for the information of the consumers or owners.

17 *Specifications prescribed.*—The Department may by subsidiary rules, prescribe the size, nature, materials, workmanship strength and mode of arrangement, connection, disconnection, alteration and repair of pipes, meters, cocks, ferrules, valves, coil, pans, water closets, baths, cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow or tend to allow any waste undue consumption, misuse, erroneous measurement or contamination.

18 *Extension of connections.*—In cases where the consumer or owner applied for extension of the existing connections he shall not be required to alter or renew the fittings existing on the date of applications unless, in the opinion of the authorised officer, they are so defective or located in such a position as to cause or likely to cause obstruction to the water supplied by the department or result in waste, unsue consumption misuse or contamination of the water.

19 *Communication of pipes.*—No premises which has been separately assessed to Municipal tax shall except with the special permission in writing of the president be supplied with water by more than one communication pipe.

20 *Conditions for a pipe connection.*—Every separately assessed domestic premises shall be entitled to have its owner separate communication, pipe subject, however to the capacity and the pressure of the distribution of submain nearest to the premises permitting the grant of such connections.

21 *Connection from nearest distribution line.*—The water connection shall as a general rule, be taken from the nearest distribution line feeding the locality wherein the premises is situated. Special connections from other submains shall be subject to the express orders of the President.

22 The President or the authorised Officer may, if, at any time, he deems it necessary in the interests of the supply to alter the position of an existing connections with any public main or of the communication pipes or fittings thereof, direct such alteration after giving not less than two days' notice in writing to the person concerned. The cost of all such alterations up to the departmental stop valve shall be borne by the Department.

23 Except under a written agreement with the department and subject to its conditions, no consumer shall fix, fit or use on any premises, any self acting sanitary or other outfit on the departmental water supply service line. Such a connection may not be granted by the department except when conditions of supply admit such extra consumption in the opinion of the officer in charge of the water supply.

24 *Accessibility.*—Every pipe or fitting within a building shall as far as practicable, be so placed as to admit of easy access, examination, repair or renewal.

25 *Departments stop cock on supply line.*—Every connection shall have, just outside the premises and in an easily accessible position, valve or gland or cock of the approved pattern with minimum diameter of ½ inch and not more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer. Such valve or cock if below the ground level shall be suitably protected by a box in the approved pattern, supplied to the consumer by the department at the consumer's cost.

Every such gland shall be provided with a detachable check nut, union joint near to it for facility of connecting or disconnecting service.

In the case of existing services where the original gland cocks are either far away from the premises or otherwise inaccessible separate additional gland cocks and check nut joints shall be provided by the consumers when and where required by the authorised officer.

26 *Communication and other pipes not to be laid through insanitary places.*—No communication or other pipe shall be laid so as to pass into or through any sewer, drain, laterine, manhole or ash pit or manurepit. Such pipe shall not be allowed to remain in contact with any foul smelling or injurious materials. In unavoidable cases adequate protection to the pipe shall invariably be provided by carrying it through an exterior cast iron tube or in any other suitable manner approved by the authorised officer.

27 *Depth of pipes underground.*—Pipes laid in open ground shall be atleast 1½ feet below the ground level.

28 Pipes intended to carry water supplied by the Department shall not be allowed to carry water supplied from any other source.

29 Storage Cisterns.—In every case where the water is to be supplied to a storage cistern, a suitable control value with an automatic arrangement for closing the inlet shall be provided. In addition to this a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or departmental staff.

NOTE:—A warning pipe is a pipe fixed at the maximum water level of the cistern to indicate the overflow therefrom.

30 A storage cistern reservoir or storage tank shall be provided whith a dust and water proof cover and a ventilator and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from contamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised officer.

31 A cistern buried or excavated in the ground shall be provided with a refluxe valve to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water tightness as well as the imperviousness of the cistern to outside contamination. The authorised officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noticed.

32 Unless otherwise specially authorised, no consumer shall be allowed to take water through any boiler, water-closet or sanitary appliances, except from a storage cistern of the approved specification.

33 Removal or alteration or extension of pipes.—The owner or consumer shall before starting the removal or alteration or extension of any pipe, give not less than 15 days notice there of to the authorised officer and deliver an application through a duly licensed plumber in the form prescribed by the Department.

34 Only licensed plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by the licensed plumbers.

35 Meters.—For every connection, there shall be provided at the cost of the Municipality or Government and maintained in due working order, a water meter for the accurate gauging of the water consumed provided that the authorised officer may dispense with such meters in the case of connections which, in the opinion of the Department are not likely to consume more water than the free allowance to be granted thereto.

36 The meter, shall wherever practicable be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules. The President may, subject to the approval of the Council assess the damages caused and recover the same in the manner prescribed for the recovery of other charges.

37 Meter reading.—The meter shall be read between the 8th and the end of the month generally, between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the electric meter cards or in any safe and prominent portion of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly readings are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The Municipal Council reserves to itself the right to make its own tests, free of cost, at any time after giving due notice of the same to the consumer.

40 If on examination, any meter is found to be out of order, the consumption during the period since the last reading till the meter is repaired or a new meter installed shall be calculated at the average daily consumption of the last six months during which in the opinion of the authorised officer, the meter was recording properly and the consumption of water was not for any reasons abnormal.

41 Free allowance of water.—The free allowance of water consumed for domestic connection shall be regulated as follows :—

For every one rupee of the annual rental value of the premises, the authorised free allowance shall be 100 gallons per annum, but in no case, shall such free allowance be less than 3,000 gallons or more than 10,000 gallons per month. In the cases of houses containing flushing latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrines, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government buildings used for residential purposes.

But in the case of Government residential buildings like police lines, Nurses Quarters, etc., the free allowance fixed is without restriction of the maximum limit.

42 In case of new premises, free allowance shall be granted from the date of municipal assessment has effect provided that the construction of work is over and the premises is used for *bona fide* domestic purposes. In the absence of the Municipal receipt for payment of assessment the minimum free allowance fixed under these bye-laws shall be allowed, provided that the construction work is over and the house or premises is occupied for domestic purposes. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal assessment.

43 Applications for the modifications in the quantity of free allowance allowed by the Department to any premises and noted on the bill sent every month shall be made within 15 days from the date of the bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Municipal Council assess a premises separately the Department may give a separate connection thereto. But

where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(a) In the case of blocks of houses situated in one and the same compound and separately assessed by the Municipality and having only one meter supply connection where conditions do not admit of giving separate water supply connections on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however, to the minimum of 3,000 gallons and maximum of 10,000 gallons.

(b) In the case of a house, the assessment of which has been split up by the Municipality thereby entiteng the owner to a separate water connection to each such sub-assessed house, it shall be incumbent on the owner to apply for a separate water connection to each sub-assessed house and where conditions do not permit of separate connections being given, due to insufficiency of main, etc., the free allowance shall be calculated on the total rental value of the block as a whole and not on the independent rental value of each such sub-assessed house in the block.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes the President shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie, against the decision of the President to the Council whose decision shall be final.

47 Whenever the person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised officer. In case of his failure to do so, the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occurring during the period of non-intimation to the authorised officer.

48 Inspection of premises.—The authorised officer may enter any house, building or land to which water is supplied to examine if there be any waste or misuse of water or if there is dispute about the supply of water and for inspecting the water fittings for conveying, receiving, storing and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 5-30 P.M. and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details thereof.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice not less than three days be given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness. But the Municipal Council shall be responsible for reconditioning the road according to its original quality.

52 In the case of Municipal drains, structures, and other property which may have to be removed, the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, burst on pipe lines, fire or other causes, requiring immediate action on the part of the department.

54 The Executive Engineer or the authorised officer shall have power to stop or reduce the supply in the public main or sub-main for repairs or renewals without any notice on emergent occasions. But in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances, shall be given by beat of drum or other means.

55 Breaking up of a Municipal pavement, road on other property during pipe laying.— In every case where the Municipal pavement, drain road, manhole or other property is likely to be affected during the laying of the pipes for any premises the consumer or on his behalf the licensed plumber shall be responsible for giving sufficient notice thereof to the Municipal Council.

56 Removal of pipe fitting by consumer or owner.—Any consumer or owner may get his pipe removed provided he gives at least fifteen days notice through a licensed plumber to the President or the authorised Officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the Department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or *vice versa* or those which are out of use of otherwise defective, shall be removed and the connections properly sealed when required, by the authorised officer. Should the consumer or the owner fail to comply with such requisition, the authorised officer may enter any house or premises and execute the required work: and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connections prohibited.—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

59 All pipes, taps fitting, etc., forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main shall in the absence of any agreement to the contrary be the property of the owner of the said premises.

60 In the case, however, of the communication pipe and the stop cock the department shall have the liberty to operate them for purpose of management and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the department within or outside the premises shall be the property of the department.

61 Any public submain or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

62 Applicability of rules to public institutions.—The foregoing bye-laws and rules apply *mutatis mutandis* to all public institutions such as schools, colleges, hostels, hospitals and public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meter being paid for by the institution concerned at the rates prescribed.

63 Liability of the department for non-supply:—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water, if such non-supply arises from accidentsto pipe lines, bursts, shut down of power and unusual drought or other unavoidable causes beyond its control.

M. C. DODDIAH, *President*.

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, MALAVALLI.

Notification dated 26th June 1963.

No. CI. P. R. 139/63-64. Notice is hereby given to the inhabitants of Malavalli Town Municipality that the Municipal Council, Malavalli, at their meeting held on 29th November 1962 have resolved to adopt for the first time the Rules for regulating the matters and things connected with the supplying and use of water at Malavalli Municipality as per Model Rules framed by Government-*Vide*, Notification No. L. 1854-ML. 109-53-2 dated 11th May 1953 and herein appended and published as per Section 46 (1) (h) of Town Municipal Act, 1951. Any inhabitant of the Municipality objecting to the proposed rules may within one month from the date of publication of this Notification in *Mysore Gazette* send his objections in writing to the President, Town Municipal Council Malavalli. Objections received after due date will not be considered.

Rules For Water Supply.

1 These rules shall be called the Rules for the supply of water in Malavalli Town Municipality.

2 The Owner or Consumer shall deposit with the authorised Officer, the cost of the attachment from the public main at the following rates.

½" attachment or less ... Rs. 3-00 per month.

3 Every application for water connection shall be accompanied by a deposit of not less than Rs. 10 the actual amount being determined by the Department in each case, in addition to the usual cost of attachment, road boxes etc, to serve as an advance. This deposit shall be refunded to the depositor on demand after settling his accounts. Such deposit shall be taken in the case of existing connections also.

4 For every meter installed by the Municipality or Government to premises and kept in working condition, the following rates of meter rent shall be levied per month in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged.

½" to ¾ meter ... Rs. 0-25 nP.

5 Testing of Meters—Any person disputing the accuracy of the meter may apply to the authorised officer who shall on payment of a fee of Rupee One per test direct the testing of meter. If on actual test the quantity registered by the meter, is in excess of the correct quantity by more than 5 per cent, the testing fees shall be refunded and a proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed if the excess is five per cent and below and the testing fee shall not also be refunded.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of Rupee one for every 1,000 gallons so consumed. Fraction of 1,000 gallons shall not be charged for, if it be 500 gallons or less but the excess over 500 gallons, if any, shall be charged for as if it were 1,000 gallons.

7 Non-domestic purpose.—Non-domestic concerns shall not be entitled to free allowance of all the water supplied to such premises shall be charged for as per the following schedule till meters are installed to the connections.

½" connection for non-domestic purposes ... Rs. 10 p.m.
¾" do do ... Rs. 15 p.m.

The same rates shall apply to Government Industrial concerns and Commercial concerns also. For domestic connections the rates shall be as noted below till meters are installed.

½" connection ... Rs. 3 per month.
¾" do ... Rs. 4 per month.

8 Payment of water charges.—The excess water charges, meter rent, and other charges due under these rules shall be paid within fifteen days from the date of the bill at the office of the authorised officer on bills which shall be sent to the party within five days from the date of meter reading. If the bills are not received within five days from the date of meter reading, the party may obtain duplicate bills from the supply office to enable him to make payment within the due date. Non-receipt of bills shall not be accepted as an excuse for delay in payment. Payment should invariably be made in cash, Money Order, or postal orders but cheques for amount not less than Re. 1 drawn on local Banks such as Imperial Bank of India, the Mysore Bank, Co-operative Banks and Societies, shall be accepted in payment of dues.

Disconnections and Re-connection of service.—On failure of payment within the due date, the Department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount along with a penalty of Re. 1 in such cases. This penalty will not be charged if disconnection is made at the request of the consumer subject to the condition that all the dues up to the date of disconnection are paid up on or before the due date. Disconnections may not generally be made when the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next quarterly bill is pr ferred. As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively postal money-order receipts or counterfoils of cheques when asked for by the officials of the Department who have been directed to effect disconnection of service in cases of default in payment. No disconnection shall be made without first asking for the voucher in support of the payment made. Cheques drawn on local Banks such as the Imperial Bank of India, Mysore Bank, Co-operative Banks and Societies shall be accepted but no cheques shall be accepted for sums less than a Rupee which shall b paid only in cash.

9 Payments claimed by the Departments even in son cases of dispute shall be made within the specified tin subject to the grant of a refund on after final decision b, the Department.

10 Payment by Consumer or Owner.—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy:—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer in writing failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water provided however that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12 Claims for water charges etc., shall not become time barred merely by any dealy on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer atleast once immediately after the charges become due. Arrears of charges due if found irrecoverable by the department, will be recovered in the same manner as any other muncipal dues under the Town Municipal Act, 19 1.

13 The President shall when requested by the consumer in writing furnish a Memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items for any period subsequent to the preparation of the last bill in the office.

14 In cases of neglect or unwarranted delay to report wastage under the above rules, the President or the authorised officer may cut off the water connection wihout notice and follow it up with the official notice to the consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the departmental agency will be sent to the party who has to pay the same.

In cases where wastage of water is due to leaky pipes, the party may be charged at a concessional rate of 0-50 nP per 1,000 gallons for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance, the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or the Athorised Officer shall have power to cut off the connection between the supply and communication pipes in any one of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being posted on the houses or premises in case the consumer is not accessible.

(a) In defalut of payment of excess water charges, meter rents, or any other charges due under these rules which have been duly demanded previously through bills issued from the Office of the authorised Officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in the misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same.

( ) In case of allowing wastage of water even after the issue of a warning in advance.

(e) In the case of broken pipe or fitting causing or likely to cause heavy loss of water or damage of property.

(f) In the case of refusal to allow the President or the authorised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises.

(g) In case of any person wilfully or unauthorisedly permitting to any other person to take a connection from his supply.

(h) In case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government Building for residential purposes the excess water charges shall be recovered as under the rules applicable to the general rate payers, from the occupier direct as a liability against him. In the case of his default the head of the Department concerned under whose charge the building is left shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In case of Mosques, Churches, Temples and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free of cost.

Note.—(i) Only one tap will be allowed for each Institution.

If more than one tap is required, the Institution must pay for the excess water consumed at the rates charged under the rules.

(ii) The trustees of the Institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(iii) The staff of the water supply department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(iv) Failure to attend to the defects pointed out will entail cutting off the water supply connection without notice.

(v) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of the Government as and when they come into existence.

(vi) The above concessions shall not, however supply to the residential and other buildings attached to the institutions concerned, which will be governed by the general rules applicable to private buildings.

(b) *Charitable Institutions.*

(1) Chattrams.—The free allowance admissible in each case will be fixed by the Government on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50nP. per 1,000 gallons. A consolidated list of existing chattrams in the Town will be submitted to the Government by the President.

(2) Hospitals.—The free allowance for each Hospital shall be fixed on the merits of each case on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50 nP. per gallon.

Note.—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

5 No water cart or lorry shall take water from public fountains installed for *bona fide* domestic purposes. Water may be drawn for watering public roads, flushing drains and other Municipal purposes from duly metered public fountains and connections separately provided for the purpose at the cost of the Municipal Council.

6 The President or the Vice-President may subject to the conditions to be determined by him in this bshalf, supply water for other than domestic purposes.

7 *Installation and removal of public fountains.*—Public fountains shall ordinarily be located at distances of not less than 600 feet apart. The President may remove or close or shift the public fountains in consultation with the Municipal Council.

The President or the authorised officer may close temporarily any public fountain found to be misused or contaminated.

8 *Erection of public fountain by private donors.*—Private individuals may be allowed to erect public street fountains for dedication to public use on the following conditions :—

(i) That their number is strictly restricted to *bona fide* public requirements of particular localities which shall be decided in consultation with the Municipal Council ;

(ii) That they shall be subject to the same condition as are applicable to other Municipal public fountains ;

(iii) That their maintenance and repair costs shall be borne by the Municipality in the absence of any specific donor ;

(iv) That their free and unobstructed use by the public for domestic purposes be duly safeguarded and no special privilege be claimed by the donor ; and

(v) that they are not placed close to any other public fountain at a distance of less than 600 feet.

9 *Application for house connections.*—The owner or consumer shall make an application for water connection in the form prescribed by the Department to the authorised officer through a licensed plumber. The application shall be accompanied by a certificate of ownership of the house of the Municipal assessment receipt with details of the annual rental value, the Municipal Deposit receipt for the road cutting of repair charges, a detailed estimate of cost of connections, and sketches of the several houses in the compound and the details of layout of the pipe service, in relation not only to the departmental distribution lines running close by, but also to the public and private drains, latrines, etc.

10 *Plumbers register of house connections.*—The plumber shall maintain a register of such applications sanctioned and completed and shall submit the same before the 5th of each month to the authorised officer.

11 *Plumber's notice for getting connection.*—The plumber executing the work shall give atleast two days notice to the authorised officer for getting connections with the Departmental distribution line.

12 *Service connection by whom given.*—The service connection shall be given by the authorised officer of his subordinate empowered by him in this behalf in the presence of the plumber and the consumer or owner.

13 *Connection to mains.*—Such connection with the Department public main shall be in accordance with the subsidiary rules issued from time to time by the department in this behalf.

14 The work shall not be commenced until after the departmental approval is communicated inwriting to the consumer or owner through the concerned licensed plumber.

15 *Quality of pipes and fittings.*—No person, shall for the purpose of conveying, delivering receiving or using the water supplied by the department, fix, fit or use any pipe, tap, valve cock, cistern or any other water fittings or sanitary applicances which shall not be the quality and strength prescribed by the department. No consumer or owner shall be entitled for the supply of water, unless and until such pipes and fittings and the laying and fixing thereof are approved by the authorised officer.

16 *Rates for materials and work.*—A schedule of rates chargeable for the materials and for the execution of work as in force at the time shall be kept by the department for the information of the consumers or owners.

17 *Specifications prescribed.*—The Department may by subsidiary rules, prescribe the size, nature, materials, workmanship strength and mode of arrangement, connection, disconnection, alteration and repair of pipes, meters, cocks, ferrules, valves, soil, pans, water closets, baths, cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow or tend to allow any waste undue consumption, misuse, erroneous measurement or contamination.

18 *Extension of connections.*—In cases where the consumer or owner applies for extension of the existing connections he shall not be required to alter or renew the fittings existing on the date of applications unless, in the opinion of the authorised officer, they are so defective or located in such a position as to cause or likely to cause obstruction to the water supplied by the department or result in waste, undue consumption misuse or contamination of the water.

19 *Communication of pipes* —No premises which has been separately assessed to Municipal tax shall except with the special permission in writing of the president be supplied with water by more than one communication pipe.

20 *Conditions for a pipe connection.*—Every separately assessed domestic premises shall be entitled to have its own separate communication pipe, subject, however to the capacity and the pressure of the distribution of submain nearest to the premises permitting the grant of such connections.

21 *Connection from nearest distribution line.*—The water connection shall as a general rule, be taken from the nearest distribution line feeding the locality wherein the premises is situated. Special connections from other submains shall be subject to the express orders of the President.

22 The President or the authorised Officer may, if, at any time, he deems it necessary in the interests of the supply o alter the position of an existing connections with any public main or of the communication pipes or fittings thereof, direct such alteration after giving not less than two days notice in writing to the person concerned. The cost of all such alterations up to the departmental stop valve shall be borne by the Department.

23 Except under a written agreement with the department and subject to its conditions, no consumer shall fix, fit or use on any premises, any self acting sanitary or other outfit on the departmental water supply service line. Such a connection may not be granted by the department except when conditions of supply admit such extra consumption in the opinion of the officer in charge of the water supply.

24 *Accessibility.*—Every pipe or fitting within a building shall as far as practicable, be so placed as to admit of easy access, examination, repair or renewal.

25 *Departments stop cock on supply line.*—Every connection shall have, just outside the premises and in an easily accessible position, valve or gland or cock of the approved pattern with minimum diameter of ½ inch and not more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer. Such valve or cock if below the ground level shall be suitably protected by a box in the pproved pattern, supplied to the consumer by the department at the consumer's cost.

Every such gland shall be provided with a detachable check nut, union joint near to it for facility of connecting or disconnecting service.

In the case of existing services where the original gland cocks are either far away from the premises or other wise inaccessible separate additional gland cocks and check nut joints shall be provided by the consumers when and where required by the authorised officer.

26 *Communication and other pipes not to be laid through insanitary places.*—No communication or other pipe shall be laid so as to pass into or through any sewer, drain, laterine, manhole or ash pit or manure pit. Such pipe shall not be allowed to remain in contact with any foul smelling or injurious materials. In unavoidable cases adequate protection to the pipe shall invariably be provided by carrying it through an exterior cast iron tube or in any other suitable manner approved by the authorised officer.

27 *Depth of pipes underground.*—Pipes laid in open ground shall be atleast 1½ feet below the ground level.

28 Pipes intended to carry water supplied by the Department shall not be allowed to carry water supplied from any other source.

29 Storage Cisterns.—In every case where the water is to be supplied to a storage cistern, a suitable control value with an automatic arrangement for closing the inlet

shall be provided. In addition to this a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or departmental staff.

NOTE:—A warning pipe is a pipe fixed at the maximum water level of the cistern to indicate the overflow therefrom.

30 A storage cistern reservoir or storage tank shall be provided whith a dust and water proof cover and a ventilator and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from contamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised officer.

31 A cistern buried or excavated in the ground shall be provided with a reflux valve to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water tightness as well as the imperviousness of the cistern to outside contamination. The authorised officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noticed.

32 Unless otherwise specially authorised, no consumer shall be allowed to take water through any boiler, water-closet or sanitary appliances, except from a storage cistern of the approved specification.

33 Removal or alteration or extension of pipes.—The owner or consumer shall before starting the removal or alteration or extension of any pipe, give not less than 15 days notice there of to the authorised officer and deliver an application through a duly licensed plumber in the form prescribed by the Department.

34 Only licensed plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by the licensed plumbers.

35 Meters.—For every connection, there shall be provided at the cost of the Municipality or Government and maintained in due working order, a water meter for the accurate gauging of the water consumed provided that the authorised officer may dispense with such meters in the case of connections which, in the opinion of the Department are not likely to consume more water than the free allowance to be granted thereto.

36 The meter, shall wherever practicable be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules.

The President may, subject to the approval of the Council assess the damages caused and recover the same in the manner prescribed for the recovery of other damages.

37 Meter reading.—The meter shall be read between the 8th and the end of the month generally, between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the electric meter cards or in any safe and prominent portion of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly readings are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The Municipal Council reserves to itself the right to make its own tests, free of cost, at any time after giving due notice of the same to the consumer.

40 If on examination, any meter is found to be out of order, the consumption during the period since the last reading till the meter is required or a new meter installed shall be calculated at the average daily consumption of the last six months during which in the opinion of the authorised officer, the meter was recording properly and the consumption of water was not for any reasons abnormal.

41 Free allowance of water.—The free allowance of water consumed for domestic connection shall be regulated as follows:—

For every one rupee of the annual rental value of the premises, the authorised free allowance shall be 100 gallons per annum, but in no case, shall such free allowance be less than 3,000 gallons or more than 10,000 gallons per month. In the case of houses containing flushing latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrines, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government buildings used for residential purposes.

But in the case of Government residential buildings like police lines, Nurses Quarters, etc., the free allowance fixed is without restriction of the maximum limit.

42 In case of new premises, free allowance shall be granted from the date of municipal assessment has effect provided that the construction of work is over and the premises is used for *bona fide* domestic purposes. In the absence of the Municipal receipt for payment of assessment the minimum free allowance fixed under these bye-laws shall be allowed, provided that the construction work is over and the house or premises is occupied for domestic purposes. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal assessment.

43 Applications for the modifications in the quantity of free allowance allowed by the Department to any premises and noted on the bill sent every month shall be made within 15 days from the date of the bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Municipal Council assess a premises separately the Department may give a separate connection thereto. But where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(a) In the case of blocks of houses situated in one and the same compound a d separately assessed by the Municipality and having only one meter supply connection where conditions do not admit of giving separate water supply connections on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however, to the minimum of 3,000 gallons and maximum of 10,000 gallons.

(b) In the case of a house, the assessment of which has been split up by the Municipality thereby entitling the owner to a separate water connection to each such sub-assessed house, it shall be incumbent on the owner to apply for a separate water connection to each sub assessed house and where conditions do not permit of separate connections being given, due to insufficiency of main, etc., the free allowance shall be calculated on the total rental value of the block as a whole and not on the independent rental value of each such sub-assessed house in the block.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes the President

shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie, against the decision of the President to the Council whose decision shall be final.

47 Whenever the person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised officer. In case of his failure to do so, the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occurring during the period of non-intimation to the authorised officer.

48 Inspection of premises.—The authorised officer may enter any house, building or land to which water is supplied to examine if there be any waste or misuse of water or if there is dispute about the supply of water and for inspecting the water fittings for conveying, receiving, storing and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 5-30 P.M. and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage with the help of the dapartmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details thereof.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice not less than three days be given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness. But the Municipal Council shall be responsible for reconditioning the road according to its original quality.

52 In the case of Municipal drains, structures, and other property which may have to be removed, the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, burst on pipe lines, fire or other causes, requiring immediate action on the part of the department.

54 The Executive Engineer or the authorised officer shall have power to stop or reduce the supply in the public main or sub-main for repairs or renewals without any notice on emergent occasions. But in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances, shall be given by beat of drum or other means.

55 Breaking up of a Municipal pavement, road on other property during pipe laying.— In every case where the Municipal pavement, drain road, manhole or other property is likely to be effected during the laying of the pipes for any premises the consumer or on his behalf the licensed plumber shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control. restrictions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalies recoverable for delay, inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

56 Removal of pipe fitting by consumer or owner.—Any consumer or owner may get his pipe removed provided he gives at least fifteen days notice through a licensed plumber to the President or the authorised Officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the Department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or *vice versa* or those which are out of use of otherwise defective, shall be removed and the connections properly sealed when required, by the authorised officer. Should the consumer or the owner fail to comply with such requisition, the authorised officer may enter any house or premises and execute the required work: and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connections prohibited.—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

59 All pipes, taps fitting, etc., forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main shall in the absence of any agreement to the contrary be the property of the owner of the said premises.

60 In the case, however, of the communication pipe and the stop cock the department shall have the liberty to operate them for purpose of management and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the department within or outside the premises shall be the property of the department.

61 Any public submain or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

62 Applicability of rules to public institutions.—The foregoing bye-laws and rules apply *mutatis mutandis* to all public institutions such as schools, colleges, hostels, hospitals and public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meter being paid for by the institution concerned at the rates prescribed.

63 Liability of the department for non-supply:—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any peralty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, bursts, shut down of power and unusual drought or other unavoidable causes beyond its control.

1½" ,, ...	7-00	
1¾" ,, ...	8-00	
2" ,, ...	9-00	

with a uniform addition of Re. 1 for every increase in the size of the pipe by ¼" upto a maximum of 3".

3 Every application for water connection shall be accompanied by a deposit of not less than Rs. 10 the actual amount being determined by the Department in each case, in addition to the usual cost of attachment, road boxes etc., to serve as an advance. This deposit shall be refunded to the depositor on demand after settling his accounts. Such deposit shall be taken in the case of existing connections also.

4 For every meter installed by the Municipality or Government to premises and kept in working condition, the following rates of meter rent shall be levied per month in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged.

	Rs. a. p.

3" meter ..	2 8 0	

5 Testing of Meters—Any person disputing the accuracy of the meter may apply to the authorised officer who shall on payment of a fee of Rupee One per test direct the testing of meter. If on actual test the quantity registered by the meter, is in excess of the correct quantity by more than 5 per cent, the testing fees shall be refunded and a proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed, if the excess is five per cent and below and the testing fee shall not also be refunded.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of Rupee one for every 1,000 gallons so consumed. Fraction of 1,000 gallons shall not be charged for, if it be 500 gallons or less but the excess over 500 gallons, if any, shall be charged for as if it were 1,000 gallons.

A flat rate of Rs. 2 on all ½" connections and Rs. 3 on all ¾" connections shall be charged until such time water meters are introduced in this town.

7 Non-domestic purpose.—Non-domestic concerns shall not be entitled to free allowance of all the water supplied to such premises shall be charged for as per the following schedule :—

Hotels and Restaurants. ...	Rs. 10
Colouring factories. ...	Rs. 10

The same rates shall apply to Government Industrial and Commercial concerns also.

8 Payment of water charges.—The excess water charges, meter rent, and other charges due under these rules shall be paid within fifteen days from the date of the bill at the office of the authorised officer on bills which shall be sent to the party within five days from the date of meter reading.

If the bills are not received within five days from the date of meter reading, the party may obtain duplicate bills from the supply office to enable him to make payment within the due date.

Non-receipt of bills shall not be accepted as an excuse of delay in payment. Payment should invariably be made in cash, money order, or postal orders but cheques for amount not less than Re. 1 drawn on local Banks such as Imperial Bank of India, the Mysore Bank, Co-operative Banks and Societies, shall be accepted in payment of dues.

Disconnections and Re-connection of service.—On failure of payment within the due date, the Department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount along with a penalty of Re. 1 in such cases.

This penalty will not be charged if disconnection is made at the request of the consumer subject to the condition that all the dues up to the date of disconnection are paid up on or before the due date.

Disconnections may not generally be made when the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next quarterly bill is preferred.

As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively postal money-order receipts or counterfoils of cheques when asked for by the officials of the Department who have been directed to effect disconnection of service in cases of default in payment.

No disconnection shall be made without first asking for the voucher in support of the payment made.

Cheques drawn on local Banks such as the Imperial Bank of India, Mysore Bank, Co-operative Banks and Societies shall be accepted but no cheques shall be accepted for sums less than a Rupee which shall be paid only in cash.

9 Payments claimed by the Departments even in some cases of dispute shall be made within the specified time subject to the grant of a refund on or after final decision by the Department.

10 Payment by Consumer or Owner.—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy:—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer in writing failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water provided however that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12 Claims for water charges etc., shall not become time barred merely by any dealy on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer atleast once immediately after the charges become due. Arrears of charges due if found irrecoverable by the department, will be recovered in the same manner as any other municipal dues under the Mysore Town Municipal Act, 1951.

13 The President shall when requested by the consumer in writing furnish a Memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items for any period subsequent to the preparation of the last bill in the office.

14 In cases of neglect or unwarranted delay to report wastage under the above rules, the President or the authorised officer may cut off the water connection without notice and follow it up with the official notice to the consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes the party may be charged at a concessional rate of 0-50 nP per 1,000 gallons for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance, the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or the Athorised Officer shall have power to cut off the connection between the supply and communication pipes in any one of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being posted on the houses or premises in case the consumer is not accessible.

(a) In defalut of payment of excess water charges, meter rents, or any other charges due under these rules which have been duly demanded previously through bills issued from the Office of the authorised Officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in the misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same.

(d) In case of allowing wastage of water even after the issue of a warning in advance.

(e) In the case of broken pipe or fitting causing or likely to cause heavy loss of water or damage of property.

(f) In the case of refusal to allow the President or the authorised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises.

(g) In case of any person wilfully or unauthorisedly permitting to any other person to take a connection from his supply.

(h) In case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government Building used for residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate payers, from the occupier direct as a liability against him. In the case of his default the head of the Department concerned under whose charge the building is left shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In case of Mosques, Churches, Temples and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free of cost.

Note.—(i) Only three taps will be allowed for each Institution.

If more than three taps are required, the Institution must pay for the excess water consumed at the rates charged under the rules.

(ii) The trustees of the Institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(iii) The staff of the Water Supply Department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(iv) Failure to attend to the defects pointed out will entail cutting off the water supply connection without further notice.

(v) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of the Government as and when they come into existence.

(vi) The above concessions shall not, however supply to the residential and other buildings attached to the institutions concerned, which will be governed by the general rules applicable to private buildings.

(*b*) *Charitable Institutions.*

(1) Chattrams.—The free allowance admissible in each case will be fixed by the Government on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50nP. per 1,000 gallons. A consolidated list of existing chattrams in the Town will be submitted to the Government by the President.

(2) Hospitals.—The free allowance for each Hospital shall be fixed on the merits of each case on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50 nP. per 1000 gallons.

Note.—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(*c*) *Burial and Cremation grounds.*

The water supplied to the burial and cremation grounds will be entirely free of cost.

19 The free allowance of water in the case of Jails shall be as follows :—

(1) Convicts.—6½ gallons per head per day.

(2) Resident Members on the estabjail lishment who have no separate water connection in their residental quarters—12½ gallons per head per day.

20 Jails.-The WaterSupply Department shall ascertain the strength of convicts and resident members of the jail establishment from time to time usually once a quarter and fix the free allowance accordingly.

21 Hostels.—The free allowance of water in the case of Hostels shall be 12½ gallons per boarder per day and the excess consumption charged for at a concessional rate of 0-50 nP. per 1,000 gallons in the case of free hostels and at rupee one per 1,000 gallons in the case of Hostels having paying boarders. The department shall get the statistics every quarter before the 10th of the month following that quarter.

22 Supply to Government Institution.—In the case of Government public buildings and institutions in which Government offices are held and which are not run on commercial or business or trade lines, the entire water consumed shall be charged for at 0-50 nP. per 1,000 gallons without any free allowance as the building are used solely for public purposes.

23 But when Government institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately. But two month's time shall be given to refer the matter to the Departmental Head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24 Water Supply out of Municipal limits.—In cases in which water supply is made to houses, premises, Industrial concerns, etc., outside the Municipal limits of the Town these rules shall apply *Mutatis mutandis*, except where such supply is controlled by a separate agreement with the Municipal Council.

No Houses, premises, Industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance. All water supplied shall be charged for at a rate of rupee one per 1,000 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges due to the Department or Council shall be recoverable from the consumer as arrears of land revenue.

5 No water cart or lorry shall take water from public fountains installed for *bona fide* domestic purposes. Water may be drawn for watering public roads, flushing drains and other Municipal purposes from duly metered public fountains and connections separately provided for the purpose at the cost of the Municipal Council.

6 The President or the Vice-President may subject to the conditions to be determined by him in this behalf, supply water for other than domestic purposes.

7 *Installation and removal of public fountains.*—Public fountains shall ordinarily be located at distances of not less than 600 feet apart. The President may remove or close or shift the public fountains in consultation with the Municipal Council.

The President or the authorised officer may close temporarily any public fountain found to be misused or contaminated.

8 *Erection of public fountain by private donors.*—Private individuals may be allowed to erect public street fountains for dedication to public use on the following conditions :—

(i) That their number is strictly restricted to *bona fide* public requirements of particular localities which shall be decided in consultation with the Municipal Council ;

(ii) That they shall be subject to the same condition as are applicable to other Municipal public fountains ;

(iii) That their maintenance and repair costs shall be borne by the Municipality in the absence of any specific donor ;

(iv) That their free and unobstructed use by the public for domestic purposes be duly safeguarded and no special privilege be claimed by the donor ; and

(v) that they are not placed close to any other public fountain at a distance of less than 600 feet.

9 *Application for house connections.*—The owner or consumer shall make an application for water connection in the form prescribed by the Department to the authorised officer through a licensed plumber. The application shall be accompanied by a certificate of ownership of the house of the Municipal assessment receipt with details of the annual rental value, the Municipal Deposit receipt for the road cutting of repair charges, a detailed estimate of cost of connections, and sketches of the several houses in the compound and the details of layout of the pipe service, in relation not only to the departmental distribution lines running close by, but also to the public and private drains, latrines, etc.

10 *Plumbers register of house connections.*—The plumber shall maintain a register of such applications sanctioned and completed and shall submit the same before the 5th of each month to the authorised officer.

11 *Plumber's notice for getting connection.*—The plumber executing the work shall give atleast two days notice to the authorised officer for getting connections with the Departmental distribution line.

12 *Service connection by whom given.*—The service connection shall be given by the authorised officer of his subordinate empowered by him in this behalf in the presence of the plumber and the consumer or owner.

13 *Connection to mains.*—Such connection with the Department public main shall be in accordance with the subsidiary rules issued from time to time by the department in this behalf.

14 The work shall not be commenced until after the departmental approval is communicated inwriting to the consumer or owner through the concerned licensed plumber.

15 *Quality of pipes and fittings.*—No person, shall for the purpose of conveying, delivering receiving or using the water supplied by the department, fix, fit or use any pipe, tap, valve cock, cistern or any other water fittings or sanitary applicances which shall not be the quality and strength prescribed by the department. No consumer or owner shall be entitled for the supply of water, unless and until such pipes and fittings and the laying and fixing thereof are approved by the authorised officer.

16 *Rates for materials and work.*—A schedule of rates chargeable for the materials and for the execution of work as in force at the time shall be kept by the department for the information of the consumers or owners.

17 *Specifications prescribed.*—The Department may by subsidiary rules, prescribe the size, nature, materials, workmanship strength and mode of arrangement, connection, disconnection, alteration and repair of pipes, meters, cocks, ferrules, valves, soil, pans, water closets, baths, cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow or tend to allow any waste undue consumption, misuse, erroneous measurement or contamination.

18 *Extension of connections.*—In cases where the consumer or owner applies for extension of the existing connections he shall not be required to alter or renew the fittings existing on the date of applications unless, in the opinion of the authorised officer, they are so defective or located in such a position as to cause or likely to cause obstruction to the water supplied by the department or result in waste, undue consumption misuse or contamination of the water.

19 *Communication of pipes.*—No premises which has been separately assessed to Municipal tax shall except with the special permission in writing of the president be supplied with water by more than one communication pipe.

20 *Conditions for a pipe connection.*—Every separately assessed domestic premises shall be entitled to have its own separate communication pipe, subject, however to the capacity and the pressure of the distribution of submain nearest to the premises permitting the grant of such connections.

21 *Connection from nearest distribution line.*—The water connection shall as a general rule, be taken from the nearest distribution line feeding the locality wherein the premises is situated. Special connections from other submains shall be subject to the express orders of the President.

22 The President or the authorised Officer may, if, at any time, he deems it necessary in the interests of the supply o alter the position of an existing connections with any public main or of the communication pipes or fittings thereof, direct such alteration after giving not less than two days notice in writing to the person concerned. The cost of all such alterations up to the departmental stop valve shall be borne by the Department.

23 Except under a written agreement with the department and subject to its conditions, no consumer shall fix, fit or use on any premises, any self acting sanitary or other outfit on the departmental water supply service line. Such a connection may not be granted by the department except when conditions of supply admit such extra consumption in the opinion of the officer in charge of the water supply.

24 *Accessibility.*—Every pipe or fitting within a building shall as far as practicable, be so placed as to admit of easy access, examination, repair or renewal.

25 *Departments stop cock on supply line.*—Every connection shall have, just outside the premises and in an easily accessible position, valve or gland or cock of the approved pattern with minimum diameter of ½ inch and not more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer. Such valve or cock if below the ground level shall be suitably protected by a box in the approved pattern, supplied to the consumer by the department at the consumer's cost.

Every such gland shall be provided with a detachable check nut, union joint near to it for facility of connecting or disconnecting service.

In the case of existing services where the original gland cocks are either far away from the premises or otherwise inaccessible separate additional gland cocks and check nut joints shall be provided by the consumers when and where required by the authorised officer.

26 *Communication and other pipes not to be laid through insanitary places.*—No communication or other pipe shall be laid so as to pass into or through any sewer, drain, laterine, manhole or ash pit or manure pit. Such pipe shall not be allowed to remain in contact with any foul smelling or injurious materials. In unavoidable cases adequate protection to the pipe shall invariably be provided by carrying it through an exterior cast iron tube or in any other suitable manner approved by the authorised officer.

27 *Depth of pipes underground.*—Pipes laid in open ground shall be atleast 1½ feet below the ground level.

28 Pipes intended to carry water supplied by the Department shall not be allowed to carry water supplied from any other source.

29 Storage Cisterns.—In every case where the water is to be supplied to a storage cistern, a suitable control value with an automatic arrangement for closing the inlet

shall be provided. In addition to this a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or departmental staff.

NOTE:—A warning pipe is a pipe fixed at the maximum water level of the cistern to indicate the overflow therefrom.

30 A storage cistern reservoir or storage tank shall be provided whith a dust and water proof cover and a ventilator and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from contamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised officer.

31 A cistern buried or excavated in the ground shall be provided with a reflux valve to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water tightness as well as the imperviousness of the cistern to outside contamination. The authorised officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noticed.

32 Unless otherwise specially authorised, no consumer shall be allowed to take water through any boiler, water-closet or sanitary appliances, except from a storage cistern of the approved specification.

33 Removal or alteration or extension of pipes.—The owner or consumer shall before starting the removal or alteration or extension of any pipe, give not less than 15 days notice there of to the authorised officer and deliver an application through a duly licensed plumber in the form prescribed by the Department.

34 Only licensed plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by the licensed plumbers.

35 Meters.—For every connection, there shall be provided at the cost of the Municipality or Government and maintained in due working order, a water meter for the accurate gauging of the water consumed provided that the authorised officer may dispense with such meters in the case of connections which, in the opinion of the Department are not likely to consume more water than the free allowance to be granted thereto.

36 The meter, shall wherever practicable be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules.

The President may, subject to the approval of the Council assess the damages caused and recover the same in the manner prescribed for the recovery of other damages.

37 Meter reading.—The meter shall be read between the 8th and the end of the month generally, between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the electric meter cards or in any safe and prominent portion of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly readings are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The Municipal Council reserves to itself the right to make its own tests, free of cost, at any time after giving due notice of the same to the consumer.

40 If on examination, any meter is found to be out of order, the consumption during the period since the last reading till the meter is required or a new meter installed shall be calculated at the average daily consumption of the last six months during which in the opinion of the authorised officer, the meter was recording properly and the consumption of water was not for any reasons abnormal.

41 Free allowance of water.—The free allowance of water consumed for domestic connection shall be regulated as follows :—

For every one rupee of the annual rental value of the premises, the authorised free allowance shall be 100 gallons per annum, but in no case, shall such free allowance be less than 3,000 gallons or more than 10,000 gallons per month. In the case of houses containing flushing latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrines, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government buildings used for residential purposes.

But in the case of Government residential buildings like police lines, Nurses Quarters, etc., the free allowance fixed is without restriction of the maximum limit.

42 In case of new premises, free allowance shall be granted from the date of municipal assessment has effect provided that the construction of work is over and the premises is used for *bona fide* domestic purposes. In the absence of the Municipal receipt for payment of assessment the minimum free allowance fixed under these bye-laws shall be allowed, provided that the construction work is over and the house or premises is occupied for domestic purposes. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal assessment.

43 Applications for the modifications in the quantity of free allowance allowed by the Department to any premises and noted on the bill sent every month shall be made within 15 days from the date of the bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Municipal Council assess a premises separately the Department may give a separate connection thereto. But where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(a) In the case of blocks of houses situated in one and the same compound and separately assessed by the Municipality and having only one meter supply connection where conditions do not admit of giving separate water supply connections on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however, to the minimum of 3,000 gallons and maximum of 10,000 gallons.

(b) In the case of a house, the assessment of which has been split up by the Municipality thereby entitling the owner to a separate water connection to each such sub-assessed house, it shall be incumbent on the owner to apply for a separate water connection to each sub-assessed house and where conditions do not permit of separate connections being given, due to insufficiency of main, etc., the free allowance shall be calculated on the total rental value of the block as a whole and not on the independent rental value of each such sub-assessed house in the block.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes the President

shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie, against the decision of the President to the Council whose decision shall be final.

47 Whenever the person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised officer. In case of his failure to do so, the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occurring during the period of non-intimation to the authorised officer.

48 Inspection of premises.—The authorised officer may enter any house, building or land to which water is supplied to examine if there be any waste or misuse of water or if there is dispute about the supply of water and for inspecting the water fittings for conveying, receiving, storing and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 5-30 P.M. and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details thereof.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice not less than three days be given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness. But the Municipal Council shall be responsible for reconditioning the road according to its original quality.

52 In the case of Municipal drains, structures, and other property which may have to be removed, the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, burst on pipe lines, fire or other causes, requiring immediate action on the part of the department.

54 The Executive Engineer or the authorised officer shall have power to stop or reduce the supply in the public main or sub-main for repairs or renewals without any notice on emergent occasions. But in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances, shall be given by beat of drum or other means.

55 Breaking up of a Municipal pavement, road on other property during pipe laying.— In every case where the Municipal pavement, drain road, manhole or other property is likely to be effected during the laying of the pipes for any premises the consumer or on his behalf the licensed plumber shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control. restrictions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalies recoverable for delay, inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

56 Removal of pipe fitting by consumer or owner.—Any consumer or owner may get his pipe removed provided he gives at least fifteen days notice through a licensed plumber to the President or the authorised Officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the Department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or *vice versa* or those which are out of use of otherwise defective, shall be removed and the connections properly sealed when required, by the authorised officer. Should the consumer or the owner fail to comply with such requisition, the authorised officer may enter any house or premises and execute the required work: and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connections prohibited.—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

59 All pipes, taps fitting, etc., forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main shall in the absence of any agreement to the contrary be the property of the owner of the said premises.

60 In the case, however, of the communication pipe and the stop cock the department shall have the liberty to operate them for purpose of management and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the department within or outside the premises shall be the property of the department.

61 Any public submain or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

62 Applicability of rules to public institutions.—The foregoing bye-laws and rules apply *mutatis mutandis* to all public institutions such as schools, colleges, hostels, hospitals and public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meter being paid for by the institution concerned at the rates prescribed.

63 Liability of the department for non-supply:—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, bursts, shut down of power and unusual drought or other unavoidable causes beyond its control.

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, DODBALLAPUR.

Notification dated 20th June 1963.

No. HCPR. 96/63-64. In supersession of all previous Rules in force, notice is hereby given under Schedule VII, Clause (b) of Section 62 of the Town Municipalities Act 1951, to the inhabitants of the Municipality of Dodballpur Town, that the Municipal Council, Dodballapur has resolved as per resolution No. 5 of 30th May 1963 to adopt and introduce the Model Rules framed by Government in their Notification No. L. 1854 Ml. 109-53-2, dated Bangalore, 11th May 1953 for the supply of water and levy, recover the water and other charges *as noted in the rules* in this Municipality.

Any inhabitant of the Municipality objecting to the introduction of the proposed rules and levy and collection of charges fixed by the Municipal Council send in his objections in writing to the Municipal Council Dodballapur. Objections received after the prescribed time will not be considered.

Rules framed to regulate supply of water and collection for the levy and recovery of charges by the Town Municipal Council, Dodballapur under Section 48 (1) (l) of Town Municipalities Act, 1951.

1 These rules shall be called the Rules for the supply of water in Town Municipalities.

2 The Owner or Consumer shall deposit with the authorised Officer, the cost of the attachment from the public main at the following rates.

		Rs.	
½" attachment or less	...	3-00	This is the maximum. The rate may be fixed by the Municipal Council.
¾" ,,	...	4-00	
1" ,,	...	5-00	
1¼" ,,	...	6-00	
1½" ,,	...	7-00	
1¾" ,,	...	8-00	
2" ,,	...	9-00	

with a uniform addition of Re. 1 for every increase in the size of the pipe by ¼" upto a maximum of 3".

3 Every application for water connection shall be accompanied by a deposit of not less than Rs. 10 the actual amount being determined by the Department in each case, in addition to the usual cost of attachment, road boxes etc., to serve as an advance. This deposit shall be refunded to the depositor on demand after settling his accounts. Such deposit shall be taken in the case of existing connections also.

4 For every meter installed by the Municipality or Government to premises and kept in working condition, the following rates of meter rent shall be levied per month in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged.

	Rs. a. p.	
½" ¾" and 1" meter	... 0 4 0	This is the maximum. The rate may be fixed by the Municipal Council.

1½" meter	... 0 11 0	
2" meter	.. 1 12 0	
2½" meter	... 2 5 0	
3" meter	.. 2 8 0	

5 Testing of Meters—Any person disputing the accuracy of the meter may apply to the authorised officer who shall on payment of a fee of Rupee One per test direct the testing of meter. If on actual test the quantity registered by the meter, is in excess of the correct quantity by more than 5 per cent, the testing fees shall be refunded and a proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed, if the excess is five per cent and below and the testing fee shall not also be refunded.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of Rupee one for every 1,000 gallons so consumed. Fraction of 1,000 gallons shall not be charged for, if it be 500 gallons or less but the excess over 500 gallons, if any, shall be charged for as if it were 1,000 gallons.

A flat rate of Rs. 2 on all ½" connections and Rs. 3 on all ¾" connections shall be charged until such time water meters are introduced in this town.

7 Non-domestic purpose.—Non-domestic concerns shall not be entitled to free allowance of all the water supplied to such premises shall be charged for as per the following schedule :—

Hotels and Restaurants.	... Rs. 10
Colouring factories.	... Rs. 10

The same rates shall apply to Government Industrial and Commercial concerns also.

8 Payment of water charges.—The excess water charges, meter rent, and other charges due under these rules shall be paid within fifteen days from the date of the bill at the office of the authorised officer on bills which shall be sent to the party within five days from the date of meter reading.

If the bills are not received within five days from the date of meter reading, the party may obtain duplicate bills from the supply office to enable him to make payment within the due date.

Non-receipt of bills shall not be accepted as an excuse of delay in payment. Payment should invariably be made in cash, money order, or postal orders but cheques for amount not less than Re. 1 drawn on local Banks such as Imperial Bank of India, the Mysore Bank, Co-operative Banks and Societies, shall be accepted in payment of dues.

Disconnections and Re-connection of service.—On failure of payment within the due date, the Department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount along with a penalty of Re. 1 in such cases.

This penalty will not be charged if disconnection is made at the request of the consumer subject to the condition that all the dues up to the date of disconnection are paid up on or before the due date.

Disconnections may not generally be made when the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next quarterly bill is preferred.

As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively postal money-order receipts or counterfoils of cheques when asked for by the officials of the Department who have been directed to effect disconnection of service in cases of default in payment.

No disconnection shall be made without first asking for the voucher in support of the payment made.

Cheques drawn on local Banks such as the Imperial Bank of India, Mysore Bank, Co-operative Banks and Societies shall be accepted but no cheques shall be accepted for sums less than a Rupee which shall be paid only in cash.

9 Payments claimed by the Departments even in some cases of dispute shall be made within the specified time subject to the grant of a refund on or after final decision by the Department.

10 Payment by Consumer or Owner.—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy:—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer in writing failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water provided however that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12 Claims for water charges etc., shall not become time barred merely by any dealy on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer atleast once immediately after the charges become due. Arrears of charges due if found irrecoverable by the department, will be recovered in the same manner as any other municipal dues under the Mysore Town Municipal Act, 1951.

13 The President shall when requested by the consumer in writing furnish a Memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items for any period subsequent to the preparation of the last bill in the office.

14 In cases of neglect or unwarranted delay to report wastage under the above rules, the President or the authorised officer may cut off the water connection without notice and follow it up with the official notice to the consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes the party may be charged at a concessional rate of 0-50 nP per 1,000 gallons for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance, the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or the Athorised Officer shall have power to cut off the connection between the supply and communication pipes in any one of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being posted on the houses or premises in case the consumer is not accessible.

(a) In defalut of payment of excess water charges, meter rents, or any other charges due under these rules which have been duly demanded previously through bills issued from the Office of the authorised Officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in the misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same.

(d) In case of allowing wastage of water even after the issue of a warning in advance.

(e) In the case of broken pipe or fitting causing or likely to cause heavy loss of water or damage of property.

(f) In the case of refusal to allow the President or the authorised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises.

(g) In case of any person wilfully or unauthorisedly permitting to any other person to take a connection from his supply.

(h) In case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government Building used for residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate payers, from the occupier direct as a liability against him. In the case of his default the head of the Department concerned under whose charge the building is left shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In case of Mosques, Churches, Temples and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free of cost.

Note.—(i) Only three taps will be allowed for each Institution.

If more than three taps are required, the Institution must pay for the excess water consumed at the rates charged under the rules.

(ii) The trustees of the Institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(iii) The staff of the Water Supply Department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(iv) Failure to attend to the defects pointed out will entail cutting off the water supply connection without further notice.

(v) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of the Government as and when they come into existence.

(vi) The above concessions shall not, however supply to the residential and other buildings attached to the institutions concerned, which will be governed by the general rules applicable to private buildings.

(b) *Charitable Institutions.*

(1) Chattrams.—The free allowance admissible in each case will be fixed by the Government on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50nP. per 1,000 gallons. A consolidated list of existing chattrams in the Town will be submitted to the Government by the President.

(2) Hospitals.—The free allowance for each Hospital shall be fixed on the merits of each case on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50 nP. per 1000 gallons.

Note.—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(c) *Burial and Cremation grounds.*

The water supplied to the burial and cremation grounds will be entirely free of cost.

19 The free allowance of water in the case of Jails shall be as follows :—

(1) Convicts.—6½ gallons per head per day.

(2) Resident Members on the establjail lishment who have no separate water connection in their residental quarters—12½ gallons per head per day.

20 Jails.-The WaterSupply Department shall ascertain the strength of convicts and resident members of the jail establishment from time to time usually once a quarter and fix the free allowance accordingly.

21 Hostels.—The free allowance of water in the case of Hostels shall be 12½ gallons per boarder per day and the excess consumption charged for at a concessional rate of 0-50 nP. per 1,000 gallons in the case of free hostels and at rupee one per 1,000 gallons in the case of Hostels having paying boarders. The department shall get the statistics every quarter before the 10th of the month following that quarter.

22 Supply to Government Institution.—In the case of Government public buildings and institutions in which Government offices are held and which are not run on commercial or business or trade lines, the entire water consumed shall be charged for at 0-50 nP. per 1,000 gallons without any free allowance as the building are used solely for public purposes.

23 But when Government institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately. But two month's time shall be given to refer the matter to the Departmental Head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24 Water Supply out of Municipal limits.—In cases in which water supply is made to houses, premises, Industrial concerns, etc., outside the Municipal limits of the Town these rules shall apply *Mutatis mutandis*, except where such supply is controlled by a separate agreement with the Municipal Council.

No Houses, premises, Industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance. All water supplied shall be charged for at a rate of rupee one per 1,000 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges due to the Department or Council shall be recoverable from the consumer as arrears of land revenue.

NOTIFICATIONS RELATING TO LOCAL SELF-GOVERNMENT

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, DODBALLAPUR.

Notification dated 20th June 1963.

No H.C. P. R. 96/63-64. In supersession of all previous bye-laws in force, notice is hereby given under Schedule VII Clause (b) of Section 62 of the Town Municipalities Act, 1951 to the inhabitants of the Municipality of Dodballapur Town that the Municipal Council, Dodballapur has resolved as per resolution No. 5 of 30th May 1963 to adopt and introduce the Model Bye-laws framed by Government in their notification No. L. 1854-Ml. 109-53-2 dated Bangalore, 11th May 1953 to regulate all matters and things connected with supply and use of water in the Municipality.

Any inhabitant of the Municipality objecting to the introduction of the proposed bye-laws may, within one month from the date of publication of this Notice and bye laws send his objections in writing to the Municipal Council, Dodballapur. Objections received after the prescribed time will not be considerad.

Bye-laws framed to regulate all matters and things connected with supply and use of water by the Town Municipal Council, Dodballapur, under Section 48 (1) (1) of the Mysore Town Municipalities Act, 1951.

1 These bye-laws shall be called Bye-laws for the supply of water in Town Municipalities.

2 Definition.—In these bye laws unless there is something repugnant in the subject or context.—

(i) 'Department' shall mean the Water Supply Department under the Municipal Council.

(ii) 'Authorised Officer' shall mean the officer-in-charge of the water supply and works connected therewith or any other officer authorised by the Town Municipal Council.

(iii) 'Consumer' shall mean any corporate body, person or persons consuming water supplied by the Department and shall include the owner of such premises as are supplied with water by the Department.

(iv) 'Licensed Plumber' hereinafter called 'Plumber' shall mean any person engaged in pipe laying and fitting and licensed by the Department under the rules framed by it in this behalf.

(v) 'Premises' shall mean any house or building inclusive of the grounds attached thereto or its part or any tenement thereof in respect of which water is supplied or applied for.

(vi) 'The departmental stop cock or valve' shall mean the gland cock or valve fixed outside the premises and supplied by the owner but operated by the department.

(vii) 'Supply pipe' shall mean that portion of the pipe line between the departmental stop valve nearest the main and the entrance to the premises.

(viii) 'Communication pipe' shall mean that portion of the pipe line between the main and the departmental stop valve.

(ix) 'Service pipe' shall mean that portion of the pipe laid within the premises.

(x) 'Storage cistern' shall mean any cistern for containing the departmentally supplied water but shall not include a cistern for storing hot water or water for flushing or other sanitary needs.

(xi) 'Sources and means of water supply' include any water supply installation and private wells which are used by the public.

(xii) The President in his absence the Vice-President or any other officer authorised by the Town Municipal Council may exercise and perform the duties provided in these bye-laws.

3 The water supply Department shall be responsible for all works connected with the supply of water to the places within the Muncipal area.

4 *Purpose of supply of water.*—The supply of water under the rules is intended ordinarily for *bona fide* domestic purpose and the water so supplied shall not be used for any other purpose without the previous permission in writing from the President or Vice-President of the Town Municipal Council.

A supply for '*bona fide* domestic purposes' shall mean a supply made to dwelling or residential quartars for drinking, cooking, bathing and such other domestic purposes and shall not include a supply for horses, or for washing carriages or a supply to any of the nondomestic concerns mentioned below :—

All institutions of an Industrial, Commercial or business nature and also Coffee Clubs, Restaurants, Tiffin Rooms, Hotels, Theatres, Clubs or recreation, Dairy Farms, Motor Garages, Stables etc., used for hire or business, nurseries, fruit or flower gardens and all premises where constructions or alterations of buildings are going on, and all premises which are taxed by the Municipality at rates other than those for dwelling houses shall be treated as non-domestic for the purposes of these bye-laws.

5 No water cart or lorry shall take water from public fountains installed for *bona fide* domestic purposes. Water may be drawn for watering public roads, flushing drains and other Municipal purposes from duly metered public fountains and connections separately provided for the purpose at the cost of the Municipal Council.

6 The President or the Vice-President may subject to the conditions to be determined by him in this behalf, supply water for other than domestic purposes.

7 *Installation and removal of public fountains.*—Public fountains shall ordinarily be located at distances of not less than 600 feet apart. The President may remove or close or shift the public fountains in consultation with the Municipal Council.

The President or the authorised officer may close temporarily any public fountain found to be misused or contaminated.

8 *Erection of public fountain by private donors.*—Private individuals may be allowed to erect public street fountains for dedication to public use on the following conditions :—

(i) That their number is strictly restricted to *bona fide* public requirements of particular localities which shall be decided in consultation with the Municipal Council ;

(ii) That they shall be subject to the same condition as are applicable to other Municipal public fountains ;

(iii) That their maintenance and repair costs shall be borne by the Municipality in the absence of any specific donor ;

(iv) That their free and unobstructed use by the public for domestic purposes be duly safeguarded and no special privilege be claimed by the donor and

(v) that they are not placed close to any other public fountain at a distance of less than 600 feet.

9 *Application for house connections.*—The owner or consumer shall make an application for water connection in the form prescribed by the Department to the authorised officer through a licensed plumber. The application shall be accompanied by a certificate of ownership of the house of the Municipal assessment receipt with details of the annual rental value, the Municipal Deposit receipt for the road cutting of repair charges, a detailed estimate of cost of connections, and sketches of the several houses in the compound and the details of layout of the pipe service, in relation not only to the departmental distribution lines running close by, but also to the public and private drains, latrines, etc.

10 *Plumbers register of house connections.*—The plumber shall maintain a register of such applications sanctioned and completed and shall submit the same before the 5th of each month to the authorised officer.

11 *Plumber's notice for getting connection.*—The plumber executing the work shall give atleast two days notice to the authorised officer for getting connections with the departmental distribution line.

12 *Service connection by whom given.*—The service connection shall be given by the authorised officer of his subordinate empowered by him in this behalf in the presence of the plumber and the consumer or owner.

13 *Connection to mains.*—Such connection with the Department public main shall be in accordance with the subsidiary rules issued from time to time by the department in this behalf.

14 The work shall not be commenced until after the departmental approval is communicated inwriting to the consumer or owner through the concerned licensed plumber.

15 *Quality of pipes and fittings.*—No person, shall for the purpose of conveying, delivering receiving or using the water supplied by the department, fix, fit or use any pipe, tap, valve cock, cistern or any other water fittings or sanitary appliances which shall not be the quality and strength prescribed by the department. No consumer or owner shall be entitled for the supply of water, unless and until such pipes and fittings and the laying and fixing thereof are approved by the authorised officer.

16 *Rates for materials and work.*—A schedule of rates chargeable for the materials and for the execution of work as in force at the time shall be kept by the department for the information of the consumers or owners.

17 *Specifications prescribed.*—The Department may by subsidiary rules, prescribe the size, nature, materials, workmanship strength and mode of arrangement, connection, disconnection, alteration and repair of pipes, meters, cocks, ferrules, valves, soil, pans, water closets, baths, cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow or tend to allow any waste undue consumption, misuse, erroneous measurement or contamination.

18 *Extension of connections.*—In cases where the consumer or owner applies for extension of the existing connections he shall not be required to alter or renew the fittings existing on the date of applications unless, in the opinion of the authorised officer, they are so defective or located in such a position as to cause or likely to cause obstruction to the water supplied by the department or result in waste, undue consumption misuse or contamination of the water.

19 *Communication of pipes.*—No premises which has been separately assessed to Municipal tax shall except with the special permission in writing of the president be supplied with water by more than one communication pipe.

20 *Conditions for a pipe connection.*—Every separately assessed domestic premises shall be entitled to have its own separate communication pipe, subject, however to the capacity and the pressure of the distribution of submain nearest to the premises permitting the grant of such connections.

21 *Connection from nearest distribution line.*—The water connection shall as a general rule, be taken from the nearest distribution line feeding the locality wherein the premises is situated. Special connections from other submains shall be subject to the express orders of the President.

22 The President or the authorised Officer may, if, at any time, he deems it necessary in the interests of the supply to alter the position of an existing connections with any public main or of the communication pipes or fittings thereof, direct such alteration after giving not less than two days notice in writing to the person concerned. The cost of all such alterations up to the departmental stop valve shall be borne by the Department.

23 Except under a written agreement with the department and subject to its conditions, no consumer shall fix, fit or use on any premises, any self acting sanitary or other outfit on the departmental water supply service line. Such a connection may not be granted by the department except when conditions of supply admit such extra consumption in the opinion of the officer in charge of the water supply.

24 *Accessibility*—Every pipe or fitting within a building shall as far as practicable, be so placed as to admit of easy access, examination, repair or renewal.

25 *Departments stop cock on supply line.*—Every connection shall have just outside the premises and in an easily accessible position, valve or gland or cock of the approved pattern with minimum diameter of ¾ inch and not more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer Such valve or cock if below the ground level shall be suitably protected by a box in the approved pattern, supplied to the consumer by the department at the consumer's cost.

Every such gland shall be provided with a detachable check nut, union joint near to it for facility of connecting or disconnecting service.

In the case of existing services where the original gland cocks are either far away from the premises or otherwise inaccessible separate additional gland cocks and check nut joints shall be provided by the consumers when and where required by the authorised officer.

26 *Communication and other pipes not to be laid through insanitary places.*—No communication or other pipe shall be laid so as to pass into or through any sewer, drain, latrine, manhole or ash pit or manure pit. Such pipe shall not be allowed to remain in contact with any foul smelling or injurious materials. In unavoidable cases adequate protection to the pipe shall invariably be provided by carrying it through an exterior cast iron tube or in any other suitable manner approved by the authorised officer.

27 *Depth of pipes underground.*—Pipes laid in open ground shall be a least 1½ feet below the ground level.

28 Pipes intended to carry water supplied by the Department shall not be allowed to carry water supplied from any other source.

29 Storage Cisterns.—In every case where the water is to be supplied to a storage cistern, a suitable control value with an automatic arrangement for closing the inlet

shall be provided. In addition to this a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or departmental staff.

NOTE:—A warning pipe is a pipe fixed at the maximum water level of the cistern to indicate the overflow therefrom.

30 A storage cistern reservoir or storage tank shall be provided with a dust and water proof cover and a ventilator and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from contamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised officer.

31 A cistern buried or excavated in the ground shall be provided with a reflux valve to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water tightness as well as the impeviousness of the cistern to outside contamination The authorised officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noted.

32 Unless otherwise specially authorised, no consumer shall be allowed to take water through any boiler, water-closet or sanitary appliances, except from a storage cistern of the approved specification.

33 Removal or alteration or extension of pipes.—The owner or consumer shall before starting the removal or alteration or extension of any pipe, give not less than 15 days notice there of to the authorised officer and deliver an application through a duly licensed plumber in the form prescribed by the Department.

34 Only licensed plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by the licensed plumbers.

35 Meters.—For every connection, there shall be provided at the cost of the Municipality or Government and maintained in due working order, a water meter for the accurate gauging of the water consumed provided that the authorised officer may dispense with such meters in the case of connections which, in the opinion of the Department are not likely to consume more water than the free allowance to be granted thereto.

36 The meter, shall wherever practicable be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules.

The President may, subject to the approval of the Council assess the damages caused and recover the same in the manner prescribed for the recovery of other damages.

37 Meter reading.—The meter shall be read between the 8th and the end of the month generally, between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the electric meter cards or in any safe and prominent portion of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly readings are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The Municipal Council reserves to itself the right to make its own tests, free of cost, at any time after giving due notice of the same to the consumer.

40 If on examination, any meter is found to be out of order, the consumption during the period since the last reading till the meter is required or a new meter installed shall be calculated at the average daily consumption of the last six months during which in the opinion of the authorised officer, the meter was recording properly and the consumption of water was not for any reasons abnormal.

41 Free allowance of water.—The free allowance of water consumed for domestic connection shall be regulated as follows:—

For every one rupee of the annual rental value of the premises, the authorised free allowance shall be 100 gallons per annum, but in no case, shall such free allowance be less than 3,000 gallons or more than 10,000 gallons per month. In the case of houses containing flushing latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrines, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government buildings used for residential purposes.

But in the case of Government residential buildings like police lines, Nurses Quarters, etc., the free allowance fixed is without restriction of the maximum limit.

42 In case of new premises, free allowance shall be granted from the date of municipal assessment has effect provided that the construction of work is over and the premises is used for *bona fide* domestic purposes In the absence of the Municipal receipt for payment of assessment the minimum free allowance fixed under these bye-laws shall be allowed, provided that the construction work is over and the house or premises is occupied for domestic purposes. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal assessment.

43 Applications for the modifications in the quantity of free allowance allowed by the Department to any premises and noted on the bill sent every month shall be made within 15 days from the date of the bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Municipal Council assess a premises separately the Department may give a separate connection thereto. But where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(a) In the case of blocks of houses situated in one and the same compound and separately assessed by the Municipality and having only one meter supply connection where conditions do not admit of giving separate water supply connections on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however, to the minimum of 3,000 gallons and maximum of 10,000 gallons.

(b) In the case of a house, the assessment of which has been split up by the Municipality thereby entitling the owner to a separate water connection to each such sub-assessed house it shall be incumbent on the owner to apply for a separate water connection to each sub assessed house and where conditions do not permit of separate connections being given, due to insufficiency of main, etc., the free allowance shall be calculated on the total rental value of the block as a whole and not on the independent rental value of each such sub-assessed house in the block.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes the President

shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie, against the decision of the President to the Council whose decision shall be final.

47 Whenever the person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised officer. In case of his failure to do so, the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occurring during the period of non-intimation to the authorised officer.

48 Inspection of premises.—The authorised officer may enter any house, building or land to which water is supplied to examine if there be any waste or misuse of water or if there is dispute about the supply of water and for inspecting the water fittings for conveying, receiving, storing and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 6-30 P.M. and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details thereof.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice not less than three days be given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness. But the Municipal Council shall be responsible for reconditioning the road according to its original quality.

52 In the case of Municipal drains, structures, and other property which may have to be removed, the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, burst on pipe lines, fire or other causes, requiring immediate action on the part of the department.

54 The Executive Engineer or the authorised officer shall have power to stop or reduce the supply in the public main or sub-main for repairs or renewals without any notice on emergent occasions. But in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances, shall be given by beat of drum or other means.

55 Breaking up of a Municipal pavement, road on other property during pipe laying.— In every case where the Municipal pavement, drain road, manhole or other property is likely to be effected during the laying of the pipes for any premises the consumer or on his behalf the licensed plumber shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control, restrictions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalies recoverable for delay, inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

56 Removal of pipe fitting by consumer or owner.— Any consumer or owner may get his pipe removed provided he gives at least fifteen days notice through a licensed plumber to the President or the authorised officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the Department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or *vice versa* or those which are out of use of otherwise defective, shall be removed and the connections properly sealed when required, by the authorised officer. Should the consumer or the owner fail to comply with such requisition, the authorised officer may enter any house or premises and execute the required work; and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connections prohibited.—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

59 All pipes, taps fitting, etc., forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main shall in the absence of any agreement to the contrary be the property of the owner of the said premises.

60 In the case, however, of the communication pipe and the stop cock the department shall have the liberty to operate them for purpose of management and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the department within or outside the premises shall be the property of the department.

61 Any public submain or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

62 Applicability of rules to public institutions.—The foregoing bye-laws and rules apply *mutatis mutandis*, to all public institutions such as schools, colleges, hostels, hospitals and public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meter being paid for by the institution concerned at the rates prescribed.

63 Liability of the department for non-supply:— Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, bursts, shut down of power and unusual drought or other unavoidable causes beyond its control.

5 Testing of Meters—Any person disputing the accuracy of the meter may apply to the authorised officer who shall on payment of a fee of Rupee One per test direct the testing of meter. If on actual test the quantity registered by the meter, is in excess of the correct quantity by more than 5 per cent, the testing fees shall be refunded and a proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed, if the excess is five per cent and below and the testing fee shall not also be refunded.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of Rupee one for every 1,000 gallons so consumed. Fraction of 1,000 gallons shall not be charged for, if it be 500 gallons or less but the excess over 500 gallons, if any, shall be charged for as if it were 1,000 gallons.

A flat rate of Rs. 2 on all ½" connections and Rs. 3 on all ¾" connections shall be charged until such time water meters are introduced in this town.

7 Non-domestic purpose.—Non-domestic concerns shall not be entitled to free allowance of all the water supplied to such premises shall be charged for as per the following schedule :—

Hotels and Restaurants.	... Rs. 10
Colouring factories.	... Rs. 10

The same rates shall apply to Government Industrial and Commercial concerns also.

8 Payment of water charges.—The excess water charges, meter rent, and other charges due under these rules shall be paid within fifteen days from the date of the bill at the office of the authorised officer on bills which shall be sent to the party within five days from the date of meter reading.

If the bills are not received within five days from the date of meter reading, the party may obtain duplicate bills from the supply office to enable him to make payment within the due date.

Non-receipt of bills shall not be accepted as an excuse of delay in payment. Payment should invariably be made in cash, money order, or postal orders but cheques for amount not less than Re. 1 drawn on local Banks such as Imperial Bank of India, the Mysore Bank, Co-operative Banks and Societies, shall be accepted in payment of dues.

Disconnections and Re-connection of service.—On failure of payment within the due date, the Department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount along with a penalty of Re. 1 in such cases.

This penalty will not be charged if disconnection is made at the request of the consumer subject to the condition that all the dues up to the date of disconnection are paid up on or before the due date.

Di connections may not generally be made when the ar ears due from any installation is less than rupee one, provided such arrears are paid up before the next quarterly bill is pr ferred.

As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively postal money-order receipts or counterfoils of cheques when asked for by the officials of the Department who have been directed to effect disconnection of service in cases of default in payment.

No disconn ction shall be made without first asking for the voucher in support of the payment made.

Cheques drawn on local Banks such as the Imperial Bank of India, Mysore Bank, Co-operative Banks and Societies shall be accepted but no cheques shall be accepted for sums less than a Rupee which shall be paid only in cash.

9 Payments claimed by the Departments even in some cases of dispute shall be made within the specified time subject to the grant of a refund on or after final decision by the Department.

10 Payment by Consumer or Owner.—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy:—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer in writing failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water provided however that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12 Claims for water charges etc., shall not become time barred merely by any dealy on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer atleast once immediately after the charges become due. Arrears of charges due if found irrecoverable by the department, will be recovered in the same manner as any other muncipal dues under the Mysore Town Municipal Act, 1951.

13 The President shall when requested by the consumer in writing furnish a Memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items for any period subsequent to the preparation of the last bill in the office.

14 In cases of neglect or unwarranted delay to report wastage under the above rules, the President or the authorised officer may cut off the water connection without notice and follow it up with the official notice to the consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes the party may be charged at a concessional rate of 0-50 nP per 1,000 gallons for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance, the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or the Athorised Officer shall have power to cut off the connection between the supply and communication pipes in any one of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being posted on the houses or premises in case the consumer is not accessible.

(a) In defalut of payment of excess water charges, meter rents, or any other charges due under these rules which have been duly demanded previously through bills issued from the Office of the authorised Officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in the misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same.

(d) In case of allowing wastage of water even after the issue of a warning in advance.

(e) In the case of broken pipe or fitting causing or likely to cause heavy loss of water or damage of property.

(f) In the case of refusal to allow the President or the authorised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises.

(g) In case of any person wilfully or unauthorisedly permitting to any other person to take a connection from his supply.

(h) In case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government Building used for residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate payers, from the occupier direct as a liability against him. In the case of his default the head of the Department concerned under whose charge the building is left shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In case of Mosques, Churches, Temples and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free of cost.

Note.—(i) Only three taps will be allowed for each Institution.

If more than three taps are required, the Institution must pay for the excess water consumed at the rates charged under the rules.

(ii) The trustees of the Institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(iii) The staff of the Water Supply Department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(iv) Failure to attend to the defects pointed out will entail cutting off the water supply connection without further notice.

(v) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of the Government as and when they come into existence.

(vi) The above concessions shall not, however supply to the residential and other buildings attached to the institutions concerned, which will be governed by the general rules applicable to private buildings.

(b) Charitable Institutions.

(1) Chattrams.—The free allowance admissible in each case will be fixed by the Government on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50nP. per 1,000 gallons. A consolidated list of existing chattrams in the Town will be submitted to the Government by the President.

(2) Hospitals.—The free allowance for each Hospital shall be fixed on the merits of each case on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of 0-50 nP. per 1000 gallons.

Note.—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(c) Burial and Cremation grounds.

The water supplied to the burial and cremation grounds will be entirely free of cost.

19 The free allowance of water in the case of Jails shall be as follows :—

(1) Convicts.—6½ gallons per head per day.

(2) Resident Members on the establishment who have no separate water connection in their residental quarters—12½ gallons per head per day.

20 Jails.—The WaterSupply Department shall ascertain the strength of convicts and resident members of the jail establishment from time to time usually once a quarter and fix the free allowance accordingly.

21 Hostels.—The free allowance of water in the case of Hostels shall be 12½ gallons per boarder per day and the excess consumption charged for at a concessional rate of 0–50 nP. per 1,000 gallons in the case of free hostels and at rupee one per 1,000 gallons in the case of Hostels having paying boarders. The department shall get the statistics every quarter before the 10th of the month following that quarter.

22 Supply to Government Institution.—In the case of Government public buildings and institutions in which Government offices are held and which are not run on commercial or business or trade lines, the entire water consumed shall be charged for at 0–50 nP. per 1,000 gallons without any free allowance as the building are used solely for public purposes.

23 But when Government institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately. But two month's time shall be given to refer the matter to the Departmental Head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24 Water Supply out of Municipal limits.—In cases in which water supply is made to houses, premises, Industrial concerns, etc., outside the Municipal limits of the Town these rules shall apply *Mutatis mutandis*, except where such supply is controlled by a separate agreement with the Municipal Council.

No Houses, premises, Industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance. All water supplied shall be charged for at a rate of rupee one per 1,000 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges due to the Department or Council shall be recoverable from the consumer as arrears of land revenue.

OFFICE OF THE DIVISIONAL COMMISSIONER, BELGAUM DIVISION, BELGAUM.

Notification dated 24th August 1963.

PROCLAMATION.

No. GB/MUN. 74/63-64. The following draft of a notification, which it is proposed to issue in exercise of the powers conferred on the Divisional Commissioner by Section 17 (1) of the Bombay District Municipal Act, 1901, is published as required by the proviso to sub-section (1) of Section 17 of the said Act, for the information of the voters entitled to vote at the Municipal Elections in the Mahalingapur Municipal District and notice is hereby given that the draft notification will be taken up for consideration on or after 14th September 1963. Any voter who entertains any objection to the said proposal may send it in writing so as to reach the Divisional Commissioner, Belgaum, before that date.

DRAFT NOTIFICATION.

Whereas the term of Office of the present councillors of the Mahalingapur Municipality in Bijapur District is due to expire on 4th October 1963 and whereas it is desirable for the following reasons that it should be extended, it is hereby notified under sub-section (1) of Section 17 of the Bombay District Municipal Act, 1901 that the current term of the Councillors of the said Municipality shall extend up to the inclusive of 4th March 1964.

Proposals for reconstitution of wards of Mahalingapur Municipality have been sent to Government under this office No. GB/MUN. 74/63-64, dated 26th July 1963. Action for preparation of the voters list and for holding the elections can be taken on receipt of Government sanction for reconstitution of wards. A period of at least 91 days is required for completing the elections to the Board and also to the offices of the President and Vice-President. It is, therefore, necessary to extend the term of the Present Board up to and inclusive of 4th March 1964.

Every such gland shall be provided with a detachable chuck nut union joint near to it for facility of connecting or disconnecting service. In the case of existing services where the original gland cocks are either far away from the premises or otherwise inaccessible, separate additional gland cocks and check nut joints shall be provided by the consumers when and where required by the authorised officer.

26 Communication and other pipes not to be laid through insanitary places—. No communication or other pipe shall be laid so as to pass into or through any sewer, drain, latrine, manhole, or ashpit or manure pit. Such pipe shall not be allowed toremain in contact with any foul smelling or injurious materials. In unavoidable cases, adequate protection to the pipe shall invariably be provided by carrying it through an exterior cast-iron tube or in any other suitable manner approved by the authorised officer.

27 Depth of pipes underground.—Pipes laid in open ground shall be at least one and half feet below the ground level.

28 Pipes intended to carry water supplied by the department shall not be allowed to carry water supplied from any other sources.

29 Storage cisterns.— In every case where the water is to be supplied to a storage cistern, a suitable control valve with an automatic arrangement for closing the inlet shall be provided. In addition to this, a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or departmental staff.

30 A storage cistern, reservoir or storage tank shall be provided with a dust and water proof cover and a ventilator and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from contamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised officer.

31 A cistern buried or excavated in the ground shall be provided with a reflux valve to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water-tightness as well as the imperviousness of the cistern to outside contamination. The authorised officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noticed.

32 Unless otherwise specially authorised, no consumer shall be allowed to take water through any boiler, water closet or sanitary appliances, except from a storage cistern of the approved specification.

33 Removal or alteration or extension of pipes.—The owner or consumer shall before starting the removal or alteration or extension of any pipe, give not less than 15 days' notice thereof to the authorised officer ,and delever an application through a duly licensed plumber in the form prescribed by the department.

34 Only licensed plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by the licensed plumbers.

35 Meters.— For every connection, there shall be provided at the cost of the Municipality or Government and maintained in due working order, a water meter for the accurate gauging of the water consumed provided that the authorised officer may dispense with such meters in the case of connections which, in the opinion of the Department are not likely to consume more water than the free allowance to be granted thereto.

36 The meter, shall wherever practicable be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules The President may, subject to the approval of the Council assesses the damages caused and recover the same in the manner prescribed for the recovery of other charges.

37 Meter reading.—The meter shall be read between the 8th and the end of the month generally, between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the Electric meter cards or in any safe and prominent portion of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly reading are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The Council reserves to itself the right to make its own tests, free of cost, at any time after giving due notice of the same to the consumer.

40 If on examination, any meter is found to be out of order, the consumption, during the period since the last reading till the meter is repaired or a new meter installed, shall be calculated at the average daily consumption of the last six months during which in the opinion of the authorised officer, the meter was recording properly and the consumption of water was not for any reasons abnormal.

41 Free allowance of water.—The free allowances of water consumed for domestic connection shall be regulated as follows:—

For every one rupee of annual rental value of the premises, the authorised free allowance shall be 100 gallons per annum, but in no case, shall each free allowances be less than 3,000 gallons or more than 10,000 gallons per month. In the case of houses containing flushing, latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrine, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government buildings used for residential purposes.

But in the case of Government residential buildings like Police Lines, Nurses Quarters, etc., the free allowance fixed is without restriction of maximum limit.

42 In case of new premises, free allowance shall be granted from the date of municipal assessment has effect provided that the construction of work is over and the premises is used for *bona fide* domestic purposes. In the absence of the Municipal receipt for payment of assessment the minimum free allowance fixed under these Bye-laws shall be allowed, provided that the construction work is over and the house or premises occupied for domestic purpose. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal assessments.

43 Application for modifications in the quantity of free allowance allowed by the Department at any premises and noted on the bill sea every month shall be made within 15 days from the date of the bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Council assess a premises separately the Department may give a separate connection thereto. But where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(a) In the case of blocks of houses situated in one and the same compund and separately assessed by the Municipality and having obly one meter supply connection where conditions on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however, to the minimum of 3,000 gallons and maximum of 10,000 gallons.

(b) In the case of house the assessment of which has been split up the Municipality thereby entitling the owner to a separate water connection to each such sub-assessed house it shall be incumbent on the owner to apply for a separate water connection to each sub-assessed house; and where conditions do not permit of separate connections being given, due to insufficiency of main, etc, the free allowance shall be calculated on the independent rental value of each such sub-assessed house in the block.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes the President shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie against the decision of the President of the Council whose decision shall be final.

47 Wherever a person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised officer. In case of his failure to do so, the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occurring during the period of non-intimation to the authorised officer.

48 Inspection of premises.—The authorised officer, may enter any house, building or land to which water is supplied to examine if there be any waste, or misuse of water or if there is dispute about the supply of water and for inspecting the water fittings for conveying, receiving, storing and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 5-30 P.M., and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer, or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage, with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details therof.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice of not less than three days is given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness, but the Municipal Council shall be responsible for reconditioning the road, according to its original quality.

52 In the case of Municipal drains, structures and other property which may have to be removed the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, bursts on pipe lines, fire are other causes requiring immediate action on the part of the department.

54 The Executive Engineer or the authorsed officer shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice on emergent occasions. But, in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances shall be given by beat of drum or other means.

55 Breaking up Municipal pavement, road, or other property during pipe laying.—In every case where the Municipal pavement, drain road, manhole or other property is likely to be effected during the laying of the pipes for any premises, the consumer or on his behalf, the licenced plumber, shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control, restructions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalties recoverable for delay, inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

56 Removal of pipe fitting by consumer or owner.—Any consumer or owner may get his pipe removed provided he gives at least fifteen days' notice through a licensed plumber to the President or the authorised officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the department shall be used only for the specific purposes permitted.

Any fitting and branch pipes for non-domestic use on a domestic supply or *vice versa* or these which are out of use or otherwise defective, shall be removed and the connections properly sealed when required by the Chief Officer. Should the consumer or the owner fail to comply with such requistion, the authorised officer may enter any house or premises and executive the required work, and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connection prohibited.—Hose pipes shal not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for every such pipe shall have a gland cock at the delivery end.

59 In the case however, of the communication pipe and the stop cock, the department shall have the liberty to operate them for purposes of management and control. The meters or other appliances for measuring of limiting the amount water supplied which may be installed by the department within or outside the premises, shall be the property of the department.

60 Any public sub-main or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

61 Applicability of rules to public institutions.—The forgoing Bye-laws and rules apply *mutatis mutandis* to all public institutions such as schools, colleges, hostels, hospitals, public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meters being paid for by the institutions concerned at the rates prescribed.

62 Liability of the department for non-supply.—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contarary to any penalty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, bursts, shut-down of power and unusual drought or other unavoidable causes beyond its control.

M. S. RAMACHANDRA RAO,
President.

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, MAGADI.

Dated 26th June 1963

As per schedule VII of Town Municipalities Act, 1951.

No. ML. OC. CI. PR. 151/63-64. Notice is hereby given for the information of the inhabitants of Magadi Town, that the Municipal Council, in their general meeting held on 9th March 1963 have resolved to adopt "Water Supply Rules" as a new measure.

3 Every application for both domestic and Non-domestic water connection shall be accompanied by a deposit for having crediated two months minimum Water Supply charges in addition to the usual cost of attachment and Road Cutting charges as specified in Rule 2 (a) and (b) to serve as an advance. The deposit amount of two months minimum charges of water Supply shall be refunded to the depositor on demand after settling his accounts finally. The deposit amount of attachment and Road cutting charges shall in no case be refunded to the depositor. But if the application of the owner or consumer praying for a connection is not granted all the amount, deposited shall be refunded.

4 For every meter installed by the Muncipality or Government and kept in working conditions, the following rates of meter rent shall be levied per month in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged.

½", ¾", 1" ... 0 25 nP. per month.

5 Testing of Meters.—Any person disputing the accuracy of the meter may apply to the authorised officer who shall, on payment of a fee of Rupee one per test, direct the testing of the meter. If on actual test, the quantity registered by the meter is in excess of the direct quantity by more than 5 per cent, the testing fee shall be refunded, proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed if the excess is five per cent and below, and the testing fee shall not also be refunded.

(*a*) No owner or consumer either for domestic or for non-domestic purposes will be entitled to demand the connection for meters. It is entirely in the discretion of the President or the authorised officer. Rules stipulated in Rules 7 a infra will apply as minimum rates even if meters are provided.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of rupee one for every 1,000 gallons so consumed. Fractions of 1,000 gallons shall not be charged for, if it be 500 gallons or less. But the excess over 500 gallons, if any, shall be charged for, as if it were 1,000 gallons.

7 Non-Domestic Purposes.—Non Domestic concerns shall be entitled to free allowance of water. All the water supplied to such premises shall be charged for as per the following schedule.

For every 1,000 gallons of waterRs. 2 shall be charged Fractions of 1,000 gallons shall not be charged for if it be 500 gallons or less. But the exces over 500 gallons, if any, shall be charged for as if it were 1,000 gallons.

The same rates shall apply to Government Industrial and Commercial concerns also.

7 (*a*) Water rate when meters are not provided.—Where meters are not provided, the following flat rates shall be charged by the Municipality or Department for supply of water to consumers.

For Domestic purposes.

		Rs.	nP.	
½" Pipe	...	2	00	per month
¾" Pipe	...	3	00	,,
1" Pipe	...	5	00	,,

For Non-Domestic Purposes :

½" Pipe	...	8	00	per month
¾" Pipe	...	10	00	per month

Generally not more than 3 taps are admissible, for one Pipe connection. But excess taps will be charged at 50 nP. each over the usual rate per month.

8 Payment of Water charges.—(a) The Excess water charges, meter rent and other charges due under these rules for each month shall be paid at the Municipal Office on bills which shall be sent to the party within ten days from date of the bill or before 15th of every month. If the bills are not received within the 5th of each month, the party may obtain duplicate bills from the Municipal Office, to enable him to make payment within the due date. If the due date will be Holiday, the next working day will be treated as last date for receiving the water charges.

Non-receipt of the bill shall not be accepted as an excuse for delay in payment.

Where meters are not provided the water charges due under these rules for each month shall be paid on or before the 15th of the next following month.

Payments shall invariably be made in cash or by money orders only.

(b) Disconnection and Re-connection of Service.—On failure of payment within the due date, the department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount due along with a penalty of rupee one in such case.

( ) This penalty will not be charged if disconnection is made at the request of the consumer, subject to the condition that all the dues up to the date of disconnection are paid up on or before the due date.

(d) Disconnection may not generally be made where the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next bill is preferred.

(e) As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively postal money order receipts when asked for by the Officials of the department who have been directed to effect disconnection of service, in cases of default in payment.

(f) No disconnection shall be made without first asking for the voucher in support of the payment made.

(g) Recovery charges for Special supply of Water.—Where a special supply of water is to be made in accordance with Section 6 of the Bye-laws, the actual expenditure which the Department will have to incur in that behalf shall be recovered from the preson praying for the supply of the same.

9 Payments claimed by the Departments even in some cases of dispute shall be made within the specified time, subject to the grant of a refund on or after final decision by the Department.

10 Payment by consumer or owner.—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy.—All changes of ownership of tenancy of a premises should be intimated forthwith to the authorised officer in writing, failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water, provided hownver, that for any such sum recovered from the new tenant, he shall be entitled to credit in account with owner of the premises.

12 Claims for water charges, etc.—Claims for water charges, etc., shall not become time-barred merely by any delay on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer at least once immediately after the charges become due. Arrears of charges due, if found irrecoverable by the Department, will be recovered in the same manner as any other Municipal dues under the Mysore Town Municipalities Act, 1951.

13 The President, when requested by the consumer in writing, furnish a memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items, for any period subsequent to the preparation of the last bill in the office.

14 In case of neglect or unwarranted delay to report wastage under the above rule, the President or the Authorised Officer may cut off the water connection without notice and follow it up with an official notice to consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the Departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes the party may be charged at a concessional rate of 50 nP. per 1,000 gallons, for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or Authorised Officer shall have power to cut off the connection pipes in any one of the following cases provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being posted on the houses or premises in case the consumer is not accessible :—

(a) In default of payment of excess water charges, meter rents or any other charges due under these rules which have been duly demanded previously through bills issued from the office of the authorised officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or sanitary condition of the same.

(d) In case of allowing wastage of water even after the issue of a warning in advance.

(e) In the case of broken pipes or fittings causing or likely to cause heavy loss of water or damage to property.

(f) In the case of refusal to allow the President or the authroised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to premises.

(g) In case of any person wilfully or unauthorisedly permitting any other person to take a connection from his supply.

(h) In the case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government buildings used for residential or non-residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate-payers, from the occupier direct as a liability against him. In the case of his default, the Head of the Department concerned, under whose charge the building is left, shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In the case of Mosques, Churches, Temples and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free.

Note.—(1) Only two taps will be allowed for each installation. If more than two taps are required the institution must pay for the excess water consumed, at the rates charged under the rules.

(2) The trustees of the institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(3) The staff of the water supply department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(4) Failure to attend to the defects pointed out will entail cutting off of the water supply connection without further notice.

(5) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of Government as and when they come into existence.

(6) The above concession shall not, however apply to the residential and other buildings attached to the institutions concerned which will be governed by the general rules applicable to private buildings.

Till the approval of Government is obtained to the list of such religious institutions, the usual charges of domestic purposes will be collected.

(b) Charitable Institutions.

(1) Chatrams.—The free allowance admissible in each case will be fixed by the Government on the recommendation of Municipal Council and the excess consumption charged for at a concessional rate of annas eight per thousand gallons.

(2) Hospital.—The free allowance for each hospital shall be fixed on the merits of each case on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of annas eight per thousand gallons.

Note.—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(c) Burial and Cremation Grounds.

The water supplied to burial and cremation grounds will be entirely free of cost.

19 The free allowance of water in the case of Jails shall be as follows:—

(1) Convicts.—Six and a quarter gallons per head per day.

(2) Resident members on the Jail Establishment who have no separate water connection in their residential quarters: Twelve and a half gallons per head per day.

20 Jails.—The water supply department shall ascertain the strength of convicts and resident members of the jail establishment from time to time, usually once a quarter and fix the free allowance accordingly.

21 Hostels.—The free allowance of water in the case of hostels shall be 10 gallons per boarder per day and excess consumptions charged for at a concessional rate of annas eight per thousand gallons in the case of the free hostels and at Rupee one per thousand gallons in the case of hostels having paying boarders. They should get the statistics every quarter before the 10th of the month following that quarter.

22 Supply to Government Institutions.—In the case of Government public buildings and institutions in which Government Offices are held and which are not run on commercial or business or trade lines, the entire water consumed shall be charged for at Eight annas per thousand gallons without any free allowances, as the buildings are used solely for public purposes.

Note.—Till the meters are provided, the domestic water supply charges will be charged in respect of chatrams, Hospitals, Hostels and Government Institutions as charged in respect of rate payers.

23 But when Government Institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately but two months time shall be given to refer the matter to the departmental head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24 Water Supply out of Municipal Limits.—In cases in which water supply is made to houses, premises industrial concerns, etc., outside the Municipal limits of the Town, these rules shall apply *mutatis mutandis*, except where such supply is controlled by separate agreement with the Municipal Council.

No houses, premises, industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance. All water supplied shall be charged for at a rate of Re. 1 per 1,000 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges, due to the department of Council shall be recoverable from the consumer as arrears of land revenue.

....., *President.*

It is notified for the inhabitants of the Municipality of Magadi Town that the Municipal council at their meeting held on 9th March 1963 have resolved to adopt rules for the levy and recovery of water tax in this town limit of Magadi Municipality as defined below.

The draft rules will be taken into consideration by the Municipal council, Magadi on or after 25th of September 1963.

Any inhabitants of this Municipality objecting to the above Proposals of the Municipal council for adopting the rules for supply of water in this town may send his objections in writing to the Municipal Conucil, Magadi, within one month from the date of the publication of the Gazette objections received after that date will not be considered.

Rules for the levy and recovery of water tax in Town Municipalities.

1 A water rate at 6¼% (not exceeding the maximum prescribed in Schedule I F.) shall be levied on the rental value of lands and buildings by the Town Municipal Council.

2 The tax will be collected in advance in two half yearly instalments in the months of April and October of each year, in the same manner and by same agency as is entrusted with the collection of taxes on buildings and lands within the Municipal area.

3 A receipt shall be given for the tax paid and no refund of the tax paid shall be made under any circumstances unless it is shown as a double payment for the same period.

....., *President.*

Notification dated 29th July 1963.

No. C. R. 200/63-64. Notice is hereby given to the inhabitants of Mulbagal Town Municipality, that the Municipal Council, Mulbagal, at their meeting held on 27th June 1963 have resolved to adopt the Model Bye-laws for the registration of Births and Deaths in this Town Municipality for the first time.

Any inhabitant of the Municipality objecting to the proposed Model Bye-laws may on or before 24th October 1963 send objections or suggestions in writing to the Municipal Council, Mulbagal. The objections received after due date will not be considered.

The draft By-laws which are noted below will be taken into consideration on or after 25th October 1963.

The draft By-laws prepared are available in Municipal office, Mulbagal, for information of the public during working hours.

M. G. CHANDRASEKARAIAH, *President.*

In exercise of the powers conferred by Section 48 (1) (i) of the Mysore Town Municipalities Act, 1951, the Town Municipal Council, Mulbagal have resolved to make the following Model Bye-Laws for the registration of Births and Deaths in this Municipality.

Bylaws Relating To Registration of Births and Deaths

1 Definitions:—For the purpose of these bye-laws—

(a) The term "Division" means the area in which any Registrar of Births and Deaths is appointed to perfom his functions.

(b) The term "Occupier" includes any person for the time being paying or leable to pay to the owner, the rent or any portion of rent of the land or building in respect of which the word is used.

(c) The term "President" means the President of the Municipal Council for the time being.

(d) The term "Public Institution" includes a prison, Lockup, lunatic asylum, hospital, reformatory, industrial school, barrack or any charitable or other institution which is under the management of a public body, officer, or person.

(e) The term "Registrar" means and includes any person who may be appointed by the President as a Registrar of Births and Deaths for any division of the Municipality.

(f) The term "Registrar-General" means the Director of Public Health to the Government of Mysore for the time being and the "Deputy Registrar General" means the Superintendent of the Bureau of Vital Statistics for the time being.

(g) The term "still-born" or "still-birth" have reference to the child born after the 28th week of gestation as dead or apparently dead and not called back to life.

2 Appointment of Registrars.—For the proper registration of all births and deaths the Municipality shall be divided into Divisions and for every such Division a Registrar of Births and Deaths shall be appointed.

3 Registrar to Live in This Division :—Every Registrar shall reside at some Conveniently central place within the division of which he is the Registrar and shall cause his name with his designation as Registrar of Births and Deaths for the Division for which he is so appointed, in English and Kannada to be placed in some conspicuous place on or near the outer door of his office.

4 Temporary Arrangements During Illness or Absence of the Registrar :—In case the Registrar is unable for more than a week to attend to his duties on account of illness or other urgent cause, he shall report the fact to the President, who shall at once make temporary arrangements for the performance of the duties of the Registrar, and any person thus temporarily appointed shall be held to be the Registrar for the purpose of these bye-laws. The President shall report the arrangements made to the Registrar-General.

5 Information of Birth to be Given Within Seven days :—Information covering all the particulars specified in form No. V. S. 1 (a) appended shall be given to the Registrar of the division within one week after day of birth regarding every birth that takes place within the Municipal limits.

The duty of giving notice of births is laid, in the first instance, upon the father, provided that the child is legitimate and that the father is in Municipality.

In the absence of the father and in all cases of births of illegitimate children, the duty is laid on the mother provided her health permits.

Should both father and mother be unable or fail to give notice, the duty is laid on the Medical Officer or Midwife attending the mother. Where there is no Medical Officer or Midwife, the duty is laid upon the occupier of building in which the birth takes place.

6 Information of Death to be Given Within 36 Hours.—Information regarding the death of any person dying within the municipal limits, covering the several particulars prescribed in form No. V. S. 2 (b) appended, shall within 36 hours of such death, be given to the Registrar of the Division.

The duty of giving such notice is laid, in the first instance, upon the nearest relative of the deceased person who has been present during his illness.

Failing such relative, it is laid upon the Medical Officer who attended the deceased person.

Where there is no Medical Officer, the duty is laid upon the occupier of the building in which the death occurred.

7 Birth and Deaths occurring in public institutions to be notified by the officer-in-charge. The above bye-laws do not apply to the case of a birth or death occurring in a public institution. In that case, the duty of sending the notice is laid upon the officer-in-charge of the institution.

8 Particulars regarding dead bodies found exposed to be reported by the Police.—In cases of the discovery of dead bodies, whether of newly born children or otherwise, it shall be the duty of the Police Station Officer within whose jurisdiction any such body is found, to report to the Registrar, such particulars as are available, for the purpose of the entries to be made in the register of deaths as well as in the case of the bodies of newly born children in the register of births.

9 Priest and burial ground watchman to furnish information if required.—Should the President, so order, every person who conducts the funeral obsequies of any person dying within the municipal limit and any person who is placed in charge of a grave yard, burning ground or other place of burial or cremation, shall furnish the Registrar with such information as he may be required by the President to furnish regarding any funeral obsequies conducted by him or any burials or cremations that have taken place within the premises committed to his charge, as the case may be.

10 Registrar to register information without fee or reward and to inform himself of every birth and death.—Every Registrar shall inform himself carefully of every birth and death which takes place in his Division, and shall register, as soon as conveniently may be, after the event without fee or reward the particulars required to be registered under bye-law 11 touching every such birth or death, as the case may be, which has not been already registered.

11 Forms of births and deaths registers to be maintained in original, duplicate and triplicate.—The Register of Births shall be maintained in Form No. V.S. 1(b) and the Register of Deaths in Form No. V.S. 2(b) appended in original, duplicate and triplicate.

12 Entries to be numbered serially.—In each of these Regisetrs the occurrences registered shall be numbered serially, the series of numbers running from 1st January to 31st December. No entry shall be interpolated between two serial numbers.

13 Written information received by the Registrar be preserved for two years.—An information received by the Registrar in writing in connection with the registration of any birth or death shall be filed by him and preserved for two years.

14 Entries in respect of children born dead.—A special column in the Register of Births is provided for the entry of still-births which are not included in the statistics either of births or of deaths.

15 Entries in respect of children born alive which die before the birth is registered.—In the case of a child which is born alive but dies before its birth has been registered, the Registrar shall enter the birth, in the Register of Births and the death in the Register of Deaths.

16 Registers to be renewed once a year. Registers to be sent by the Director of Printing and Stationery in Mysore direct to Presidents for distribution to Registrars. Each Register shall consist of 1,098 pages 366 originals, 366 duplicates and 366 triplicates, and shall be used continuously for a period of one year. The Director of

Printing and Stationery in Mysore will print these Registers and issue them to the President for distribution to the Registers and concerned at least by the end of November of each year.

17 Triplicate copies to be sent daily to the President of the Municipality.—The triplicate pages which have been written up during every day shall be detached at the perforation and sent by the Registrar to the President of the Municipality before the close of the following day. The particulars shall thereupon be posted into the Consolidated Register of Births and Deaths, which shall be maintained in the Municipality.

If during any day no births or deaths have occurred the triplicate form should be sent with the remark "Nil" written thereon.

18 The President to collect the duplicate returns from Registrars and forward them to the Registrar General so as to reach him on or before the close of the third day following.—The duplicate pages should be similarly detached at the perforation and sent to the President, who, after scrutinising the returns carefully, should forward them in a bundle to the Registrar-General so as to reach him on or before the close of the third day following.

19 Check by President of regular receipt of returns.—A set of postings registers showing the names of Registrars will be maintained in the office of the President, in which the returns received will be posted as they come in; when these registers show that the return for any day is 48 hours overdue, a reminder will be sent to the Registrar. The President will take disciplinary action against Registrars who are frequently in default.

20 Process of sorting and abstracting the returns in the Central Statistical Office.—The returns received in the Central Statistical Office will be abstracted and posted into Registers for purposes of compilation.

21 Filing of returns permanently.—As soon as the required information has been abstracted and posted the returns for each month will be filed in racks. By the close of each year the returns will be transferred to records. The returns will be retained as permanent records.

22 Reviews to be published, weekly, monthly and quarterly.—The statistics so abstracted will be published for the information of the authorities concerned and of the public with a review of the same, weekly, monthly and quarterly.

23 The original register to be finally peposited in the office of the President.—Each register of original, shall be retained in the custody of the Registrar for one year after it is closed and shall then be sent to the President, who after careful scrutiny of all unattested erasures and alterations, shall file it as a permanent record.

24 Entries to be made in the birth register by midwives and vaccinators.—It shall be the duty of the Registrar to produce his register of births, before the midwife and the vaccinator and it shall be the duty of the midwife and the vaccinator respectively to enter their initials, with such remarks as may be called for against the cases in which they have attended at the birth of a child or vaccinated it, as the case may be.

25 To exercise supervision over registrars.—The District Health Officer, Senior Health Inspector and Junior Health Inspector as the case may be, shall constantly inspect the Registrar of Births and Deaths, make test checks by enquiry, instruct the Registrar as to the discharge of his duties and exercise a general supervision over the work of the Registrar. The registers shall be checked at least once a week by the Health Inspector and the entries verified should bear the initials of the checking officer with date of check.

26 Errors.—Every error found in the register of births or in the register of deaths shall be corrected by drawing a line through the original entry (but not so as to render it illegible) and writing the new entry above it, and the correction shall be fully signed and date by the Registrar, if the error be discovered by him, and by both the Registrar and the Checking Officer, if the error be discovered by the Checking Officer. All such corrections shall be duly intimated to the Registrar-General through the President, with the reasons therefor. The correction when approved by the Registrar-General will be made in the returns, filed in the Central Statistical Office, and due information will be sent to the President for informing the Registrars concerned.

Provided that no entry shall be corrected under this rule more than a year after entry has been made except with the previous sanction of the President.

27 When Registrar to give extract, free of charge.—The Registrar shall, as soon as the registration of birth of a child has been completed, give an application, free of all charges to the person who gives information of the birth, an extract under his hand from the register relating to such birth. For purposes of this bye-law the register will be the register of originals kept by the Registrar.

28 Search of Birth and Death Registers.—Any person may at any reasonable time, on payment of a fee of four annas for each visit, search any register of births and deaths. For purposes of bye-laws the register of births and deaths will be the returns sent daily by the Registrar through the President to the Registrar-General and filed in the Central Statistical Office.

29 Issue of birth and death certificates in cases registered under the new system.—Any person requiring a certificate of birth or death may put in an application, affixing a twenty-five naye Paise Court-fee stamp, and enclose an fifty naye Paise Court-fee stamp to be affixed to the certificate.

The application should state clearly—

(i) The name and name of the party in relation to whose birth or death, a certificate is required.

(ii) The date, month and year of occurreance.

(iii) The name of the street and the division where the event occurred, and

(iv) The postal address of the applicant for the sending the copy.

The application may be addressed either to the Registrar-General or the President, who will forward it to the Registrar-General. On receipt of such an application the Registrar-General will cause the duplicate return relating to the occurrence to be traced and a true copy of the same to be issued over his signature or that of the Deputy Registrar-General and sent, either directly to the party concerned, or to the President, to be given to the party concerned.

30 Penalty for omission to give information.—Any person whose duty is to give information under the proceeding bye-laws and who neglects or refuses to give such information or gives false information shall be liable on conviction to a fine not exceeding ten rupees.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer, or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage, with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details therof.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice of not less than three days is given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to the normal level and hardness, but the Municipal Council shall be responsible for reconditioning the road, according to its original quality.

52 In the case of Municipal drains, structures and other property which may have to be removed, the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rule shall not apply to cases of emergency occasioned by accidents, bursts on pipe lines, fire are other causes requiring immediate action on the part of the department.

54 The Executive Engineer or the authorised officer shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice on emergent occasions. But, in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances shall be given by beat of drum or other means.

55 Breaking up Municipal pavement, road, or other property during pipe laying.—In every case where the Municipal pavement, drain road, manhole or other property is likely to be effected during the laying of the pipes for any premises, the consumer or on his behalf, the licensed plumber, shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control, restructions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalties recoverable for delay, inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

56 Removal of pipe fitting by consumer or owner.—Any consumer or owner may get his pipe removed provided he gives at least fifteen days' notice through a licensed plumber to the President or the authorised officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the department shall be used only for the specific purposes permitted.

Any fitting and branch pipes for non-domestic use on a domestic supply or *vice versa* or these which are out of use or otherwise defective shall be removed and the connections properly sealed when required by the Chief Officer. Should the consumer or the owner fail to comply with such requistion, the authorised officer may enter any house or premises and executive the required work, and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connection prohibited.—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for every such pipe shall have a gland cock at the delivery end.

59 In the case however, of the communication pipe and the stop cock, the department shall have the liberty to operate them for purposes of management and control. The meters or other appliances for measuring of limiting the amount water supplied which may be installed by the department within or outside the premises, shall be the property of the department.

60 Any public sub-main or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operations and maintenance. The owner shall not have control over such lines.

61 Applicability of rules to public institutions.—The forgoing Bye-laws and rules apply *mutatis mutandis* to all public institutions such as schools, colleges, hostels, hospitals, public offices, etc., the supply allowed in each case free of charge being determined by the department and any excess used over and above the free supply as measured by the meters being paid for by the institutions concerned at the rates prescribed.

62 Liability of the department for non-supply.—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, bursts, shut-down of power and unusual drought or other unavoidable causes beyond its control.

8 Payment of Water charges.—(a) The Excess water charges, meter rent and other charges due under these rules for each month shall be paid at the Municipal Office on bills which shall be sent to the party within ten days from date of the bill or before 15th of every month. If the bills are not received within the 5th of each month, the party may obtain duplicate bills from the Municipal Office, to enable him to make payment within the due date. If the due date will be Holiday, the next working day will be treated as last date for receiving the water charges.

Non-receipt of the bill shall not be accepted as an excuse for delay in payment.

Where meters are not provided the water charges due under these rules for each month shall be paid on or before the 15th of the next following month.

Payments shall invariably be made in cash or by money orders only.

(b) Disconnection and Re-connection of Service.—On failure of payment within the due date, the department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount due along with a penalty of rupee one in such case.

(c) This penalty will not be charged if disconnection is made at the request of the consumer, subject to the condition that all the dues up to the date of disconnection are paid up on or before the due date.

(d) Disconnection may not generally be made where the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next bill is preferred.

(e) As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatievely postal money order receipts when asked for by the Officials of the department who have been directed to effect disconnection of service, in cases of default in payment.

(f) No disconnection shall be made without first asking for the voucher in support of the payment made.

(g) Recovery charges for Special supply of Water.—Where a special supply of water is to be made in accordance with Section 6 of the Bye-laws, the actual expenditure which the Department will have to incur in that behalf shall be recovered from the preson praying for the supply of the same.

9 Payments claimed by the Departments even in some cases of dispute shall be made within the specified time, subject to the grant of a refund on or after final decision by the Department.

10 Payment by consumer or owner.–All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy.–All changes of ownership of tenancy of a premises should be intimated forthwith to the authorised officer in writing, failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water, provided however, that for any such sum recovered from the new tenant, he shall be entitled to credit in account with owner of the premises.

12 Claims for water charges, etc.—Claims for water charges, etc., shall not become time-barred merely by any delay on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer at least once immediately after the charges become due. Arrears of charges due, if found irrecoverable by the Department, will be recovered in the same manner as any other Municipal dues under the Mysore Town Municipalities Act, 1951.

13 The President, when requested by the consumer in writing, furnish a memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items, for any period subsequent to the preparation of the last bill in the office.

14 In case of neglect or unwarranted delay to report wastage under the above rule, the President or the Authorised Officer may cut off the water connection without notice and follow it up with an official notice to consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the Departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes the party may be charged at a concessional rate of 50 nP. per 1,000 gallons, for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or Authorised Officer shall have power to cut off the connection pipes in any one of the following cases provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being posted on the houses or premises in case the consumer is not accessible :—

(a) In default of payment of excess water charges, meter rents or any other charges due under these rules which have been duly demanded previously through bills issued from the office of the authorised officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or sanitary condition of the same.

(d) In case of allowing wastage of water even after the issue of a warning in advance.

(e) In the case of broken pipes or fittings causing or likely to cause heavy loss of water or damage to property.

(f) In the case of refusal to allow the President or the authroised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to premises.

(g) In case of any person wilfully or unauthorisedly permitting any other person to take a connection from his supply.

(h) In the case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government buildings used for residential or non-residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate-payers, from the occupier direct as a liability against him. In the case of his default, the Head of the Department concerned, under whose charge the building is left, shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In the case of Mosques, Churches, Temples and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free.

Note.—(1) Only two taps will be allowed for each installation. If more than two taps are required the institution must pay for the excess water consumed, at the rates charged under the rules.

(2) The trustees of the institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(3) The staff of the water supply department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(4) Failure to attend to the defects pointed out will entail cutting off of the water supply connection without further notice.

(5) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of Government as and when they come into existence.

(6) The above concession shall not however apply to the residential and other buildings attached to the institutions concerned which will be governed by the general rules applicable to private buildings.

Till the approval of Government is obtained to the list of such religious institutions, the usual charges of domestic purposes will be collected.

(*b*) *Charitable Institutions.*

(1) Chattrams.—The free allowance admissible in each case will be fixed by the Government on the recommendation of Municipal Council and the excess consumption charged for at a concessional rate of annas eight per thousand gallons.

(2) Hospital.—The free allowance for each hospital shall be fixed on the merits of each case on the recommendation of the Municipal Council and the excess consumption charged for at a concessional rate of annas eight per thousand gallons,

Note.—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(*c*) *Burial and Cremation Grounds.*

The water supplied to burial and cremation grounds will be entirely free of cost.

19 The free allowance of water in the case of Jails shall be as follows:—

(1) Convicts.—Six and a quarter gallons per head per day.

(2) Resident members on the Jail Establishment who have no separate water connection in their residential quarters: Twelve and a half gallons per head per day.

20 Jails.—The water supply department shall ascertain the strength of convicts and resident members of the jail establishment from time to time, usually once a quarter and fix the free allowance accordingly.

21 Hostels.—The free allowance of water in the case of hostels shall be 10 gallons per boarder per day and excess consumptions charged for at a concessional rate of annas eight per thousand gallons in the case of the free hostels and at Rupee one per thousand gallons in the case of hostels having paying boarder. They should get the statistics every quarter before the 10th of the month following that quarter.

22 Supply to Government Institutions.—In the case of Government public buildings and institutions in which Government Offices are held and which are not run on commercial or business or trade lines, the entire water consumed shall be charged for at Eight annas per thousand gallons without any free allowances, as the buildings are used solely for public purposes.

Note.—Till the meters are provided, the domestic water supply charges will be charged in respect of chatrams, Hospitals, Hostels and Government Institutions as charged in respect of rate payers.

23 But when Government Institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately but two months time shall be given to refer the matter to the departmental head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24 Water Supply out of Municipal Limits.—In cases in which water supply is made to houses, premises industrial concerns, etc., outside the Municipal limits of the Town, these rules shall apply *mutatis mutandis*, except where such supply is controlled by separate agreement with the Municipal Council.

No houses, premises, industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance, All water supplied shall be charged for at a rate of Re. 1 per 1,000 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges, due to the department of Council shall be recoverable from the consumer as arrears of land revenue.

....., *President.*

It is notified for the inhabitants of the Municipality of Magadi Town that the Municipal council at their meeting held on 9th March 1963 have resolved to adopt rules for the levy and recovery of water tax in this town limit of Magadi Municipality as defined below.

The draft rules will be taken into consideration by the Municipal council, Magadi on or after 25th of September 1963.

PART III—Section 3

NOTIFICATIONS RELATING TO LOCAL SELF-GOVERNMENT

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, SORAB.

Notification dated 7th January 1963.

Notice in the Form of Schedule VII under Section 62(b) of the Mysore Town Municipalities Act, 1951.

No. MI. PR. 140-303/61-62. Notice is hereby given to the inhabitants of Sorab, Town Municipality, that the Municipal Council, Sorab at their meeting held on 28th February 1962, have resolved to impose and levy Octroi on animals and goods defined in the rules appended. These are the fresh rules based on the model rules framed by Government.

Any inhabitants of the Municipality objecting to the proposed tax may within one month from the date of publication of this Notice in the *Mysore Gazette*, send his objections, in writing, to the Municipal Council, Sorab, for consideration. Belated objections will not be considered.

In exercise of the powers conferred by Section 46 (2) of the Mysore Town Municipalities Act, 1951, the Town Municipal Council, Sorab, are pleased to make the Draft Rules for the levy and recovery of Octroi under section 61 (b) (iv) read with section 62 of the Mysore Town Municipalities Act, 1951.

1 Octroi shall be levied in respect of animals and goods or both, specified in the Schedule I to these rules at the rates noted against each (the items of Schedule and the rates are specified by the Town Municipal Council, Sorab).

2 The Octroi shall be paid at the time of import of the animals or goods to the Octroi Mutsaddi incharge of the Octroi Ookad. In case of disagreement as to the amount of Octroi duty payable by the importers of the goods imported within the Octroi limits, the Mutsaddi incharge of the Ookad shall cause the importers to take the goods before the President, or the Vice-President or the Executive Officer for the settlement of the duty to be paid.

3 When the goods have been examined at the Octroi Ookad, a pass in duplicate for such of the goods as are liable to Octroi duty shall be furnished to the importers by the Octroi Mutsaddi On receiving such pass, the importer shall forthwith bring the taxable goods to the Central Octroi Office, accompanied by a peon provided that, if the duty to which the goods are liable does not exceed Rs. 5, the Octroi Mutsaddi may receive such duty, and give to the importer a permit showing the nature and quantity of goods and the duty received provided also that in the case of goods imported by railway, the Inspector or other officer in charge of the Octroi Post at the railway station may in the same manner, receive duty not exceeding Rs 5.

4 When goods accompanied by a pass as aforesaid are brought to the Central Office, they may be unloaded and weighed or counted by the Officer in-charge of Octroi Office. Upon ascertainment of the amount of Octroi payable on the goods, the importer shall either pay the amount due and receive permit for the removal of goods or shall deposit the same in the Octroi Office. When the duty is paid as above, a permit shall be issued by the officer-in-charge of the Central Octroi Office for the removal of goods showing the quantity or weight of the goods, the duty paid in respect thereof and the date of payment. The fact of receipt shall also be noted on each copy of the duplicate pass, one copy of which shall be filed in the office and the other copy returned to the Octroi Post from which it was received. In case the importer wishes to re-export the goods at once, he shall do so only after obtaining a free export pass subjecting the goods to the escort of an Octroi subordinate.

5 With a view to facilitating the appraisement of the value of goods when the tax is assessed on value, the importer may be called upon to produce the invoice of the goods for the inspection of the Officer-in charge of the Central Octroi Office. Whenever the invoice produced by the importer is in a language other than English or Kannada, he shall produce a true copy of such invoice translated into English or Kannada and verified by the importer.

In case the importer does not produce an invoice he shall give a declaration in writing regarding the quantity, number, weight, value, *etc*, of the articles for clearence of Octroi duty should the importer fails or refuse to produce the invoice or if the invoice or the declaration produced appears to the officer-in charge of the Central Octroi Office to be false or unduly low, the value of the goods shall be assessed by the officer-in-charge of the Central Octroi Office at current rates and Octroi levied accordingly.

Explanation.—When the appraisement of the value of goods is made on the basis of the invoice, the value shall include all expenses such as packing charges, freight charges, cart hire, etc., less trade discount shown in the invoice.

6 With the previous approval of the President, in each case any carrying agent through whom goods are imported on behalf of persons resident within the Municipality or any wholesale importer may on depositing as security such amount not being less than Rs. 250 as may be fixed by the President, be exempted from producing the goods imported by him or through his agency for inspection at the Central Octroi Office, provided that he makes arrangement satisfactory to the President for the supply to the Municipal Office of correct and detailed lists of all such goods with the names of the consignees in each case. Every such agent shall be responsible to the extent of his deposit for the payment of Octroi on all goods which may have left his premises without octroi having been paid:

Provided that the President may at any time cancel such exemption by giving notice in writing to such agent or importer and return to him the amount of his deposit or such portion thereof, as may remain to his credit or may in any case require such agent or importer to produce any such goods for inspection at the Central Octroi Office.

Every deposit holder under this rule shall submit on or before the 3rd of every month, the stock accounts of the previous month for verification of the dutiable articles.

Deposition Room—Central Octroi Office.

(Bonded Warehouse)

7 The Municipal Council shall provide a Bonded Warehouse in the Central Octroi Office for the custody of goods which may be deposited under rule 3 of the Octroi rules.

8 The Bonded Warehouse shall be open for the transaction of business from 10-30 A.M. to 5-30 P.M. daily except on Sundays and holidays authorised by the President. Arrangements shall however be made by the Officer-in-charge of the Octroi Office for dealing with the perishable articles, such as betel leaves on such days.

130

9 Any importer depositing goods in the bonded warehouse shall unless the officer in charge of the Octroi Office has previously by weighing, counting or appraising ascertained the amount of Octroi payable thereon, give a declaration in the form appended (Schedule No. II) of the description weight, quantity and if necessary of the value of the goods.

10 A receipt in the form appended (Schedule No. III) shall be given by the officer in charge of the Central Octroi Office for all the goods diposited in the Bonded Ware House and a register of all such goods shall be maintained.

11 The receipt given by the Octroi Department for depositing the goods should be returned before taking delievery of the articles to which it referrs otherwise the Officer in charge of Central Octroi office may refuse to deliver the articles.

12 If the depositor does not himself take delivery of the articles deposited in the Octroi office, he must endorse on the receipt, a request for delivery to the person to whom he wishes it to be made, and if the receipt is not produced the delievery of the goods may be, at the description of the Officer in charge of Octroi Office, withheld untill the person entitled in his persons, to receive the same has given an indemnity to the satisfaction of the Officer in charge of Octroi Office.

13 Any person who has deposited goods in the Bonded Ware House may break the bulk or change the packing thereof on application to the Officer in charge of the Ware House or may, on paying full duty thereon import such goods into the Municipal limits covered by a permit or may export such goods immediately after the receipt into the Octroi Office free covered by an export pass subject to the escort of an Octroi subordinate, provided that new packages covered by such pass shall, if possible, before they are taken from the ware house be stamped by the Officer in charge so as to show that they are under deposit.

The export pass shall be in triplicate, the original being retained by the Officer in charge of the Ware House and the duplicate and triplicate delivered to the exporter.

14 No goods shall be allowed to leave the Ware House until storage fee has been paid thereon under the following rules:—

(a) Goods shall be allowed to remain 24 hours free of charge counted from sun rise to sun rise.

(b) After that period single rate as in the following table shall be charged for seven days are portion thereof.

(i) Articles other than cloth bundles—three nPs, per bag per day.

(ii) Cloth bundles—Twelve nP. per bundle per day.

(iii) Kerosine Oil, Petrol and other Oils—One nP. per tin per day.

(c) Double these rates shall be charged after seven days, provided that the President may in his discretion allow a reduction in or exemption from such double rates.

(d) The date of admission and removal of goods shall be reckoned as one day and sundays and closed holidays shall not be taken into account in reckoning the date from which fees under each class shall be payable. When the delay is caused by the inablility of the officer in charge of the deposit room to examine and pass the goods, such delay shall not be reckoned.

15 The President may permit any wholesale dealer to occupy a room in the Bonded Ware House for the storing of dutiable articles intended for sale to retail dealers in the Municipality and may make such rules regarding the occupation of such rooms as may from time to time be found necessary.

16 When goods stored by the whole sale dealer in the Bonded Ware House under the above rules are issued in payment of duty, such allowances may be made on the original weight on account of reduction of weight owing to driage on wastage as may from time to time be fixed by the President.

17 All perishable commodities remaining uncleared or unclaimed after 48 hours shall be sold by public auction to the highest bidder at the Ware House. All other goods remaining uncleared or unclaimed for a longer period than three months shall be sold in like manner, provided that, before selling such goods notice of that fact shall be posted for seven days at the Bonded Ware House and at the Municipal Office and provided that goods shall be sold earlier when the storage fees are likely to exceed their value.

18 When any goods are sold under Rule 17 of the Octroi rules the sale proceeds shall be creditted to the Municipal funds, in payment of duty and storage fees due in respect thereof, provided that if the amount realised by the sale exceeds the amount so done, the balance shall be kept in deposit for one year and any claim, for such balance received during that time shall be duty considered by the President. At the expiry of one year, or after all claims received during that period have been duly disposed of, the balance shall be creditted to Municipal funds. No claims shall be admitted after the said period of one year except by special permission of the Council.

19 The Municipal Council shall not be responsible for any damage that may be caused to goods deposited in the deposit room or while such goods are being passed into or out of the deposit room or while they remain therein unless such damage is proved to have been caused by the wilful neglect the deposit room keeper or other person charged with the safe custody of the goods.

20 Any person may with the sanction of President, be permitted to use any place as Bonded Ware House on payment of the cost of such establishment and subject to such condition, as may in each case be fixed by the President.

21 Exemption :—In the following cases, no Octroi shall be levied.

18 Extension of connection.—In cases where the consumer or owner applies for extension of the existing connections, he shall not be required to alter or renew the fittings existing on the date of applications, unless in the opinion of the authorised officer they are so defective or located in such a position as to cause or likely to cause obstruction to the water supplied by the Department or result in waste, under consumtion misuse or contamination of the water.

19 Communication of pipes.—No premises which has been separately assessed to Municipal tax shall except with the special permission in writing of the President be supplied with water by more than one communication pipe.

20 Conditions for a pipe connection.—Every separately assessed domestic premises shall be entitled to have its own separate communication pipe subject, however, to the capacity and the pressure of the distribution of submain nearest to the premises permitting the grant of such connections.

21 Connection from nearest distribution line.—The water connection shall as a general rule, be taken from the nearest distribution line feeding the locality wherein the premises is situated. Special connections from other submains shall be subject to the express orders of the President.

22 The President or the authorised officer may, if at any time he deems it necessary in the interest of the supply, to alter the position of an existing connection with any public main or of the communication pipes or fittings thereof, direct such alteration after giving not less than two days notice in writing to the persons concerned. The cost of all such alternations up to the Departmental stop valve shall be borne by the Department.

23 Except under a written agreement with the Department and subject to its conditions, no consumer shall fix, fit or use on any premises, any self-acting sanitary or other outfit on the Departmental water supply service lines. Such a connection may not be granted by the Department except when conditions of supply admit such extra consumption in the opinion of the officer in charge of the water supply.

24 Accessibility.—Every pipe or fitting within a building shall as far as practicable be so placed as to admit of easy access examination, repair or renewal.

25 Departments stop cock on supply line.—Every connection shall have just outside the premises and in an easily accessible position, a valve or gland or cock of the approved pattern with a minimum diameter of $\frac{1}{2}''$ and not more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer such valve or cock if below the ground level shall be suitably protected by a box in the approved pattern supplied to the consumer by the Department at the consumers cost.

Every such gland shall be provided with a detachable check nut union joint near to it for facility of connecting or disconnecting service at the consumers cost.

In the case of existing services where the original gland cocks are either far away from premises or otherwise inaccessible separate additional gland cocks and check nut joints shall be provided by the consumers when and where required by the authorised officer.

26 Communication and other pipes not to be laid through in sanitary places.—No communication or other pipe shall be laid so as to pass into or through any sewer drain latrine, manhole, or ashpit or mannurepit such pipe shall not be allowed to remain in contact with any fowl smelling or injurious materials. In unavoidable cases adequate protection to the pipe shall invaribly be provided by carrying it through an exterior cast iron tube or in any other suitable manner approved by the authorised officer.

27 Depth of pipes underground.—Pipe laid in open ground shall be at least $1\frac{1}{2}$ feet below the ground level.

28 Pipes intended to carry water supplied by the Department shall not be allowed to carry water supplied from any other source.

29 Storage cisterns.—In every case where the water is to be supplied to a storage cistern, a suitable control valve with an automatic arrangement, for closing the inlet shall be provided. In addition to this, a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or Departmental staff.

Note.—A warning pipe is a pipe fixed at the maximum water level of the cistern to indicate the overflow therefrom.

30 A storage cistern, reservoir or storage tank shall be provided with a dust and water proof cover and a ventilator and shall and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from cotamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised Officer.

31 A cistern buried or excaveted in the ground shall be provided with a reflux value to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water tightness as well as the imperviousness of the cistern to outside contamination. The authorised Officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noticed.

32 Unless,otherwise specially authorised, no consumer shall be allowed to take water through the boiler water closet or Sanitory appliances except from a storage cistern of the approved specification.

33 Removal or Alteration or Extension of Pipes.—The owner or consumer shall before starting the removal or alteration or extension of any pipe give not less than 15 days notice thereof to the authorised Officer and deliver an application through a duly licensed plumber in the form prescribed by the department.

34 Only Licensed Plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by licensed plumbers.

35 Meters.—For every connection, there shall be provided at the cost of the Municipality or Government and maintained in due working order a water meter for the accurate gauging of the water consumed provided that the authorised Officer may dispence with such meters in the case of connections, which in the opinion of the Department, are not likely to consume more water than the free allowance to be granted thereto.

36 The meter shall whenever practicable, be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules.

The President may, subject to the approval of the Council assess the damages caused and recover the same in the manner prescribed for the recovery of other charges.

37 Meter reading.—The meter shall be read between the 8th and the end of the month, generally between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the electric meter cards or in any safe and prominent position of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly readings are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The President, Town Municipal Council, Arsikere or any other Officer authorised by the President, reserves to itself the right to make its own tests. free of cost, at any time after giving due notice of the same to the consumer.

40 If, on examination, any meter is found to be out of order the consmption during the period since the last reading till the meter is repaired or a new meter installed, shall be calculated as the average daily consumption of the last six months during which in the opinion of the authorised Officer, the meter was recording properly and the consumption of water was not for any reason abnormal.

41 Free allowance of water.—The free allowance of water consumed for domestic connection shall be regulated as follows :—

For every one rupee of the annual rental value of the premises the authorised free allowance shall be 100 gallons per annum but in no case shall such free allowance be less than 3,000 gallons or more than 10,000 gallons per month. In the case of houses containing flushing latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrine, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government building used for residential purposes.

But in the case of Government residential buildings like police lines, nurses quarters, etc., the free allowance fixed is without restriction of the maximum limit.

42 In case of new premises, free allowance shall be granted from the date of Municipal Assessment has effected provided that the construction of work is over and the premises is used for bonafide domestic purpose. In the absence of the Municipal receipt for payment of assessment, the minimum free allowance fixed under these Bye-laws shall be allowed, provided that the construction work is over and the house or premises is occupied for domestic purposes. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal Assessment

43 Applications for modifications in the quantity of free allowances allowed by the Department to any premises and noted on the bill sent every month shall be made within fifteen days from the date of the Bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Municipal Council assess a premises seperately the Department may give a separate connection thereto. But where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(*a*) In the case of blocks of houses situated in one and the same compound and separately assessed by the Municipality and having only one meter supply connection, where conditions do not admit of giving separate water supply connections on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however to the minimum of 3,000 gallons and maximum 10,000 gallons.

(*b*) In the case of a house the assesment of which has been split up by the Municipality thereby entitling the owner to a separate water connection to each such sub-assessed house; it shall be incumbent on the owner to apply for a seperate water connection each sub-assessed house; and where conditions do not permit of separate water connections beinggiven, due to insufficiency of main, etc., the free allowance shall be calculated on the total rental value of the block as a whole and not on the independent rental value of each such sub-assessed houses in the block. If any arrears of houses tax are due on the house in question such house connection shall be disconnected and the water supply cannot be restored until the arrears are cleared.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes, the President shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie, against the decision on the President to the Council whose decision shall be final.

47 Whenever a person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised Officer. In case of his failure to do so the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occuring during the period of non-intimation to the authorised Officer.

48 Inspection of premises.—The authorised Officer may enter any house building or land to which water is supplied to examine if there be any waste, or misuse of water or if there is dispute about the supply of water and for inspecting

the water fittings for conveying, receiving staring and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 5-30 P.M. and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of Wastage of Water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes the consumer shall immediately telephone from the nearest police station or otherwise give immediate notice to the office of the authorised officer or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer the details thereof.

50 The water supply cut off by the Department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal Road, Drains and other Structures.—The President or the authorised officer may cut open any road for the purpose of laying new or repairing the existing pipe lines provided that previous notice of not less than three days is given to the Municipality for bringing the portion so cut up to the normal level and hardness.

The application for laying new or repairing existing pipe line should be accompanied by a Municipal receipt for having deposited road cutting charges at the following rates which is not refundable.

1	For cutting	non-metalled road	Rs. 2-00
2	Do	metal road	„ 4-00
3	Do	asphalted road	„ 8-00

But the Municipal Council shall be reponsible for re-conditioning the road, according to its original quality.

52 In the case of Municipal drains, structures and other property which may have to be removed the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to traffic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This rules shall not apply to cases of emergency occassioned by accidents, bursts on pipe lines fire or other causes requiring immediate action on the part of the Department.

54 The Executive Engineer or the authorised officer shall have power to stop or reduce the supply in any public main or submain for repairs or renewals without any notice on emergent occasions. But in ordinary cases when the stoppage is over an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances shall be given by beat of drum or other means.

55 Breaking up Municipal Pavement Road on other property during pipe laying.—In every case where the Municipal Pavement, drain road manhole or other property is likely to be effected during the laying of the pipes for any premises, the consumer or on his behalf the licensed plumber shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control, restrictions and obligations to the Municipal Council during the period of such work, as the Department itself is, including the liability for any penalties recoverable for delay, inconveniences and incomplete or unsatisfactory finishing the works connected with the effected portions.

56 Removal of Pipe Fitting by Consumer or Owner.—Any consumer or owner may get his pipe removed provided he given at least 15 days notice through a licensed plumber to the President or the authorised officer. Every such consumer shall compensate the Department for any injury or damage to the Departmental pipe lines.

57 Use of Water.—The water supplied by the Department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or *vice* versa or those which are out of use or otherwise defective, shall be removed and the connections properly sealed when required by the authorised officer. Should the consumer or the owner fail to comply with such requisition, the authorised officer may enter any house or premises and execute the required work and the expenses threof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose Pipe connection Prohibited. — Hose pipes shall not be used from any connections metered or unmetered except with the permission of the Department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

59 All pipes, taps fittings, etc. forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main shall in the absence of any agreement to the contrary be the property of the owner of the said premises.

60 In the case, however, of the communication pipe and the stop cock the department shall have the liberty to operate them for purposes of mangement and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the Department within or outside the premises, shall be the property of the Department.

61 Any public sub-main or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the Department for operations and maintenance. The owner shall not have control over such lines.

62 Applicability to Rules to Public Institutions.—The foregoing Byelaws and rules apply *mutatis mutandis* to all public institutions such as Schools, Colleges, Hostels, Hospitals, Public Offices etc., the supply allowed in each cases free of charge being determined by the Department and any excess used over and above the free supply as measured by the meters being paid for by the Institution concerned at the rates prescribed.

63 Liability of the Department for non supply—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water if such non-supply arises from accidents to pipe lines, bursts, shut-down of power and unusual drought or other unavoidable causes beyond its control.

½" and ¾" meter Re 0—4—0 per month.

(a) Until the meter arrangements are made and the following rates of water charges shall be charged :—

(1) ½" Water tap connection up to two taps for each house bearing only one Municipal number and this is not applicable for the house bearing double Municipal numbers.	Rs. 2 per month and extra of Re. 0—8—0 for each tap.
(2) ¾" Water tap connection up to two taps for each house bearing only one Municipal number and this is not applicable for houses bearing double Municipal numbers.	Rs. 3 per month of Re. 0—12—0 for extra each tap.

5 Testing Meters.—Any person disputing the accuracy of the meter may apply to the authorised officer who shall, on payment of a fee of rupee one per test, direct the testing of the meter. If on actual test, the quantity registered by the meter is in excess of the correct quantity by more than 5 per cent the testing fee shall be refunded and a proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed in the excess is five per cent and below and the testing fee shall not also be refunded.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of Rupee one for every 300 gallons so consumed. Fractions of 300 gallons shall not be charged for if it be 150 gallons or less but the excess over 150 gallons if any shall be charged for as if it were 300 gallons.

7 Non-domestic purposes.—Non-domestic purpose concerns shall not be entitled to free allowance of water. All the water supplied to such premises shall be charged for as per the following Schedule.

1 ½" tap connection Rs. 10 per month per tap and Rs. 1-50 for each extra tap.
2 ¾" tap connection Rs. 15 per month for Hostels, etc., and Rs. 2 for each extra tap.
3 ¾" tap connection Rs. 5 per month for Bakeries, sweetmeat shops and Aerated water factories.

The rates shall apply to Government industrial and commercial concerns also (water charges are exempted for the Municipal employees quarters.)

8 Payment of water charges.—The excess water charges meter rent and other charges due under these rules shall be paid within 15 days from the date of the Bill at the office of the authorised officer on bills which shall be sent to the party within five days from the date meter reading.

If the Bills are not received within five days from the date of meter reading the party may obtain duplicate bills from the supply office to enable him to make payment within the due date.

Non-receipt of the bills shall not be accepted as an excuse for delay in payment. Payment should invariably be made in cash, money orders or postal orders, but cheques for amount not less than Rupee one drawn on local Bank such as the Bank of Mysore etc., (available in the town) shall be accepted in payment of the dues.

9 Disconnection and re-connection of service.—On failure of payment within the due date, the Department reserves the right to cut off water supply to the premises and connection will be restores only on receipt of the amount along with a penalty of rupee one in such cases.

This penalty will not be charged if dis-connection is made at the request of the consumer, subject to the condition that all the dues up to the date of dis-connection are paid up on or before the due date.

Dis-connection may not generally be made when the arrears due from any installation is less then rupee one, provided such arrears are paid up before the next quarterly bill is preferred.

As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for dis-connection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively, postal money order receipts or counterfoils of cheques when asked for by the officials of the Department, who have been directed to effect dis-connection of service, in cases of default in payment. No dis-connection shall be made without first asking for the voucher in support of the payment made.

Cheques drawn on the local Banks, such as Bank of Mysore and locally available Banks shall be accepted but no cheques shall be accepted for sums less than Re. 1 which shall be paid only in cash.

Payments claimed by the Departments even in some cases of dispute shall be made within the specified time, subject to the grant of a refund on or after final decision by the Department.

10 Payment by Consumer or Owner.—All money due for water consumed meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of Change of Ownership or Tenancy.—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer in writing, failing which the new consumer or owner shall be liable to be proceded against recovery of all arrears connected with the supply of water provided however, that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12 Claims for water charges, etc., shall not become time-barred merely by any delay on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer at least once immediately after the charges become due. Arrears of charges due, if found irrecoverable by the Department, will be recovered in the same manner as any other Municipal dues under the Mysore Town Municipalities Act, 1951.

13 The President, shall when requested by the consumer in writing furnish a memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items for any period subsequent to the preparation of the last bill in the office.

14 In cases of neglect or unwarranted delay to report wastage under the above rules, the President or the authorised officer may cut off the water connection without notice and follow it up with an official notice to the consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A Bill of cost for such immediate repairs executed by the Departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes, the party may be charged at a concessional rate of eight anna per 300 gallons for such loss the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance, the premises are entitled to whichever is greater.

16 Power to Cut off the Connection.—The President or authorised officer shall have power to cut off the conpection between the supply and communication pipes in any one of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being pasted on the houses or premises in case the consumer is not accessible.

(a) In default of payment of excess water charges, meter rents or any other charges due under these rules which have been duly demanded previously through bills issued from the office of the authorised officer.

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in the misuses of such water.

(c) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same.

(d) In case of allowing wastage of water even after the issue of a warning in Advance.

(e) In the case of broken pipes or fitting causing or likely to cause heavy loss of water or damage to property.

(f) In the case of refusal to allow the President of the authorised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises.

(g) In case of any person wilfully or unauthorisedly permitting any other person to take a connection from his supply.

(h) In the case of contamination of water from storage cistern.

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals such as dogs, etc.

17 In the case of Government buildings used for residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate-payers, from the occupier direct as a liability against him. In the case of his default, the Head of the Department concerned under whose charge the building is left shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions. In the case of Mosques, Churches, Temples and other religious Institutions recognised as such by the Municipal Council and used by public, water shall be supplied free of cost.

Note:—(1) Only one tap will be allowed for each institution If more than one tap is required, the institution must pay for the extra tap or extra water consumed at the rates charged under the rules.

(2) The Trustees of institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and the water is not misused or wasted other than the purpose exempted.

(3) The staff of the water supply department shall inspect these institutions frequently and the defect, if any pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(4) Failure to attend to the defects pointed out will entail cutting off the water supply connection without further notice.

(5) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of Government as and when they come into existence.

(6) The above concession shall not, however, apply to the residential and other building attached to the institutions concerned, which will be governed by the General rules applicable to private buildings.

(b) Charitable Institutions:—(1) Chattrams : The free allowance admissible in each case will be fixed by the Government on the recommendation of the Municipal Council and the excess consumption charged for a concessional rate of annas eight per thousand gallons, a consolidated list of existing chattrams in the Town will be submitted to Government by the President.

2 Hospitals:—The free allowances for each hospital shall be fixed on the merits of each case on the recommendation of Municipal Council and excess consumption charged for at a concessional rate of annas eight per thousand gallons.

Note:—Government, however, reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(c) Burial and Cremation Grounds.—The water supplied to burial and cremation grounds will be entirely free of cost.

19 The free allowance of water in the case of jails shall be as follows :

1 Convicts.—Six and a quarter gallons per head per day.

2 Resident members on the jail establishment who have no separate water connection in their residential quarters—8 gallons per head per day.

145

20 Jails.—The Water Supply Department shall ascertain the strength of convicts and resident members of the jail establishment from time to time, usually once a quarter and fix the free allowance accordingly.

21 Hostels.—The free allowance of water in the case of Hostels shall be 6 gallons per boarder per day and excess consumption charged for at a concessional rate of annas eight per 500 gallons in the case of hostels having paying boarders. The department shall get the statistics every quarter before the 10th of the month following the quarter with the certificate of the District Educational Officer.

22 Supply to Government Institutions.—In the case of Government public buildings and institutions in which Government Offices are held and which are not run on commercial or business or trade lines, the entire water consumed shall be charged for at eight annas per 500 gallons without any free allowance, as the buildings are used solely for public purposes.

23 But when Government Institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately but two months time shall be given to refer the matter to the departmental head and obtain orders for recovery.

Should they continue to default even thereafter the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24 Water supply out of Municipal limits.—In cases in which water supply is made to houses, premises, industrial concerns, etc., outside the Municipal limits of the Town these rules shall apply *mutatis mutandis*, except where such water supply is controlled by a separate agreement with the Municipal Council.

No houses, premises, industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance. All water supplied limits shall be charged for at a rate of Re. 1 (one rupee) per 500 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges due to the Department or Council shall be recoverable from the consumer as arrears of Land Revenue.

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, YELANDUR.

Notification dated 24th August 1963.

No. H. C. 100/62-63. It is hereby notified for the information of the public that the Municipality of Yelandur has proposed to adopt the Bye-laws for the numbering and registration of vehicles in Town Municipalities. The draft bye-laws which are appended below will be taken into consideration by the Municipality on or after 23rd October 1963.

Any inhabitant of the Municipality objecting the proposed tax may within 23rd October 1963, send his objections in writing to the Municipal President. Objections received after that date will not be considered.

Bye-Laws for the numbering and registration of vehicles in Town Municipalities.

[Section 48 (1) (j) read with Section 66 of the Mysore Town Municipalities Act, 1951 (Mysore Act XXII of 1951].

1 Any person who is the owner of a carriage, bicycle or tricycle liable to taxation in the Municipality shall register such carriage, bicycle or tricycle at the Municipal Office within thirty days of these bye-laws coming into force, or within thirty days of his newly coming into possession of such carriage, bicycle or tricycle. He shall also, when he continues to be in possession of such carriage, bicycle or tricycle, renew the registration at the said office either for the half-year within thirty days from 1st April or thirty-one days from 1st October or for a year within 30 days from 1st April each year.

Explanation No. 1.— 'Owner' in these bye-laws includes the person in charge of possession for the time being of the carriage, bicycle or tricycle.

Explanation No. 2.—"Carriage" means any wheeled vehicle drawn by a horse, bullock or other animal or pushed or pulled by a man, but does not include tricycles constructed for use by Children below the age of twelve years and perambulators.

2 The above registration shall be made on payment of the yearly tax on such carriage, bicycle or tricycle as prescribed under the rules in force in the Municipality.

(a) The yearly tax is fixed as follows :—

(i) For every carriage drawn by horse or bullock Rs. 3.

(ii) Bicycle..... Rs. 3.

b) Any vehicle, animal or other property belonging to Government and used solely for public purposes and not used or intended to be used for purpose of profit, or any vehicle, animal or other property belonging to the Central Government, are exempted from tax.

3 A disc bearing the register number shall be issued free of cost, to each carriage, bicycle or tricycle thus registered. In the event of the disc being lost, a duplicate will be issued on payment of a fee of annas eight. In the case of carriages, the numbers will be painted prominently thereon.

4 No carriage, bicycle or tricycle thus registered shall be used without its number disc being conspicuously attached to it or the number being prominently painted thereon.

5 Any person who contravenes any of the foregoing bye-laws shall on conviction before a Magistrate, be punishable with a fine which may extend to Rupees fifty.

5 No water cart or lorry shall take water from public fountains installed for *bona-fide* domestic purpose. Water may be drawn for watering public roads, flushing drains and other Municipal purposes from duly metered public fountains and connections separately provided for the purposes, at the cost of the Municipal Council.

6 The President or the Vice-President may, subject to conditions to be determined by him in this behalf, supply water for other than domestic purposes.

(*a*) The maximum number of taps, that may be allowed ordinarily for each connection is noted below :—

(1) not more than 2 taps for every ½" connection and

(2) not more than 3 taps for every ¾" connection.

7 Installations and removal of public fountains :—Public fountains shall ordinarily be located at distance of

155

not less than 600 feet apart. The President may remove or close or shift the public fountains in consultation with the Municipal Council.

The President or the authorised officer may close temporarily any public fountain found to be misused or contaminated..

8 Erection of public fountains by private donors :— Private individulas may be allowed to erect public street fountains for dedications to public use on the following conditions:—

(i) that their number is strictly restricted to *bona-fide* public requirements of particular localities which shall be decided in consultation with the Municipal Council ;

(ii) that they shall be subject to the same conditions as are applicable to other Municipal public fountains;

(iii) that there maintenance and repair costs shall be borne by the Muncipality in the absence of any specific donor ;

(iv) that their free and unobstructed use by the public for domestic purposes be duly safeguarded and no special previlege be claimed by the donor ; and

(v) that they are not placed close to any other public fountain at a distance of less than 600'.

9 Application for house connections :—The owner or consumer shall make an application for water connection in the form prescribed by the department to the authorised officer through a licenced plumber. The application shall be accompanied by a certificate of ownership of the house, the Municipal assessment receipt with details of the annual rental value, the Muncipal deposit receipt for the road cutting or repair charges, a detialed estimate of cost of connections and sketches of the several houses in the compound and the details of layout of the pipe service, in relation not only to the departmental distribution lines running close by, but also to the public and private drains, laterines, etc.

10 Plumber's register of house connections :—The plumber shall maintain a register of such applications sanctioned and completed, and shall submit the same before the 5th of the each month to the authorised officer.

11 Plumber's notice for getting connection.—The plumber executing the work shall give at least two days notice to the authorised officer for getting connections with the departmental distribution line.

11 (*a*) Execution of all sanctioned connections should not be commenced after the expiry of three months from the date of sanction of such connections and renewal of sanction in such cases is necessary.

12 Service connection by whom given.—The service connection shall be given by the authorised officer or his subordinate empowered by him in this behalf, in the presence of the plumber and the consumer or owner.

13 Connection to mains.—Such connection with the department public main shall be in accordance with the subsidiary rules issued from time to time by the department in this behalf.

14 The work shall not be commenced until after the departmental approval is communicated in writing to the consumer or owner, through the concerned lincensed plumber.

15 Quality of pipes and fittings.—No person shall, for the purpose of conveying, delivering, receiving or using the water supplied by the department, fix, fit or use any pipe, tap, valve, cock, cistern or any other watter fittings or sanitary appliances which shall not be the quality and strength prescribed by the department. No consumer or owner shall be entitled for the supply of water, unless and until such pipes and fittings and the laying and fixing thereof are approved by the authorised officer.

16 Rates for materials and work.—A schedule of rate chargeable for the materials and for the execution of work as in force at the time, shall be kept by the department for the information of the cosumers or owners.

(*a*) Every application for water connection shall be accompanied by a deposit based on the rates that may be fixed by the Municipal Council from time to time towards the repairing charges of Municipal Road or Roads, that may be cut open in the execution of the work. This deposit is to ensure proper reconsolidation of the opened portion of the Roads. If the plumber whose duty is it to bring the portion so cut up to normal level and hardness attends to this work to the satisfaction of the authorised officer, the amount so deposited will be refunded to him. In some case the department may itself undertake the reconditioning of the Road and adjust the said deposit. If the actual cost of execution exceeds the deposited amount, the difference shall be recovered from the plumber

17 Specifications prescribed.—The department may, by subsidiary rules, prescribe the size, nature, materials, workmanship, strength and mode of arrangement, connection, disconnection, alteration and repair of pipes, meteres, cocks, ferrules, valves, soil pans, water closets, baths, cisterns and other apparatus and forbid any arrangements and use of any water fittings which may allow or tend to allow any waste, undue consumption, misuse, erroneous measurement or contamination.

18 Extension of connections.—In cases where the consumer or owner applies for extension of the existing connections, he shall not be required to alter or renew the fittings existing on the date of applications, unless in the opinion of the authorised officer, they are so defective or located in such a position as to cause or likely to cause obstruction to the water supplied by the department or result in waste, undue consumption, misuse or contamination of the water.

19 Communication of pipes.—No premises which has been separately assessed to Municipal tax shall except with the special permission in writting to the President be supplied with water by more than one communication pipe.

20 Conditions for a pipe connection.—Every separately assessed domestic premises shall be entited to have its own separate communication pipe, subject, however, to the capacity and the pressure of the distribution of sub-main nearest to the premisses permitting the grant of such connections.

21 Connection from nearest distribution line.—The water connection shall, as a general rule, be taken from the nearest distribution line feeding the locality wherein the premises is situated, special connections from other sub-mains shall be subject to the express orders of the President.

22 The President or the authorised officer may, if at any time, he deems it necessary in the interests of the supply, to alter the position of an existing connections with any public main or of the communication pipes or fittings therof direct such alteration after giving not less than two days notice in writing to the person concerned. The cost of all such alterations up to the departmental stop valve shall be borne by the department.

23 Except under a written agreement with the department and subject to its conditions, no consumer shall fix, fit or use on any premises, any self-acting sanitary or other outfit on the departmental water supply service line. Such a connection may not be granted by the department except when conditions of supply admit such extra consumption in the opinion of the officer-in-charge of the water supply.

24 Accessibility.—Every pipe or fitting within a building shall, as far as practicable, be so placed as to admit of easy access, examination, repair or renewal.

25 Department's stop-cock on supply line.—Every connection shall have, just outside the premises and in an easily accessible position, a valve or gland or cock of the approved pattern with minimum diameter of half an inch and not more than the diameter of the supply pipe. This valve or cock shall be supplied by the consumer. Such valve or cock, if below the ground level, shall be suitably protected by a box in the approved pattern supplied to the consumer by the department at the consumer's cost.

Every such gland shall be provided with a detachable chucknut union joint near to it for facility of connecting or disconnecting service.

In the case of existing services where the original gland cocks are either far away from the premises or otherwise inaccessible, separate additional gland cocks and checknut joints shall be provided by the consumers when and where required by the authorised officer.

26 Communication and other pipes not to be laid through insanitary places.—No communication or other pipe shall be laid so as to pass into or through any sewer, drain, latrine, manhole, or ashpit or mannure pit. Such pipe shall not be allowed to remain in contact with any foul smelling or injurious materials. In unavoidable cases, adequate protection to the pipe shall invariably be provided by carrying it through an exterior cast-iron tube or in any other suitable manner approved by the authorised officer.

27 Depth of pipes underground.—Pipes laid in open ground shall be at least one and half feet below the ground level.

28 Pipes intended to carry water supplied by the department shall not be allowed to carry water supplied from any other sources.

29 Storage cisterns.— In every case, where the water is to be supplied to a cistern, a suitable control valve with an automatic arrangement for closing the inlet shall be provided. In addition to this, a warning pipe shall also be fitted near to the cistern in such a manner that overflowing water from the same can be easily noticed by the consumer or departmental staff.

Note:—A warning pipe is a pipe fixed at the maximum water level of the cistern to indicate the overflow therefrom.

30 A storage cistern, reservoir or storage tank shall be provided with a dust and water-proof cover and a ventilator and shall be so placed as to admit of ready inspection and repairs and cleaning and shall be free from contamination. The position of the warning pipe of the cistern shall not be altered except with the approval of the authorised officer.

31 A cistern buried or excavated in the ground shall be provided with a reflux valve to prevent the back flow of the water to the pipe line and shall be so constructed as to ensure the water-tightness as well as the imperviousness of the cistern to outside contamination. The authorised officer may inspect and cut off the service to such a cistern whenever contamination or misuse or any defect in construction is noticed.

32 Unless otherwise specially authorised, no consumer shall be allowed to take water through any boiler, water closet or sanitary appliances, except from a storage cistern of the approved specification.

33 Removal or alteration or extension of pipes —The owner or consumer shall before starting the removal or alteration or extension of any pipe, give not less than 15 days' notice thereof to the authorised officer and deliver an application through a duly licensed plumber in the form prescribed by the department.

34 Only licensed plumbers to execute works.—All water connections or alterations or extensions or repairs to any water connection shall be done by departmental agency or by the licensed plumbers.

35 Meters.— For every connection, there may be provided at the cost of the Municipality or Government and maintained in due working order, a water meter for the accurate gauging of the water consumed provided that the authorised officer may dispense with such meters in the case of connections which, in the opinion of the Department are not likely to consume more water than the free allowance to be granted thereto.

36 The meter, shall wherever practicable be placed inside the premises of the consumer, who shall be held responsible for any damage or tampering with the meter. He shall be liable to pay the cost of making good such damages and to the penalty hereinafter imposed under the Rules The President may, subject to the approval of the Council assesses the damages caused and recover the same in the manner prescribed for the recovery of other charges.

37 Meter reading.—The meter shall be read between the 8th and the end of the month, generally between the hours of 7-30 A.M. and 4-30 P.M. and recorded on meter cards hung up by the side of the Electric meter cards or in any safe and prominent portion of the house. The consumer shall be responsible for the safety of the card.

38 Dispute about meter reading.—Protests or disputes connected with the meter reading shall be lodged within fifteen days after the monthly readings are recorded on the meter card mounted in the premises. No complaints received after this period shall be entertained.

39 The Municipal Council reserves to itself the right to make its own tests, free of cost, at any time after giving due notice of the same to the consumer.

40 If on examination, any meter is found to be out of order, the consumption, during the period since the last reading till the meter is repaired or a new meter installed, shall be calculated at the average daily consumption of the last six months during which, in the opinion of the authorised officer, the meter was recording properly and the consumption of water was not for any reason abnormal.

41 Free allowance of water.—The free allowances of water consumed for domestic connection shall be regulated as follows:—

For every one rupee of annual rental value of the premises, the authorised free allowance shall be 100 gallons per annum, but in no case, shall such free allowance be less than 3,000 gallons or more than 10,000 gallons per month. In the case of houses containing flushing, latrines, however, an additional free allowance of 750 gallons per month shall be allowed in respect of each such latrine, provided that the concession shall not apply to more than two such latrines in a single house or premises.

The same rates shall apply to Government buildings used for residential purposes.

But in the case of Government residential buildings like Police Lines, Nurses Quarters, etc., the free allowance fixed is without restriction of maximum limit.

41 (a) Notwithstanding anything contained in Bye-law No. 41, every metered domestic connection is liable to the payment of monthly minimum water charges equal to the flat rate that would have been recovered if the connection

157

had not been provided with a mater, in addition to the meter rent and other charges due under the water supply rules.

42 In the case of new premises, free allowance shall be granted from the date of municipal assessment has effect provided that the construction of work is over and the premises is used for *bona fide* domestic purpose. In the absence of the Municipal receipt for payment of assessment, the minimum free allowance fixed under these Bye-laws shall be allowed, provided that construction work is over and the house or premises occupied for domestic purposes. The correct free allowance shall be granted only on production of the said Municipal receipt. But in no case shall free allowance be granted for the period not covered by the Municipal assessment.

43 Application for modifications in the quantity of free allowance allowed by the Department to any premises and noted on the bill sent every month shall be made within 15 days from the date of the bill. No complaints received after this period shall be entertained.

44 Same premises with separate consumers.—Whenever the Municipal Council assess a premises separately, the Department may give a separate connection thereto. But where more than one building is existing on the same premises occupied by different consumers but under a single assessment no separate free allowance shall be given to each such undivided building.

45 Several houses supplied by one pipe.—(a) In the case of blocks of houses situated in one and the same compound and separately assessed by the Municipality and having only one meter supply connection where conditions do not admit of giving separate water supply conditionss on account of insufficiency of main, etc., the total rental value of the houses shall be taken into consideration for purposes of calculating free allowance, subject however, to the minimum of 3,000 gallons and maximum of 10,000 gallons.

(b) In the case of a house the assessment of which has been split up by the Municipality thereby entitling the owner to a separate water connection to each such sub-assessed house it shall be incumbent on the owner to apply for a separate water connection to each sub-assessed house; and where conditions do not permit of separate connections being given, due to insufficiency of main, etc, the free allowance shall be calculated on the total rental value of the block as a whole and not on the independent rental value of each such sub-assessed house in the block.

46 In the case of premises used partly for domestic and partly for any of the non-domestic purposes, the President shall decide the portion of the premises eligible for free allowance and fix the quantity thereof. An appeal shall lie, against the decision of the President to the Council whose decision shall be final.

47 Whenrever a person ceased to occupy the premises supplied with water or to use the water, he shall send a written notice to the authorised officer. In case of his failure to do so, the department may proceed against the person or the owner to recover any charges that may become due including those for excess consumption or wastages occurring during the period of non-intimation to the authorised officer.

48 Inspection of premises.—The authorised officer, may enter any house, building or land to which water is supplied to examine if there be any waste, or misuse of water or if there is dispute about the supply of water and for inspecting the water fittings for conveying, receiving, storing and measuring water or for removing the instruments belonging to the department. But this power of entry shall be exercised only between the hours 7-30 A.M. and 5-30 P.M., and at other times of the day with previous intimation of not less than six hours to the consumer or owner, or in his absence to the members of his family.

49 Report of wastage of water.—In every case where water supplied to a premises is observed to go to waste by leakage of pipes, the consumer shall immediately telephone from the nearest Police Station or otherwise give immediate notice to the office of the authorised officer, or to the water service stations of the water works so as to enable necessary action being taken temporarily to arrest the wastage, with the help of the departmental staff. The subsequent repairs can be effected through the licensed plumber after duly intimating to the authorised officer, the details there of.

50 The water supply cut off by the department shall not be restored as long as the wrongful act or omission for which the supply was cut off continues.

51 Power to cut up Municipal roads, drains and other structures.—The President or the authorised officer may cut open any road for purpose of laying new, or repairing the existing pipe lines provided that previous notice of not less than three days is given to the Municipality except in very emergent circumstances. He shall be responsible for bringing the portion so cut up to normal level and hardness, but the Municipal Council shall be responsible for reconditioning the road, according to its original quality.

52 In the case of Municipal drains, structures and other property which may have to be removed. the President or the authorised officer shall be responsible for their complete restoration.

53 Whenever more than half the road width has to be opened out or any serious and prolonged obstructions to trafic is likely to be caused, the President or the authorised officer shall cause a week's notice to be given. This Rule shall not apply to cases of emergency occasioned by accidents, bursts on pipe lines, fire or other causes requiring immediate action on the part of the department.

54 The Executive Engineer or the authorsed officer shall have power to stop or reduce the supply in the public main or sub-main for repairs or renewals without any notice on emergent occasions. But, in ordinary cases when the stoppage is over ,an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances shall be given by beat of drum or other means.

55 Breaking up of Municipal pavement, road or other property during pipe laying.—In every case where the Municipal payements drain, road, manhole or other property is likely to be effected during the laying of the pipes for any premises, the consumer or on his behalf, the licenced plumber, shall be responsible for giving sufficient notice thereof to the Municipal Council. He shall also subject to the same control, restrictions and obligations to the Municipal Council during the period of such work, as the department itself is, including the liability for any penalties recoverable for delay, inconveniences and incomplete or unsatisfactory finishing of the works connected with the affected portions.

56 Removal of pipe fitting by consumer or owner.—Any consumer or owner may get his pipe removed provided he gives at least fifteen days' notice through a licensed plumber to the President or the authorised officer. Every such consumer shall compensate the department for any injury or damage to the departmental pipe lines.

57 Use of water.—The water supplied by the department shall be used only for the specific purposes permitted.

Any fittings and branch pipes for non-domestic use on a domestic supply or *vice versa* or those which are out

of use or otherwise defective shall be removed and the connections properly sealed when required by the Authorised Officer Should the consumer or the owner fail to comply with such requisition, the authorised officer may enter any house or premises and execute the required work, and the expenses thereof shall be recovered from the consumer or the owner in the same manner as other charges are recoverable under the rules.

58 Hose pipe connection prohibited.—Hose pipes shall not be used from any connections metered or unmetered except with the permission of the department in writing and all water drawn through such pipe shall be separately charged for. Every such pipe shall have a gland cock at the delivery end.

59 All pipes, taps, fittings, etc., forming part of private connections of a consumer up to and inclusive of the stop cock nearest the supply main, shall in the absence of any agreement to the contrary be the property of the owner of the said premises.

60 In the case however, of the communication pipe and the stop cock, the department shall have the liberty to operate them for purposes of management and control. The meters or other appliances for measuring or limiting the amount of water supplied which may be installed by the department within or outside the premises, shall be the property of the department.

61 Any public sub-main or distribution pipe line laid by a private donor as a contribution work shall be duly handed over to the department for operation and maintenance. The owner shall not have control over such lines.

62 Applicability of rules to public institutions.—The foregoing Bye-laws and rules apply *mutatis mutandis* to all public institutions such as schools, hostels, hospitals, public offices, etc, and save as otherwise provided in the Water Supply Rules, the connections given to these institutions, shall be considered as domestic for the purpose of levy of water charges.

63 Liability of the department for non-supply.—Whether for domestic or for non-domestic purposes the department or the Municipal Council is not liable in the absence of a contract to the contrary to any penalty or damages for non-supplying water, if such non-supply arises from accidents to pipe lines, bursts, shut-downs of power and unusual drought or other unavoidable causes beyond its control.

T. N. BASAVARAJU,
President.

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, TURUVEKERE.

Notification dated 22nd August 1963.

No. H.C. 18/63-64. Notice is hereby given to the inhabitants of the Municipality of Turuvekere Town, that the Municipal Council, desires to impose "Water Rate" for supply of water, defined in the Rules appended.

Any inhabitant of the Municipality, objecting to the proposed Tax, may within one month from the date of this notice, send his objections in writing to the Municipal Council.

Draft Water Supply Rules framed by Town Municipal Council, Turuvekere.

1 These Rules shall be called as the rules for the supply of Water in Turuvekere Town Municipality.

2 The owner or consumer shall pay to the authorised officer, the cost of attachment from the public main at the following rates :—

½" attachment	...	Rs. 3
¾" attachment	...	Rs. 4

2 (*a*) Whenever water is allowed to be used without a meter being provided, a flat rate as follows shall be levied :—

		Rs	nP.
½" domestic connection	...	3	00
¾" domestic connection	...	3	50
½" non-domestic connection	...	12	00
¾" non-domestic connection	...	15	00

Note.—Water charges under this Rule shall be paid every month within 15th of every month.

3 The owner or consumer shall, before taking service, pay to the authorised officer the usual cost of attachment and a deposit of three months water charges calculated at the flat rates fixed in Rule 2 (a), whether such a connection is to be provided with a meter or not. This deposit will be refundable if the disconnection is made at the request of the owner or consumer subject to the adjustment of all arrears due to the department. Whenever reconnection is applied for, after the deposit once made is refunded or adjusted as above, a fresh deposit should be insisted upon.

Note.—This rule so far as depositing three months water charges equally applies to all the existing connections.

4 For every meter installed by the Municipality or Government to premises and kept in working condition, the following rates of meter rent shall be levied per month in addition to whatsoever charge may be due for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged :—

½" and ¾", meter Re. 0—25. This is applicable both for domestic and non-domestic connections.

5 Testing of Meters.—Any person disputing the accuracy of the meter may apply to the authorised officer, who shall, on payment, of a fee of Rupee one per test, direct the testing of the meter. If on actual test, the quantity registered by the meter is in excess of the correct quantity by more than 5 per cent, the testing fee shall be refunded, and a proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed if the excess is five per cent and below, and the testing fee shall not also be refunded.

6 Excess water charges.—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of Rupee one for every 1,000 gallons so consumed. Fractions of 1,000 gallons shall not be charged for, if it be 500 gallons or less but the excess over 500 gallons, if any, shall be charged for, as if it were 1,000 gallons.

7 Non-domestic Purposes.—Non-domestic concerns shall not be entitled to free allowance of water. All the water supplied to such premises shall be charged for as per the following schedule.

A rate of Rupee one for every 1,000 gallons consumed shall be levied and recovered.

Note.—(1) Reading of meter has to be recorded in thousands of gallons.

(2) Every non domestic metered connection is liable to the payment of monthly minimum water charges equal to the flat rate that would have been recovered if the connection had not been

provided with meter, in addition to the meter rent and other charges due under these Rules.

The same rates shall apply to Government, Industrial and Commercial concerns also.

7 (a) Whenever connections happened to be in service during any part of the month, water charges for the entire month has to be levied.

8 Payment of water charges.—The excess water charges, meter rent and other charges due under these rules shall be paid within 15 days from the date of the bill at the Office of the authorised officer on bills, which shall be sent to the party within five days from the date of meter reading or the close of each month as the case may be.

If the bills are not received within five days from the date of meter reading the close of each month as the case may be, the party may obtain duplicate bills from the supply office to enable him to make payment within the due date.

Non-receipt of the bills shall not be accepted as an excuse for delay in payment. Payments should invariably be made in cash, money orders or postal orders and cheques for amount not less than Rupee one drawn on local banks.

Disconnection and Re-connection of Service.—On failure of payment within the due date, the department reserves the right to cut water supply to the premises and connection will be restored only on receipt of the amount along with a penalty of rupee one in such cases.

This penalty will not be charged if disconnection is made at the request of the consumer, subject to the condition, that all the dues up to the date of disconnection are paid up on or before the due date.

Disconnection may not generally be made when the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next bill is preferred.

As mistakes are likely to occur in crediting the receipt to the proper ledger account and giving room for disconnection of service in such cases, notwithstanding such payments being made by the concerned parties, the consumers are advised to produce receipts for payments or alternatively, postal money order receipts or counterfoils of cheques when asked for by the Officials of the Department who have been directed to effect disconnection of service in cases of default in payment.

No disconnection shall be made without first asking for the voucher in support of the payment made.

9 Payments claimed by the Departments even in some cases of dispute shall be made within the specified time, subject to the grant of a refund on or after final decision by the Department.

10 Payment by consumer or owner.—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11 Intimation of change of ownership or tenancy.—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer in writing, failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water, provided however, that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12 Claims for water charges, etc., shall not become time-barred merely by any delay on the part of the Department, provided that the bills for the claims can be shown to have been sent by the authorised officer at least once immediately after the charges become due. Arrears of charges due, if found irrecoverable by the Department, will be recovered in the same manner as any other Municipal dues under the Mysore Town Municipalities Act, 1951.

13 The President, shall, when requested by the consumer in writing, furnish a memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items, for any period subsequent to the preparation of the last bill in the office.

14 In cases of neglect or unwarranted delay to report wastage, under the above rule, the President or the authorised Officer may cut off the water connection without notice and follow it up with an official notice to the consumer or the owner.

15 The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored. A bill of cost for such immediate repairs executed by the Department agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes, the party may be charged at a concessional rate of eight annas per 1,000 gallons, for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance the premises are entitled to whichever is greater.

16 Power to cut off the connection.—The President or the authorised officer shall have power to cut off the connection between the supply and communication pipes in anyone of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance, such notice being posted on the houses or premises in case the consumer is not accessible :—

(a) In default of payment of excess water charges, meter rents or any other charges due under these rules which have been duly demanded previously through bills issued from the office of the authorised officer ;

(b) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in misuses of such water;

(c) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same ;

(d) In case of allowing wastage of water even after the issue of a warning in advance ;

(e) In the case of broken pipes or fittings causing or likely to cause heavy loss of water or damage to property;

(f) In the case of refusal to allow the President or the authroised officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises ;

(g) In case of any person wilfully or unauthorisedly permitting any other person to take a connection from his supply ;

(h) In the case of contamination of water from storage cistern ;

(i) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17 In the case of Government buildings used for residential purposes, the excess water charges shall be recovered as under the rules applicable to the general rate-payers, from the occupier direct as a liability against him. In the case of his default, the Head of the Department concerned, under whose charge the building is left, shall recover the arrears.

18 Mosques, Churches, Temples and other Religious Institutions.—In the case of Mosques, Churches, Temples

and other Religious Institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free of cost.

Note.—(1) Only one tap shall be allowed for each institution. In no case such tap shall be allowed to be installed in the residential or other portion of buildings attached to the institutions concerned for individual use or private purposes. Previous sanction of the Council, is however necessary for granting water connections under this Rule.

(2) The Trustees of the institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(3) The staff of the Water Supply Department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(4) Failure to attend to the defects pointed out will entail cutting off of the water supply connection without further notice.

(5) The President shall obtain the approval of Government to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of Government, as and when they come into existence.

(6) The above concession shall not, however, apply to the residential and other buildings attached to the institutions concerned which will be governed by the general rules applicable to private buildings.

(*b*) Charitable Institutions.—For all charitable institutions such as Chatrams, Hospitals, Free Boarding Homes or Hostels and other institutions recognised as such by the Municipal Council, water shall be supplied free of cost allowing $\frac{1}{2}$" or $\frac{3}{4}$" connections with not more than one tap.

(*c* Burial and Cremation Grounds.—The water supplied to burial and cremation grounds will be entirely free of cost.

19 Paying Hostels.—Connections taken to the paying Hostels may be treated as non-domestic ones and they need not be metered. Water charges at a concessional flat rate of Rs. 5 per month in respect of $\frac{1}{2}$" connection and at Rs. 7-50 per month in respect of $\frac{3}{4}$" connection shall be charged.

Note.—The use of taps should be restricted to Hostel students only.

20 Supply to Government Institutions.—In the case of Government, public buildings and institutions in which Government Offices are held and which are not run on commercial or business or trade lines, the connections need not be metered but have to be treated as 'domestic' for the purpose of levy of water charges.

21 But when Government Institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately but two months time shall be given to refer the matter to the departmental head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

22 Water Supply out of Municipal limits.—In cases in which water supply is made to houses, premises, industrial concerns, etc., outside the Municipal limits of the Town, these rules shall apply *mutatis mutandis*, except where such supply is controlled by a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges due to the Department or Council shall be recoverable from the consumer as arrears of land revenue.

OFFICE OF THE PRESIDENT, MUDHOL MUNICIPALITY, MUDHOL.

Notice dated 24th April 1963.

Notice is hereby given for the information of the public of Mudhol Town and those concerned that the Mudhol Municipality by its resolution No. 24, dated 11th February 1963 has resolved to adopt the appended rules regarding sale of immoveable property for the recovery of Municipal claims.

Any inhabitants of the Municipality objecting to the proposed rules may within one month from the date of publication of this Notification in the Mysore Government Gazette prefer his objections, to the President, Mudhol Municipality. Belated applications will not be considered.

Rules regarding sale of immoveable property of Mudhol Municipality framed under Section 84 (2) of the District Municipal Act.

1 Proclamation of sale.—When any immoveable property has been attached under sub-section (4) of section 83 of the Act, the President shall cause a proclamation of the intended sale of such property to be made in kannada specifying the time and place of the sale together with any other particulars that may be deemed necessary such proclamation shall be made in accordance with the procedure prescribed in sub-clause (ii) of the clause (d) of the sub-section(4) of section 83 of the Act proclaiming the order of attachment and shall also be published in local newspaper, if the President so directs.

2 Sale to be stayed, if payment made before the time of sale.—If at any time before the time fixed for sale the defaulter or any other person on his behalf pays into the municipal office or to the officer appointed to conduct the sale, the dues of the municipality for the recovery of which the property is proposed to be sold together with all costs, incidental to the notice, warrant, attachment, detention of property and publication of proclamation, the sale shall be stayed.

3 Postponement of sale to enable defaulter to raise money by mortgage, lease etc.—If before the sale has been made the defaulter satisfy the President that there is reason to believe that the amount due to the Municipality can be raised by mortgage, lease or private sale of the property attached or some other part thereof or if any other immoveable property of the defaulter the President may on his application, postpone the sale of the attached property on such terms and for such period as he thinks proper to enable the defaulter to raise the money.

4 Postponement for any other reason.—The President may also from time to time postpone the sale for any other sufficient reason which he shall put on record.

5 The sale to be public auction.—The sale shall be by public auction and shall be held by the President.

6 Municipal Servants prohibited from bidding.—No Municipal servants shall directly bid for acquire or attempt to acquire any interest in property proclaimed for sale.

7 Time for sale.—No sale shall take place on Sunday or any other recognised holiday nor until after the expiration of at least 30 days from the latest date on which a copy of the proclamation shall have been affixed under rule 1.

8 Co-sharers bid preferred.—When the property put-up for sale is a share of undivided immoveable property and two or more persons of whom one is co-sharer bid the same sum for it, the bid shall be deemed to be the bid of the co-sharer.

9 Purchaser to deposit 25 per cent for the bid.—At all such sales the person who is declared to be the purchaser shall be required to deposit immediately twenty five percentum on the amount of his bid and in default of such deposit the property shall forthwith be again put-up and sold.

10 When the full amount is to be paid.—The full amount of the purchase shall be paid by the purchaser before the sunset on the 7th day from that on which the sale of immoveable property took place or if the said 7th day be a Sunday or other recognised holiday, before the sunset of the first working day after such 7th day.

11 Defaulting purchaser forfeits Deposit.—If the purchaser makes default in paying the full amount of the purchase money within the prescribed period his deposit shall after meeting the expenses of the sale be forfeited to the Municipality and the property shall be re-sold. The defaulting purchaser shall forfeit all claims to the property or to any part of the amount realised on re-sale.

12 When fresh proclamation necessary in cases of postponed sales and re-sales.—Every postponed sale of immoveable property and every re-sale of it on the purhaser's default in payment of the full amount of the purchase money shall, except when such re-sale takes place within 14 days from the date of the first sale be made after the issue of a fresh proclamation in the manner prescribed for original sales.

13 Liability of defaulting purchaser for loss on re-sale.—If the proceeds of the sale which is eventually made be less than the price bid by the defaulting purchaser, the difference together with all expenses incurred in such re-sales shall be recoverable by the Municipality from such defaulter as arrears of Municipal taxes.

14 Setting aside the sale.—The President may set aside.

(i) on application within 30 days from the date of the sale from a person interested in the property sold to have the sale set aside on the ground some material irregularities or mistake or fraud in the publication or conduct of the sale or on the ground that the defaulter had no saleable interest in the said property, or

(ii) of his own accord for reasons to be recorded by him in writting, whether or not an application has been made to him under clause (i) above on grounds other than those he himself has recorded and such application has been rejected by him; Provided that no sale shall be set aside on the ground of irregularity or mistake unless it is proved to the satisfaction of the President that the applicant has substained substantial injury by reason thereof.

15 On setting aside the sale purchase money shall be refunded.—When the sale is set-aside the deposit or purchase money as the case may be of the purchaser shall be refunded to him.

16 Confirmation of sale.—If the President sees no valid grounds for setting aside the sale he shall make an order confirming the sale on the expiration of thirty days from the date of the sale or as soon as thereafter as the enquiry necessitated by an application such as is referred to the rule 14 is completed.

17 Disposal of proceeds.—When a sale has been confirmed the proceeds of the sale shall be disposed of in accordance with the provisions of sub-section (2) of section 84 of the Act.

18 Forms of Notice and proclamation of sale.—The proclamation of sale referred to in Rule 1 shall be in such forms as may from time to time be approved by the General Body.

OFFICE OF THE SPECIAL OFFICER, NOTIFIED AREA, DANDELI.

Notice dated 31st August—4th September 1963.

Notice is hereby given to the inhabitants of the Notified Area, Dandeli as required under Section 48(2) of the Bombay District Municipal Act, 1901 that the Notified Area, Dandeli desires to frame (1) By-laws for regulating construction of Septic tanks and (2) By-laws for regulating the construction of Asqua Privies in the Notified Area, Dandeli under Section 48 (1) (r) of the Bombay District Municipal Act, 1901.

The draft of the proposed by-laws will be taken into consideration by the Notified Area, Dandeli after one month from the date of publication.

Any inhabitants of the Notified Area, Dandeli objecting to the draft by-laws may send his objection or suggestions in writing to the Special Officer, Notified Area, Dandeli, within one month from the date of publication of this notice.

By-laws framed by the Dandeli Notified Area under Section 48 (1) (r) of the Bombay District Municipal Act, 1901, for regulating the Construction of Septic Tanks In the Notified Area, Dandeli.

1 No septic tank shall be constructed unless its plans have been approved and permission for its construction granted by the Secretary, Notified Area.

2 Permission for construction of a septic tank shall not be given unless the following conditions are satisfied, namely:—

(a) The provision of water supply to the House shall not be less than 15 gallons per head per day.

(b) The septic tank shall be located in the compound at the rear of the building and shall be not less than 50 feet distant from any well.

(c) The capacity of the septic tank shall be such as to hold all waste water and in no case should be less than 15 gallons per person (including servants) residing on the plot. The septic tank shall be constructed in 2 units side by side.

(d) The septic tank shall be constructed in two compartments, the first being $\frac{2}{3}$ length and the second being $\frac{1}{3}$ length having an average depth of 4 feet.

(e) The septic tank shall be provided with (a) a grit-chamber with an invert slope and having capacity of from 15 to 30 minutes stay, (b) baffle walls, (c) inspection manholes for each unit, and (d) vent pipes.

(f) No storm water channel shall be permitted to be connected with the septic tank.

(g) (i) The effluent from the septic tank shall be disposed of by surface irrigation and an area equal to 9 square yards per person residing on the plot shall be set apart for proper disposal of effluent. Such area shall not be within 50 feet of any well, 20 feet of any building and 15 feet of any public street.

(ii) Alterantely the effluent from the septic tank shall, if the Notified Area agrees of its daily collection and removal through its own agency, be collected into pucca covered cess-pit only. Such cess-pit shall be so located as to be accessible to Notified Area carts or lorries and shall be not less than 50 feet distant from wells from which water is taken for drinking and domestic purposes.

(iii) No part of the effluent shall be permitted to flow into an open road side channel or drain.

3 No septic tank shall be brought into use until the installation and water closets, including the flushing apparatus, traps, drains and all parts connected with the Water closets and the tank have been inspected by an Officer appointed by the sanctioning authority and approved.

4 If a septic tank functions defectively or becomes a source of nuisance, the sanctioning authority may require the owner to have the effluent analysed, and, if the result of analysis is unsatisfactory, require the owner either to discontinue use of the tank or close it or to make such alterations, repairs or additions to it as it may deem necessary.

5 Every septic tank shall be cleaned out at least once a year and in any case whenever silt and sludge deposits accumulate to over one-third the depth of the tank.

6 Should the Notified Area at any time provide sewers under any road adjoining a plot on which a septic tank has been constructed, the owner of the tank shall, if required by the Notified Area to do so, connect the effluent from the septic tank to the sewer at his own cost.

7 Whoever commits a breach of any of the foregoing by-laws shall be liable to be punished with fine which may extend to 50 rupees and in the case of continuing breach with fine which may extend to five rupees for every day during which the breach continues after conviction for the first breach.

Bye-Laws

1 Notice to be given:— The notice to be given to the Municipal Council, Kunigal under sub-section (i) of Section 112 shall be addressed to the President, Town Municipal Council, Kunigal and shall be in the form annexed to these Bye laws.

2 Plans to be Furnished:— Such notice shall be accompanied to a site plan in duplicate of the land on which the structure is proposed to be built, drawn to a scale of not less than 20 feet to an inch, showing :—

(*a*) the position, nature and use of all existing buildings, thereon, and of the proposed building, and all appurtenant out-buildings.

(*b*) the area to be occupied by the building and out-buildings on the land.

(*c*) the position of latrines or privies, and the proposed method of drainage.

(*d*) the names (if any), or description of adjacent roads, streets, bridges, culverts or buildings;

(*e*) the number of the lot and the name or number of the block and street or road in which the land is situated; and

(*f*) where the building proposed to be erected abutts a road, the breadth of such road as measured between the outer edges of the drain, if any, and the line of building on both sides:

Provided that in the case of buildings of less than Rs. 500 in value, it shall be sufficient for the site plan to show to the satisfaction of the President, without scale, the size of the proposed building and its position on the land, together with the position of the land with the reference to adjacent building or lands.

3 The plan required to be produced under Section 112 of the Mysore Town Municipalities Act, 1951, shall be in duplicate and drawn to a scale of not less than 8 feet to an inch showing :—

(*a*) The plan of the ground floor and of each other floor, if any, with sections and elevations on the same scale ;

(*b*) The levels of the foundation and lowest floor or plinths, with reference to the level at the centre of the adjacent roads or streets and level of the site ;

(*c*) The depth and thickness of the foundations ;

(*d*) The height and thickness of the plinth or basement walls and of the walls above the plinth ;

(e) The thickness of the floor or floors and the dimenations and structure of the roof;

(f) The position of the line or frontage of the proposed building with reference to the adjacent side drain of the street or road which the building faces or if there no such side drain, with reference to the central line of the street or road:

Provided that in the case of buildings of less than Rs. 500 in value, it shall be sufficient to show in writing to the satisfaction of the President the levels at which the foundation and lowest floor are proposed to be laid.

The licence and the approved plan shall always be available on the spot for inspection by the Municipal authorities.

4 The plan of every building of more than Rs. 500 in value shall be accompained by a specification showing the nature and description of the material to be used in the construction of the various parts thereof including the dimensions of all beams, bressummers posts, pillors and columns.

5 Prohibition of certain sits:— No foundation of a new building intended for human occupation shall be constructed on a site which has been filled up with or used as a place for depositing excrementitious matter or the carcasses of dead animal or other filthy or offensive matter until such matters shall have been properly removed to the satisfaction of the Municipal Council, Kunigal or shall, in its opinion have become innocuous.

6 Location of the Building:— In no new building shall the foundation of the external wall along the street be located less than 1½ feet from the edge of the street including the drain.

7 Foundation of Walls:— The footings of the walls and the posts of the ground floor of the building proposed to be erected should rest on the solid ground or upon a sufficient thickness of concrete or upon some solid and sufficient substructures as a foundation;

Provided that where a solid rock is met with, at or near the surface of the site of such building, that is within three feet of the level of the base of the wall, the footings may be omitted if the surface of the rock be properly and sufficiently cleaned and stepped or jagged to receive the first course of masonry.

8 *Plinth.*— The height of the plinth shall, in the case of buildings which are to be built nearer to a street be not less than 1½ feet above the level of the street on which it abuts and in the case of buildings which are to be built farther to a street, it shall not be below such height as may be fixed by the Municipal Council.

9 *Insertion of damp-proof course.*— In the case of buildings which in the opinion of Municipal Council, are likely to be damp on account of the high level of the sub-soil water in the site, if the Municipal Council deems it necessary, damp-proof courses which shall consist of stone slabs laid in cement vitrified bricks or any other durable material impervious to moisture shall be laid between the foot of the walls of the ground floor and the top of basement which shall be above the level of the adjoining ground.

10 *Chimney.*— Every person erecting a chimney shall so construct it that the upper outlet shall be at least 5 feet above the roof of the house.

11 *Height and area of the room.*— (a) The minimum height of every room intended to be inhabited in a building except a room in the roof thereof, shall be not less than 8 feet from the floor to the ceiling.

(b) The room in the roof shall have an average height of 7 feet from the floor to the ceiling.

(c) The ground area of a dwelling room shall not be less than 64 sq. feet and no room shall be built which is less than 30 sq. feet in superficial area.

Explanation.— A partition wall not more than four feet high in a room shall not be considered to divide that room so as to make it into two rooms.

12 *Ventilation.*— Every such room shall be provided with ventilation by means of doors and windows, which open directly on to external air space not less than two and half feet in width and which have an aggregate area of openings not less than one-tenth of the superficial area of that side of the room, which faces an open space.

Provision shall be made for openings in this room so as to provide a current of air whenever desirable, and an opening for foul air shall always be kept near the top of the room.

13 *Height of the building.*— No person erecting a building which abuts on a street, shall, so construct it that any point of it is at a height greater than twice the width of the street immediately in front of it, including open spaces, if any, provided that nothing in this bye-law shall debar any person from reconstructing any building which had stood within two years on the same site, on the model of and with the same dimensions at the original building.

14 *Areal projections.*— No person who constructs, alters or adds to a building within the meaning of Section 112 of the Mysore Town Municipalities Act, 1951, shall project aerially, beyond the limits of his site, any part of his buildings, temporary or permanent, so as to make it encroach upon or overhang any municipal road or lane, or the margin thereof or any other municipal lane, except to the extent to which permission may expressly granted by the Municipal Council.

15 All water spouts to drain roof or other water shall be let down to the ground touching the wall and shall not be so constructed as to discharge water to the inconvenience or annoyance of passerby or to the damage of municipal property.

16 No shutters of stables or other building shall be so constructed as to project on municipal land when left open.

17 Inspection.— For the purpose of facilitating inspection, the following shall be the recognised stages in the construction of any building:—

(i) digging for the foundation;

(ii) filling in the foundation and raising the basement walls;

(iii) superstructure; and

(iv) all subsequent work.

18 The Health Inspector and the Executive Officer of the Municipality shall be competent to inspect buildings under construction at all reasonable hours during the day and where a licence has been granted to satisfy themselves that the work under progress is in conformity with the terms of the licence and not contrary to the bye-laws.

19 Drainage to be provided in certain cases.— In localities where facilities for drainage and daily conservancy have not been created on account of such localities not having been taken up for laying them out into house sites, no dwelling houses shall be constructed unless sufficient facilities for drainage and daily conservancy are provided by the owner of the land to the satisfaction of the Municipal Council.

20 Area of the site built upon.— As a rule, on all sites measuring 100' X 100' or more, not more than half the site shall be built upon. In other cases not more than two-thirds of the site shall be built upon. In the case of sites and houses abutting upon the roads hereunder specified the Municipal Council may, in its discretion, allow

a larger extent than half or two-thirds to be built upon. Houses shall not ordinarily be built contiguous to each other, except when the width of the site is less than 40 feet. Wherever practicable a minimum clear space as fixed by the Municipal Council shall be left between every two houses. The minimum in no case shall be less than five feet width.

(to be specified by the Municipal Council concerned)

(1) Front 8 feet.
(2) Sides 6 feet.
(3) Back 6 feet.

21 Prohibition of mud walls.— Within the town limits no wall of any building shall except with the permission of the Municipal Council, be made of mud alone.

22 Building plot to be levelled.— The building plot of every building shall be levelled in such manner that rain water may rapidly drain off into a water course or a municipal drain.

23 General.— No building site shall be surrounded by a hedge of lantana, aloe, prickly pear or other objectionable plant, or by a fence of barbed iron wire.

24 No pit shall be excavated in the sites allotted for building dwelling houses.

25 Every house shall have a decent frontage and no perishable or inflammable material shall be used for construction.

26 No person shall construct over a privy, new or old, any or structure of any description except another privy or a bathing place or bathroom.

27 If any person has any doubt or difficulty as to the true intent or meaning of any matter connected with these bye-laws or the requirements hereof, he may, before giving notice in writing, of his intention to erect or re-erect any building, apply to the President who shall, upon receipt of such applications, give the said person within a week such information as in the circumstances may be necessary.

28 Notice of completion of building — Every person who shall erect a building shall, within one month after the completion of the erection of such building deliver or send or cause to be delivered or sent to the President at his office, notice in writing of the completion of the erection of such building.

29 Special conditions to individual cases :— Notwithstanding anything contained in these bye-laws it shall be within the discretion of the Municipal Council to attach special conditions to individual cases under Section 112 (2) provided that they are not inconsistent with the provisions of the Act.

30 Every place, other than a water closet or bathroom, situated within any house, building or enclosure and habitually used for the purpose of nature of for keeping human excreta, shall be considered to be a privy or latrine within the meaning of this bye-law.

31 Every person who shall erect a new building as Chattram, Agraharam and tenements, etc., shall, in connection with such buildings construct such number of privies and in such manner as shall be prescribed in each case by the Municipal Council :

Provided the number of privies shall not, in any case be less than two, one for men and another for women.

32 A person who shall construct a new privy, whether in connection with a building or not, shall construct such privy upon such site or in such position and manner only as shall be approved by the Municipal Council.

33 The floor of every latrine shall be made of cement or of asphalt or of bastard asphalt and laid on a bed of concrete, three inches thick, and shall be so sloped, drained, and constructed as to carry away the fluid with facility into the latrine drain.

34 Every latrine shall be provided with a seat so made as to compel the excreta to fall entirely into a suitable pan or receptacle of sufficient capacity placed beneath it.

35 The walls and other masonry of the building shall be stone in-chunam mortar and plastered with cement of half-inch in thickness from the floor level up to the height of two feet above the seat level.

36 Every latrine shall be provided with a separate entrance if required by the Municipal Council for the entry of scavengers for the purpose of conservancy.

37 Every latrine shall be provided with a 'U' shape cemented drain sufficiently large, well-laid and water-tight to prevent its contents from overflowing or stagnating or soaking into the ground. Such drains shall terminate with an iron pipe so that the contents of the drain may fall directly into a receptacle or a municipal drain.

38 All such drains shall be so constructed as to discharge their contents in proper manner :—

(i) Into a municipal drain approved by the Municipal Council ;

(ii) Into a movable receptacle or basket kept in the cistern constructed at the extremity of the drain approved by the Municipal Council.

39 Every person who shall construct a cesspool in connection with a privy, shall construct such a cesspool in such a manner, and in such a position as to afford ready means of access to such cesspool and of removing the contents thereof and in such a manner and in such a position as to admit of the contents of such cesspool being removed therefrom and from the premises to which such cesspool may belong without being carried through any dwelling house or public building or any building in which any person may be or may intend to be employed in any manufacture, trade or business.

40 Every person who shall construct a cesspool, shall construct the same upon such site or in such manner and with such materials only as shall be approved of by the Municipal Council.

41 He shall construct such cesspool in such a manner that it shall have a capacity of not less than ten cubic feet, and in any case where there are more than three seats in the privy, in such a manner that it shall have a capacity of not less than three cubic feet for every seat in such privy.

42 Whoever contravenes any of the provisions of bye-laws Nos. 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 19, 20, 21, 22, 23, 24, 25, 26, 28, and 30 to 41 shall be punished with fine which may extend to fifty rupees.

Rules.

1 Levy of Octroi.—Subject to the exemptions hereinafter provided octroi on all goods and animals of the description mentioned in Schedule "A" annexed hereto shall on the import thereof be leviable at the rates specified in the said schedule.

2 Exemptions.—The following goods and animals shall be exempted from the levy of control:—

(a) Personal apparel or baggage not imported for sale or hire:

(b) Goods and animals belonging to public authority and not intended for sale or hire when accompanied at the time of import with a certificate to that effect signed by the Officer, under whose authority they are imported.

(c) The commodities imported by Government or any other organisation certified by the Deputy Commissioner to the effect that they are for distribution free or at concessional rates for the relief of people during distress due to epidemic, famine, fire, flood or other calamities.

(d) Weights, measures and scales brought into the Municipal limits by traders for adjustment, verification and stamping by the Officer of Weights and Measures Department and which are not intended for sale, use or consumption therein, provided a certificate from the Officer of the Weights and Measures Department is produced to that effect; and.

(e) Quarry materials like earth, murum, stones, etc., brought from the quarries which are used for construction of buildings for educational purposes provided they are accompanied by a certificate to that effect by a responsible Officer of the Education Department such as District Educational Officer or his Assistant.

Duties and Powers of Naka Karkun:

3 Every Naka Karkun shall be deemed to be an Officer authorised to inspect or search goods and to take such other actions as are provided in Section 94 of the Act and the rules and bye-laws in force.

3A. Every Naka Karkun shall maintain a register in the form of schedule 'L' showing the details of exports at his Naka.

Advalorem Value:—

4 (a) The value of the goods, on which octroi is leviable *ad valorem* shall be the cost price of the goods including the carriage and other incidental charges such as shipping, insurance, customs, Railway freight, taxes etc., levied on them till their arrival at the Octroi Naka.

(b) Declaration as to value.—Every importer of goods liable to duty *ad valorem* shall exhibit to the Octroi Karkun any invoice, bill, patti or document of the like nature which he may possess relating to the cost price of such goods and give him a declaration in writing in the form prescribed in Schedule 'B' hereto annexed and sign the same.

(c) If the importer fails to exhibit the invoice Patti or like document or if he fails to make the declaration as required by rule No. 4 (b) or if the Octroi Karkun has reason to disagree with the value declared, he shall levy the duty according to his own estimate on the basis of rate list furnished to him by the Municipality.

5 (a) The weight of the goods liable to octroi on the basis of weight shall be determined as follows:—

(i) in the case of goods arriving by Railway, the octroi duty shall be calculated on the weights as per the weights specified in the Railway invoices. In the absence of such invoices or in the case of doubt, the Naka Clerk or any other inspecting officer may reweigh the goods or such part thereof as he deems fit and levy octroi on the actual weight;

(ii) In case of goods imported under the goods or parcel traffic scheme of the Mysore State Road Transport Corporation, or goods imported by Indian Air Lines Corporation, the following procedure shall be adopted, *viz* —

(a) the conductor of the vehicle shall at the point of entry into municipal limits—deliver to the Octroi Karkun a statement in duplicate of all goods or parcels carried in his vehicle in the form in Schedule 'K' hereto annexed.

The Octroi Karkun shall check the statement inspect the goods or parcels, sign on one copy of the statement in token of his having checked and hand it over to the conductor.

Any discrepancy found in the statement unless amended under the signature of the conductor shall be indicated by the Octroi Karkun under his signature.

(b) The conductor of the vehicle shall deliver the said statement to the Octroi Karkun when the vehicle is to leave the municipal limits and allow the Octroi Karkun to inspect the goods or parcels.

The Octroi Karkun shall satisfy himself that all the goods or parcels registered for destination beyond the municipal limits are carried on the vehicle, when it leaves the municipal limits and if so satisfied countersign the statement in token thereof and transmit it to the Municipal Office.

(c) Local consignees of goods or parcels shall pay octroi at the Municipal Office or at the nearest Naka on goods or parcels consigned to them and get their goods or parcels receipts stamped "Octroi paid". No goods or parcels shall be delivered by the State Transport Office or Indian Air Lines Corporation Office, except on production of receipt stamped as above.

(d) The said Corporations shall permit the Octroi Inspector to check the parcels and the registres at their local Offices.

(iii) In the case of goods arriving by private lorries (Trucks) according to the weight mentioned in the goods consignment note.

(iv) In case, the Naka Clerk or any other Inspecting Officer, has doubt about the weight, he may re-weigh the goods or such part thereof as he deems fit.

5 (b) For fixing the weight of goods imported in carts and trucks the following scale shall be followed:—

(i) One cart load drawn by two oxen or buffaloes shall be treated as equivalent to 600 Kilograms (minimum) (6 Quintals).

(ii) One cart load drawn by one ox or buffalo shall be treated as equivalent to 300 Kilograms (minimum) (3 Quintals).

(iii) One petrol truck load shall be treated as equivalent to eight cart loads drawn by two oxen or buffaloes (minimum) (48 Quintals).

In case of doubt, the Naka Karkun shall weigh the goods and charge for the excessive quantity on the basis of rates prescribed for cart load in addition to the minimum rates prescribed above.

6 In case of goods and animals imported into the Municipal limits in such a manner that they do not pass an Octroi Naka, Octori duty due thereon shall be paid at the Municipal Office by the person so importing them within 48 hours of such import at the rates mentioned in the Schedule 'A'.

Mode of levy.

7 (a) Presentation of import bill.—On the import of goods or animals on which octroi is leviable, the octroi Karkun shall present to the importer an import bill in the form of Schedule 'C' in case of goods or animals in respect of which a due declaration has been made as prescribed by bye-law No. 4 (a) and in the form of Schedule 'E' in case of goods or animals not so declared and demand the amount entered in the bill.

(b) The Octroi Karkun shall prepare as many separate import bills as the importer desires for portions of

goods forming distinct units or for distinct number of animals.

8 Payment of Octroi.—On the presentation of the bill and the demand the importer shall, except in case where an account current is kept under Section 99 of the Act, pay to the Octroi Karkun the amount of the bill and on such payment be entitled to have the said import bill receipted under the signature of the Octroi Karkun.

9 Procedure in case of goods or animals belonging to a public authority.—

1 Goods or animals belonging to a public authority shall be liable to the prescribed Octroi if such goods or animals are not accompanied by a certificate as required by rule 2 (a)

(2) When goods or animals are accompanied by such certificate, the Octroi Karkun shall retain the certificate and issue a pass of exemption from duty in the form of Schedule 'F' hereto annexed.

(3) The person in charge of such goods or animals shall hold the pass as long as he is in the custody of goods or animals within the Octroi limits and shall on demand show it to any officer connected with the Octroi Department.

9A Subject to the terms and conditions specified below, octroi payable by the Mysore State Road Transport Corporation and Mysore State Electricity Board (herein referred to as Transport Corporation and Electricity Board) on the goods imported by them, shall be assessed after taking into account the total volume of goods imported and the goods exported during one calendar month.

(i) The person in charge of such goods shall give a declaration in the form of Schedule 'M' to the Naka Clerk who shall check the goods imported or exported as the case may be with reference to the declaration and allow the goods to pass through the Naka;

(ii) A statement in the form of Schedule 'N' in respect of goods imported and exported during the calendar month shall be furnished by the local authorities of the Transport Corporation and Electricity Board to the Municipality by the 5th of the succeeding month;

(iii) The Octori Inspector shall after checking the statement in form 'N' present a bill to the Transport Corporation and the Electricity Board within 5 days from the receipt of the said statement demanding octroi due from them under the above rule;

(iv) The payment of dues of octroi thus payable by the Transport Corporation or the Electricity Board, shall be made by them to the Municipality within 5 days of the receipt of the bill from the Municipality; and

(v) The Transport Corporation and the Electricity Board shall permit the Octroi Inspector to check the goods and registers at their local officers.

10 Octroi Inspector.—Subject to any rules and orders that may be in force from time to time every Octroi Inspector or his Assistant or any other person on duty connected with the levy of octroi shall be deemed to have authority.—

(a) to demand and recover octroi at any place within the octroi limits in respect of goods or animals imported by evasion of duty and

(b) to inspect and search goods and take such other actions as are provided in Section 94 of the Act.

Explanation :—Recovery of octroi from a person who has evaded duty shall not absolve him from criminal prosecution under Section 96 of the Act.

11 *Dispute.*—Any dispute between the importer and the Octroi Karkun regarding the liability to duty or the rates at which it is to be levied or the value of goods or any other matter shall be decided by the Chief Officer or any other Officer authorised by the Municipality and his decision shall be final.

(ii) On being thus satisfied the Octroi Karkun shall sign a declaration in the form of Schedule 'D' hereto annexed below the import bill and then refund the amount on taking the signature of the exporter on the said bill in acknowledgement of the refund and retain it with himself.

Note.—The Octroi Karkun shall not under any circumstances make refunds in case of goods or animals exported after 24 hours from the time of their import.

(iii) In the case of petrol to be exported within 24 hours part by part, by breaking bulk, the exporter shall follow the procedure of obtaining export passes and claiming refunds under the procedure laid down in Bye-law No. 9.

9 Procedure of refund on export after 24 hours and within one month.—Refunds in case of goods or animals on which the octroi has been levied and which are not exported within 24 hours from the time of their import shall be admissible if they are exported within one month next after their import subject to the following provisions and conditions.—

(a) The person claiming refund of octroi on account of such goods except petrol shall before their export, take them to the Municipal office during the office hours on any working day for the inspection of the Octroi Inspector or any officer authorised by the Municipality in this behalf who shall require the claimant to produce the duly receipted import bill even in case of petrol issued at the time of import relating to the said goods or animals and examine such receipted bill and satisfy himself that it is in due form that the goods or animals brought for inspection are the same as specified in the bill or part thereof, that the amount to be refunded exceeds naye Paise fifty and the conditions mentioned in the clause (c) of the Bye-law No. 7 are not broken.

(b) On being so satisfied such officer or person shall issue an export pass in the form of Schedule 'I' hereto annexed in respect of all or any of the goods or animals mentioned in the import bill as the exporter may desire.

(c) If the export pass is in respect of all goods and animals contained in the import bill, the officer issuing the export pass shall retain the import bill.

(d) Where export passes are issued on more than one occasion in respect of goods or animals included in one import bill, the officer issuing export pass shall on each occasion endorse on the import bill the number and date of the export pass before returning the same to the importer.

(e) Whenever goods or animals are brought to a Naka for export within 48 hours from the time of issue of the export pass issued under Bye-law No 9 (b) relating thereto, the Octroi Karkun shall require the exporter to produce the export pass, in respect of such goods or animals, satisfy himself that they are identical in all respects with those mentioned in the export pass, and when so satisfied allow the goods or animals to pass beyond the Naka and then deliver the export pass to the exporter with a declaration thereon in the form of schedule 'J' printed below the export pass.

(f) Every holder of such a duly endorsed export pass shall within 7 days next after the date of export of such goods or animals, present the export pass to the Octroi Inspector or to the person authorised by the Municipality

in this behalf together with an application in writing for the refund.

(g) The Octroi Inspector or the person so authorised shall, if there is no reason to doubt the claim, refund the amount mentioned in the export pass to the applicant on taking acknowledgement in writing from the applicant on the export pass as evidence of payment.

10 Surrender of the import bill and export pass; Every person holding a receipted import bill or an export pass shall when required by any officer of the Municipality connected with the Octroi Department produce for his inspection and surrender the same if so required on his being supplied with a copy of the same under such Officer's signature.

11 Dispute.—Any dispute between the importer or an exporter and the Octroi Karkun in the matter of import or export shall be decided by the Chief Officer or any other officer authorised by the Municipality and his decision shall be final provided the amount involved does not exceed Rs. 10.

12 Any person driving an animal or conveyance including a motor car or lorry, when required by an Octroi Karkun at the Octroi Naka to stop the same shall at once stop such animal or conveyance and allow the octroi Karkun to inspect if for ascertaining whether it contains any goods liable to octroi.

13 Appeals.—An appeal shall lie to the Standing Committee against the order of the Chief Officer or any other officer authorised by the municipality either refusing export pass or rejecting a claim for refund where the amount of duty involved is more than Rs. 10 provided that such an appeal is made in writing within 15 days from the date of such refusal or rejection. The decision of the Standing Committee shall be final.

14 Penalties.—Whoever does or omits to do an act in contravention of any provisions of these Bye-laws, shall be punished with a fine which may extend to Rs. 500.

OFFICE OF THE PRESIDENT TOWN MUNCIPAL COUNCIL, MOLAKALMURU,

Notification dated 16th October 1963.

Rules for levying Tax on the Transfr of Immovable Property.

C. R. No. 107/61-2. In accordance with clause(B)Section 62 of the Mysore Town Municipalities Act 1951, notice in the form of Schedule VII appended there to, is given to the inhabitants of Molakalmuru Town, that the Municipal Council desires to impose duty on certain transfers of immovable property in this Municipality as defined in the Rules appended hereunder Section 65 of the Said Act. These rules are prepared by the Municipal Council at their meeting held on 26th August 1961 on the basis of Rules framed by Government in their Notification No. L, 10749 MI 82-51-12 dated 4th January 1952.

Any inhabitants of the Municipality objecting to the proposed levy of the said duty may within one month from 25th October 1963 to end of 24th November 1963 or from the date of this notice send objections in writing to the Municipal Council. This will be taken up for examination on 24th November 1963.

Rules.

1. (i) The transfer duty imposed under sub-clause (xiii) of clause (b) of Section 65 of the Mysore Town Municipalities Act, 1951, on instruments of sale, gift and mortagage of immovable property situated within the limits of any Town Municipality where the levy of surcharge has been sanctioned by Government executed after the introduction of the above duty, shall be paid and recovered in the same manner and under the same procedure as the ordinary duty imposed on such instruments by the Mysore Stamp Act, 1957.

(ii) A rate of one per cent on the amount of consideration. The value of the property of the amount secured by the mortgage as set forth in the instrument shall levied.

2. (i) Whenever any instrument referred to in Rule 1 is presented before the Registering Officer, he shall see whether the particulars referred to in section 28 of the Mysore Stamp Act, 1957, are set forth separately in respect of the property situated within the limits of the said Municipality as required by section 65 of the Mysore Town Municipalities Act, 1951.

(ii) If the particulars be not so separately set forth in any such instruments, the said officer must impound it and forward it to the nearest officer exercising powers of a Deputy Commissioner under section 39 of the Mysore Stamp Act 1957, calling attention to the section 61 of the Mysore Stamp Act 1957, as extended by Section 65 of the Mysore Town Muncipalities Act 1951.

3. (i) Every registering officer who registers any instrument referred to in Rule 1 shall keep an account of the duty paid in respect of such instrument showing separately the duty imposed by the Mysore Stamp Act, 1957 and the transfer duty imposed by Mysore Town Municipalities Act 1951. If the Registering Officer has jurisdiction over more than one Municipality, separate accounts shall be maintained for each municipality. In these accounts the duty recovered by other Registering Officer in respect of properties situated in the respective Town Municipalities also be included.

(ii) The said accounts shall be consolidated quarterly under the orders of the Inspector-General of Registration and each quarterly consolidate account shall be sent by him to the Treasuries within two months after the close of the quarter,

4. If in any case, it be impossible to recover full duty payable on any instrument referred to in Rule 1 then only such portion of the duty realised on such instrument as it excess of duty imposed by the Mysore Stamp Act, 1957, shall be treated in the said accounts as duty imposed by section 65 of the Mysore Town Municipalities Act, 1951.

5. A commission of 5 per cent(five per cent) shall be paid to the state Government for the collection of transfer duty and the same shall be deducted before payment of the amount due under these rules to the Municipal concerned.

On these rules coming into force, the existing Rules regulating the collection of the duty on transfer of immovable property in Ajjampur Municipality stand repealed.

Rules for Regulating the Collection of the duty on Transfers of Immovable Property in Ajjampur Municipality.

RULES.

1. (*i*) The transfer duty imposed under sub-clause (xiii) of clause (b) of Section 61 and section 65 of the Mysore Town Municipalities Act, 951, on instruments of ale, gift and mortgage of immovable property situ ted within the limits of any Town Municipality where the levy of surcharge has been sanctioned by Government, executed after the introduction of the above duty, shall be paid and recovered in the same manner and under the same procedure as the ordinary duty imposed on such instruments by the Mysore Stamp Act, 1900.

(*ii*) The duty on transfer of immovable property shall be levied in th form of a surcharge on the du y imposed by the Mysore Stamp Act, 1900, as instruments of sale. Gift and Mortagage of immovable property situated within the limits of the Ajjampu Municipality at a rate of one perce tu , as the case may be, the amount of the consider ration, the value of the property or the amount secured by the mortgage, as set forth in the instruments.

2. (i) Whenever any instrument referred to in Rule 1 is presented before the Registeri g Officer, he shall see whether the particulars referred to in Section 27 of the Mysore Stamp Act, 1900, are set forth separately in the instrument in respect of the property situated within the limits of the said Municipality as required by Section 65 of the Mysore Town Municipalities, Act, 1951.

(ii) If the said particulars be not so separately set forth in any such instrument, the said officer must impound it and forward it to the nearest officer exercising powers of a Deputy Commissioner under Section 40 of the Mysore Stamp Act, 1900, calling his atte tion to Sec ion 64 of the Mysore Stamp Act, 1900 as extended by Section 65 of the Mysore Town Municipalities Act, 1951.

3. (i) Every Registering Officer who registers any instrument referred to in Rule 1, shall keep an account of the duty paid in respect of each such instrument, showing separately the duty imposed by the Mysore Stamp Act, 1900 and the transfer duty imposed by the Mysore Town Municipalities Act, 1951. If the Registering Officer has jurisdiction over more than one Municipality, separate accounts shall be maintained for each Municipality. In these accounts, the duty recovered by other Registering Officers in respect of of properties situated in the respective Town Municipalities shall also be included.

(ii) The said accounts shall be consolidated quarterly under the orders of the Inspector-General of Registration and each quarterly consolidated account shall be sent by him, to the Accountant General, Mysore, Bangalore, within two months after the close of the quarter.

4. If, in any case, it be impossible to recover the full duty payable on any instrument referred to in Rule 1, then only such portion of the duty realised on such instrument as is in excess of duty imposed by the Mysore Stamp Act, 1900, shall be treated in the said accounts as duty imposed by Section 65 of the Mysore Town Municipalities Act, 1951.

5. The Accountant General, Mysore, Bangalore, shall within three months after the close of e ch quarter arrange to pay the President of the Municipal Council concerned so much of the duty shown in the said consolidated accounts as represents the transfer duty imposed by Section 65 of the Mysore Town Municipalities Act, 1951.

6. A commission of one per cent shall be paid to the State Government for the collection of transfer duty and the same shall be deducted before payment of the amount due under these rules to the Municipal Council concerned.

NOTIFICATIONS RELATING TO LOCAL SELF-GOVERNMENT

OFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, NANJANGUD.

Notification dated 5th September 1963.

Notice is hereby given to the inhabitants of the Municipality of Nanjangud Town that the Municipal Council in their meeting held on 30-3-1962 have resolved to impose *water rate* for water supplied by the Municipal Council as defined in the rules appended below.

Any inhabitant of the Municipality objecting to the proposed water rate may, within one month from the date of publication of this notification in the *Mysore Gazette* send his objections in writing to the Municipal Council, Nanjangud.

The objections received in time will be taken into consideration by the Municipal Council after one month from the date of publication of this notification in the *Mysore Gazette.*

The existing rules sanctioned in G.O. No. L. 764/5/M.L. 109-44-31, dated 30-6-1945 will be superseded after this rules coming into force.

N. K. MARIKEMPAIAH,
President.

NANJANGUD TOWN MUNICIPALITY.

RULES.

1. These rules shall be called Sri Srikanteswara Water Supply Rules of Nanjangud Town Municipality.

2. The owner or consumer shall deposit with the authorised officer the cost of the attachment from the public main at the following rates.

½" attachment or less	.....	Rs. 1-25
¾" do	.....	Rs. 3-00
1" do	.....	Rs. 4-00
1¼" do	.....	Rs. 5-00
1½" do	.....	Rs. 6-00
1¾" do	.....	Rs. 7-00
2" do	.....	Rs. 8-00

with a uniform addition of Re. 1 for every increase in the size of the pipe by ¼" up to a maximum of 3".

3. Every application for a non-domestic water connection shall be accompanied by a deposit of not less than Rs. 50 the actual amount being determined by the department in each case, in addition to the usual cost of attachment, road boxes, etc., to serve as an advance This deposit shall be refunded to the depositor on demand after settling his accounts. Such deposits should be taken in the case of existing non-domestic connections also.

4. For every meter installed by the Municipality or Government to premises and kept in working condition, the following rates of meter rent shall be levied per month in addition to whatsoever charge may be due for the water consumed, provided that for the water consumed, provided that for the period when the meter is out of order, no such rent shall be charged.

		Rs. nP
½" ¾" and 1" meter	..	0-25
1¼" meter	..	0-50
1½" meter	..	0-69
2" meter	..	1-75
2½" meter	..	2-31
3" meter	..	2-50

5. *Testing of meters.*—Any person disputing the accuracy of the meter may apply to the authorised officer who shall, on payment of a fee of Rupee one per test, direct the testing of the meter. If, on actual test, the quantity registered by the meter is in excess of the correct quantity by more than 5 per cent the testing fee shall be refunded, and proportionate rebate shall be allowed for the month in question and the modified bill paid for as per rules. No rebate shall be allowed if the excess is five per cent and below, and the testing fee shall not also be refunded.

6. *Excess water charges.*—Any consumer who uses water in any month in excess of the free allowance, shall pay for such excess at the rate of rupee one for every 100 gallons so consumed. Fractions of 100 for gallons shall not be charged for, if it be 50 gallons or less but the excess over 50 gallons, if any, shall be charged for as if it were 100 gallons.

7. *Non-domestic purpose.*—Non-domestic concerns shall not be entitled to free allowance of water. All the water supplied to such premises shall be charged for as per the following schedule:

Rupee one for every 100 gallons.

The same rates shall apply to Government industrial and commercial concerns also.

8 *Payment of water charges.*—The excess water charges, meter rent and other charges due under these rules shall be paid within 15 days from the date of the bill at the office of the authorised officer, on bills which shall be sent to the party within five days from the date of meter reading.

If the bills are not received within five days from the date of meter reading, the party may obtain duplicate bills from the supply office to enable him to make payment within the due date.

Non-receipt of bills shall not be accepted as an excuse for delay in payment. Payment should invariably be made in cash, money orders or postal orders, but cheques for amount not less than rupee one drawn on local bank such as the Mysore Bank, shall be accepted in payment of the dues.

Disconnection and re-connection of service.—On failure of payment within the due date, the department reserves the right to cut off water supply to the premises and connection will be restored only on receipt of the amount along with a penalty of rupee one in such cases. This penalty will not be charged if disconnection is made at the request of the consumer subject to the conditions that all the dues up to the date of disconnection are paid up on or before the due date.

Disconne tion may not generally be made when the arrears due from any installation is less than rupee one, provided such arrears are paid up before the next quarterly bill is preferred.

As mistakes are likely to occur in crediting the receipt to "the proper ledger account and giving room for disconnection of service in such case, not withstanding such payments being made by the concerned parties, the consumers are advised to produce receipts of payments or alternatively, postal money order receipt or counterfoils of cheques when asked for by the officials of the Department, who have been directed to effect disconnection of service in cases of default in payment.

No disconnection shall be made without first asking for the voucher in support of the payment made.

Cheques drawn on local banks, such as Mysore Bank, shall be accepted but no cheques shall be accepted for sums less than Re. 1 which shall be paid only in cash.

9. Payments claimed by the Departments even in some cases of dispute shall be made within the specified time, subject to the grant of a refund later on after final decision by the department.

10. *Payment by consumer or owner.*—All money due for water consumed, meter rent or other charges under these rules shall be payable by the consumer or on his default by the owner.

11. *Intimation of change of ownership or tenancy.*—All changes of ownership or tenancy of a premises should be intimated forthwith to the authorised officer, in writing, failing which the new consumer or owner shall be liable to be proceeded against recovery of all arrears connected with the supply of water, provided however, that for any such sum recovered from the new tenant, he shall be entitled to credit in account with the owner of the premises.

12. Claims for water charges, etc., shall not become time-barred merely by any delay on the part of the department, provided that the bills for the claims can be shown to have been sent by the authorised officer at least once immediately after the charges become due. Arrears of charges due, if found irrecoverable by the department, will be recovered in the same manner as any other Municipal dues under the Mysore Town Municipalities Act, 1951.

13. The President, shall when requested by the consumer in writing furnish a memorandum showing the consumption and probable charges on account of water consumed, meter rent and other items, for any period subsequent to the preparation of the last bill in the office.

14. In case of neglect or un warranted delay to report wastage, under the above rules, the President or the authorised officer may cut off the water connection without notice and follow it up with an official notice to the consumer or the owner.

15. The connection shall not be restored until the defects of leakage, etc., are satisfactorily restored, a bill of cost for such immediate repairs executed by the departmental agency will be sent to the party who has to pay the same.

(a) In cases where wastage of water is due to leaky pipes, the party may be charged at a concessional rate of eight annas per 100 gallons for such loss, the quantity being calculated as the difference between the actual consumption and the average consumption of the previous six months or the free allowance, the premises are entitled to whichever is greater.

16. *Power to cut off the connection.*—The President or Executive Officer shall have power to cut off the connection between the supply and communication pipes in any one of the following cases, provided that a reasonable written notice showing the specified cause or causes is given in advance such notice being pasted on the houses or premises in case the consumer is not accessible.

(*a*) In default of payment of water charges, meter rents or any other charges due under these rules which have been duly demanded previously through bills issued from the office of the authorised officer.

(*b*) If any consumer violates any of the conditions on which connection has been granted to the premises in question resulting in the misuses of such water.

(*c*) In case of leakage through pipes or other fittings or any defective or insanitary condition of the same.

(*d*) In case of allowing wastage of water even after the issue of a warning in advance.

(*e*) In the case of broken pipes or fittings causing or likely to cause heavy loss of water or damage to property.

(*f*) In the case of refusal to allow the President or the Executive Officer to enter into any land or building for the purpose of inspecting or repairing or attending to any works connected with the water supply given to the premises.

(*g*) In case of any person wilfully or unauthorisedly permitting any other person to take a connection from his supply.

(*h*) In the case of connection of water from storage cistern.

(*i*) In case the occupier of the premises does not give proper protection to meter readers from any injury being caused by animals, such as dogs, etc.

17. In the case of Government buildings used for residential purposes the water charges shall be recovered as under the rules applicable to the general rate-payers, from the occupier direct as a liability against him. In the case of his default the head of the department concerned, under whose charge the building is left, shall recover the arrears.

18. *Mosques, Churches, Temples and other religious institutions.*—In the case of Mosques, Churches, temples and other religious institutions recognised as such by the Municipal Council and used by the public, water shall be supplied free of cost.

Note:—(1) Only three taps will be allowed for each institution. If more than three taps are required the institution must pay for the excess water consumed, at the rate charged under the rules

(2) The trustees of the institutions concerned should see that the repairs needed to the pipe line and taps are attended to promptly and that water is not misused or wasted.

(3) The staff of the Water Supply Department shall inspect these institutions frequently and the defects, if any, pointed out by them should be attended to speedily by the trustees of the institutions concerned.

(4) Failure to attend to the defects pointed out will entail cutting off the water supply connections without further notice.

(5) The President shall obtain the approval of the Council to a consolidated list of religious institutions as are now existing and which shall be governed by these rules and new ones added to the list with the approval of the Council as and when they come into existence.

(6) The above concessions shall not, however, apply to the residential and other builldings attached to the institutions concerned, which will be governed by the general rules applicable to private buildings.

(B) *CHARITABLE INSTITUTIONS.*

(1) *Chattrams.*—The free allowance admissible in each case will be fixed by the Municipal Council and the excess consumption charged for at a concessional rate of annas eight per one hundred gallons. A consolidated list of existing chattrams in the Town will be submitted to the Council by the President.

(2) *Hospital.*—The free allowance for each hospital shall be fixed on the merits of each case by the Municipal Council and the excess consumption charged for at a concessional rate of annas eight. per 100 gallons.

Note:—Government however reserve the right to enhance or reduce the free allowance in the case of these institutions according to the circumstances of each case.

(C) *BURIAL AND CREMATION GROUNDS*

The water supplied to burial and cremation grounds will be entirely free of cost.

19. The free allowance of water in the case of jails shall be as follows:—

(1) Convicts.—six and quarter gallons per head per day.

(2) Resident members on the jail establishment who have no separate water connection in their residential quarters. Ten gallons per head per day.

20. *Jails.*—The Water Supply Department shall ascertain the strength of convicts and resident members of the jail establishment from time to time usually once a quarter and fix the free allowance accordingly.

21. *Hostels.*—The free allowance of water in the case of hostels shall be 10 gallons per boarder per day and the excess consumption charged for at a concessional rate of annas eight per 100 gallons in the case of free hostels and at rupee one per 100 gallons in the case of hostels having paying boarders. The department shall get the statistics every quarter before the 10th of the month following that quarters.

22. *Supply to Government Institutions.*—In the case of Government public buildings and Institutions in which Government offices are held and which are not run commercial or business or trade lines, the entire water consumed shall be charged for at eight annas per 100 gallons without any free allowance as the buildings are used solely for public purposes.

23. But when Government institutions are in default or when the claims are disputed by them, the water supply shall not be cut off immediately but two months, time shall be given to refer the matter to the departmental head and obtain orders for recovery.

Should they continue to default even thereafter, the matter may be referred to the Secretary to Government, Public Works Department and arrangements made for recovery through the Accountant General.

24. *Water supply out of Municipal limits.*—In cases in which water supply is made to houses, premises, industrial concerns, etc., outside the Municipal limits of the Town, these rules shall apply *mutadis mutandis* except where such supply is controlled by a separate agreeement with the Municipal Council.

No houses, premises, industrial concerns, etc., outside Municipal limits shall be eligible for any free allowance. All water supplied shall be charged for at a rate Re. 1 per 100 gallons, except where otherwise provided for under a separate agreement with the Municipal Council.

All arrears of water charges, meter rent and other charges due to the department or Council shall be recoverable from the consumer as arrears of land revenue.

The objections received in time will be taken in to consideration by the Municipal Council after one month from the date of publication of this notification in the *Mysore Gazette*.

The existing Octroi rules sanctioned in G.O. No. L. 7465-68/Ml. 105-54-21, dated 21st.....1954 will be superseded after coming into force these Octroi Rules.

N. K. MARIKEMPAIAH,
President.

Rules framed under Section 46 (1) (h) of the Mysore Town Municipalities Act of 1951. (Mysore Act XXII of 1951) for levy of Octroi in Nanjangud Town by the Town Municipal Council, Nanjangud.

1. Octroi shall be levied in respect of animals or goods or both specified in the schedule No. I to these rules at the rates noted against each article.

The importer should make a declaration under Rules 101 of Municipal Accounts Manual as to whether articles are for local consumption o for re-export.

2. The Octroi shall be paid at the time of import of the animal or the goods to the Octroi Mutsaddi in charge of the Octroi Ookod provided duty amounts to 50 nP., otherwise it may be paid at the Octroi Head Office. In case of disagreement as to the amount of octroi duty payable by the importer of goods imported within the Octroi limits the Muthsaddi in charge of the Ookad shall cause the imported to take the goods before the President or the Executive Officer or Vice-President or Octroi Manager for the settlement of the duty to be paid.

3. Whether goods have been examined at the Octroi Ookads a pass in duplicate for such of the goods as are liable to Octroi duty shall be furnished to the imported by the Octroi Muthsaddi. On receiving such pass, the imported shall forthwith bring the taxable goods to the Central Octroi Office accompanied by a peon; provided that, if the duty to which the goods are liable does no exceed 50 nP., the Octroi Muthsaddi in charge of Ookad may receive such duty and give to the imported a permit showing the nature and quantity of the goods and the duty received; provided also that in the case of goods imported by railway, the Paigasthi or other Officer-in-Charge of the Octroi post at the Railway Station may, in the same manner, receive duty not exceeding 50 nP.

4. When goods accompanied by a pass as aforesaid are brought to the Octroi Head Office they may be unloaded and weighed or counted by the Officer-in-charge of the Octroi Office. Upon ascertainment of the amount of Octroi payable on the goods the importer shall either pay the amount due and receive permit for the removal of goods or shall deposit the same in the Octroi Office. When the duty is paid as above, a permit shall be granted by the Officer-in-charge of the Head Office for the removal of the goods showing the quantity of weight of the goods, the duty paid in respect thereof and the date of payment. The fact of the receipt shall also be noted on each copy of the duplicate pass, one copy of which shall be filed in the office one copy returned to the Octroi Ookad from which it was received. In case he importer wishes to export the goods at once, he shall do so only after obtaining a free export pass subject to the goods to the excort of as octroi subordinate.

5 With a view to facilitating the appraisement of the value of the goods when the tax in assessed on value, the importer may be called upon to produce the invoice of the goods for the inspection of the Officer-in-charge of the Octroi Head Office. Whenever the invoice produce by an importer is in a language other than English or Kannada, he shall produce a true copy of such invoice translated into English or Kannada and verified by the importer.

In case the importer does not produce an invoice, he shall give a declaration in writing regarding the quantity, number, weight, value etc., of the articles, for clearance of octroi duty. Should the importer fail or refuse to produce the invoice or if the invoice or the declaration produced appears to the Officer in charge if the Octroi Head Office to be false or unduly low, the value of the goods shall be assessed by the Officer in Charge of the Octroi Head Office at current rates and Octroi levied accordingly.

Explanation.—(*a*) When the appraisement of the value of goods is made in the basis of the invoice, the value shall include all expenses such as packing charges freight charges, cart hire, etc., less trade discount shown in the invoice.

(*b*) When the importer produ es an invoice or a declaration which is found to be false, he shall on conviction before a Magistrate be punishable with a fine which may extend to ten times the value of Octroi on such goods or Rs. 100 whichever may be greater.

6. With the previous approval of the President, in case, any carrying agent through whom goods are imported on behalf of persons resident within the Municipality on any wholesale importer may, on depositing as security such amount not being less than Rs. 250. as may be fixed up by the President, be exempted from producing the goods imported by him, or through his agency for inspection at the Octroi Head Office provided that he makes arrangements satisfactory to the President for the supply to the Municipal Council of correct and detailed lists of all such goods with names of the consignees in each case. Every such agent shall be responsible to the extent of his deposit for the payment of octroi having paid.

Provided that the President may at any time cancel such exemption by giving notice in writing to such agent or importer and return to him the amount of his deposit or such portion thereof, as may remain to his credit or may in any case require such agent or importer to produce any such goods for inspection at the Octroi Head Office.

Every deposit holder under this bye-law shall submi on or before the 5th of every month the stock accounts of the previous month for verification of the dutiable articles.

OFFICE OF THE CHIEF EXECUTIVE OFFICER, TALUK DEVELOPMENT BOARD, UDIPI.

Dated 18th September 1963.

Draft rules governing reservation of Bungalows of the Taluk Board, Udipi, S. K.

The bungalow is open for the accommodation of *bona-fide* travellers on payment of the following fees. No cinema, circus or dramatic troupe will be permitted to occupy it.

Name of Bungalow	Fees for a day of 24 hours	
	Major set of rooms.	Minor set of rooms.
	Rs. nP.	Rs. nP.
(*a*) Travellers Bungalow, Brahmavara.	1—50	...
(*b*) Brahmavara Chatram.	...	0—50
(*c*) T. B. Hiriadka ..	...	1—00
(*d*) T. B. Kaup ...	...	1—00
(*e*) T. B. Kota ...	...	1—00
(*f*) T. B. Shirva ...	...	1—00

1 Fees at the above rate will be collected from each traveller occupying a set of rooms in a bungalow for each day of 24 hours or portion of a day or night exceeding six hours. For halts of six hours and less in duration in the bungalow, whether in continuation or otherwise, only half of the daily charge will be levied. A traveller with his family should pay one and half times the rate of fees prescribed above for a single traveller and a party of more than three persons should pay three times the fees prescribed for a traveller.

2 The fees should be paid to the watcher before the travellers quit the bungalow and they are requested to enter in the bungalow book their names, the dates and hours of arrival and departure and the amount of fees paid and remarks, if any.

3 No traveller should halt in the bungalow for more than 3 days and nights unless he is compelled to do so by sickness, if the bungalow is required by any other traveller.

4 Cooking in any part of the main building or varandha is strictly prohibited.

5 A single traveller or a traveller with his family *i.e.* wife and children, occupying the bungalow with two sets of rooms should always vacate the other set of rooms when another traveller wants it.

6 Only the Chief Executive Officer, Taluk Board can reserve one set of rooms in the bungalow for any traveller on payment of the reservation fees at 25 nP. per set of rooms and the full rent in advance. The reservation fees and the rent paid will not be refunded if the accommodation reserved is not utilised unless the reservation is cancelled sufficiently in advance. It cannot also be adjusted towards the fees due for some other day. However the Chief Executive Officer, Taluk Board will have the discretion to reserve both sets of rooms also, if in his opinion he thinks this is necessary for the two travellers.

7 The Chief Executive Officer, Taluk Board also may at his discretion reserve a travellers bungalow for the occupation of any presidency, District or Gazetted Officer or any other distinguished traveller without claiming in advance the reservation and bungalow fees as required under Rule 6.

8 (*a*) When once a person has actually occupied a room in a Travellers Bungalow as per reservation orders passed by the competent authority, the reservation orders already passed in his/her favour shall not be cancelled before the expiry of the period of reservation just because another person having a higher priority applies for reservation of the bungalow.

(*b*) The provisions in rule 8 (*a*) will not apply to the Minister, the heads of the Government Departments, the Deputy Commissioners, and the President, Taluk Board (including the Vice-President or President delegate while discharging the functions of the President) Chief Executive Officer, Taluk Board and members of the Taluk Board on duty.

9 Every person occupying the bungalow shall be responsible for any damage caused to the buildings or fittings or any articles in it by himself or by the members of his family or by his servants.

10 The District Magistrate, District Superintendent of Police are as a special case exempted from the operation of rule 3 and 6 of the rules referred to above.

Resolution No 2, dated 5th July 1963.
Resolution : 'Approved'.

Draft Drainage Bye-laws.

Bye-laws under Sections 138, 142, 147, 148, 149, 306 (5) (b) 306 (6) 313 of the Madras District Municipalities Act of 1920 to provide for House Drains, water closets and Sanitary fittings and for house connections to sewerage system.

Every house-owner shall have a drainage connection for his premises with the Municipal Sewerage main, within a period of six months from the date of servicing of the Municipal sewers which dates will be duly notified by Municipality.

Every person by or for whom drains, sanitary fittings, or other works for new or existing buildings are laid out constructed, fixed or altered shall comply with the following requirements.

(1) He shall make proper provision for the drainage of every building and premises, and shall deal with the rain and surface water separately from the sewage in every instance except in the case of houses which already stand provided with single open drains for the conveyance of sullage and rain water.

(2) He shall provide rain water drains and shall divert all rain and surface water from roofs, courtyards and open spaces into them and away from any opening or inlet in connection with the foul water drain or any other drain leading to any Municipal foul water drain or to any pumping station or any treatment or disposal works, and he shall further provide and maintain such curbs, or other appliances as may be necessary to restrict all rain water to the rain water drains, which shall discharge freely at a point approved by the Municipal Engineer.

(3) He shall, if required by the Executive Authority provide all roofs of houses or other buildings with such efficient gutters of iron, zinc or other suitable material and rain water pipes of iron or zinc, as may be necessary to collect the rain water and to discharge it into the drains or open channels constructed to receive such rain-water.

(4) He shall cause every inlet into any drain connected or proposed to be connected with the sewerage system to be made at least one foot above the level of the highest known flood at the site of such inlet. To this end he shall provide all gullies and other openings communicating with the sewerage system with masonry or other suitable curbs of such height as will effectively prevent all rain or surface water gaining access to any drain communicating with the sewerage system.

(5) He shall provide in connection with such building sufficient pipes, channels and gullies for the purpose of conveying to the drain, provided for that purpose, any water that may fall on the roof of that building.

He shall not cause any such pipes, channel or gullies to be so constructed as to receive any solid or liquid matter from any water closet, urinal, latrine, slop or other sinks, bath or lavatory.

Wherever any such pipes are laid below sub-soil water level, they shall be laid on and surrounded with cement concrete, and elsewhere if considered necessary by the Municipal Engineer, any such pipes shall be laid on, or surrounded with cement concrete as may be ordered by him.

(6) Drainage of buildings be stoneware or iron pipes.—He shall cause every drain to be of adequate size; in no case shall it have an internal diameter of less than four inches, nor more than such size as may be necessary for the flow or as may be approved by the Municipal Engineer.

(7) Size of drains.—He shall cause every drain to be laid with a suitable fall approved by the Municipal Engineer, the standard gradient shall be 1 in 40 for 4 inch drains, and 1 in 80 for 6 inch drains, and it shall not be reduced or increased, except with approval of the Municipal Engineer in writing.

(8) He shall cause every drain to be laid in straight lines and regular gradients with the fewest bends practicable and every change of direction to be formed by properly curved pipes or channels.

(9) He shall cause bends and junctions to be grouped together and wherever possible provide them with means of access by building manholes round them.

(10) He shall cause every drain, and every channel manhole or appliance with which sewage is likely to come into contract, to have smooth and rounded surfaces, and to be made of impervious material such as glazed stoneware or cast iron, protected against corrosion, by suitable preparation or to be rendered with cement mortar.

(11) If he shall construct any such drains of stoneware pipes, the thickness of the pipes and depths of the socket and the annular space for the cement in proporation to the diameter shall be as follows :—

Internal dia	Thickness of pipes not less than.	Depth of stoket not less than.	Annular space for cement not less than.
4 inches	½ inch	2 inches	⅜ inch
6 ,,	⅝ ,,	2¼ ,,	½ ,,
9 ,,	¾ ,,	2½ ,,	½ ,,

The stoneware pipes shall be salt glazed both inside and outside and equal in every respect to the best English make. They shall be truly cylindrical and straight, perfectly smooth and sound in all respects, without any hair cracks.

In the case of specials, they shall be perfect in shape and if bends, shall be segments of a circle.

If he shall construct any such drain of cast iron pipes, the thickness shall be atleast ⅜ inch for pipes up to 6 inches internal diameter. The weights per 9 feet length including socket shall not be less than 160 lbs. for 4 inch pipes and 230 lbs. for 6 inch pipes. The pipes shall be coated with Dr. Angus Smith's solution as provided for, in British standard specification.

(12) He shall cause all pipes to be provided with spigot and socket, flanged or collar joints, and to be of a pattern and quality approved by the Municipal Engineer.

If he shall construct such drain of stoneware pipes, he shall cause such drain to be jointed with socket joints properly put together with a mixture of one part cement of approved brand with one part of good river sand measured by volume.

If he shall construct such drain of cast iron pipes jointed with socket joints he shall cause such joints to be not less than 3" depth and to be made in molten lead and yarn. The minimum depth of lead should be varying from 1.75" for 4" to 6" dia. pipes, and 2" to 9" dia. C.I. pipes and the balance depth of sockets should be packed with yarn and properly connected and he shall also cause the annular space for the lead in the case of 4 inch pipes to be not less than $\frac{3}{4}$ inch in width.

(13) He shall cause all excavations to be properly timbered where necessary for the protection of adjoining property.

(14) He shall cause every pipe to be securely bedded on firm ground, and filled round with selected material free from large stones, watered and well rammed into place. Where any drain traverses or yielding ground, or where water may make its appearance in the trenches, he shall cause such drain to be bedded in or completely surrounded with such thickness of concrete, as may be directed by the Municipal Engineer.

(15) He shall cause every such drain to be so constructed as to be watertight and shall test it in the presence of an authorised officer to a pressure specified by the Municipal Engineer. The drain shall show no signs of leaking or oozing after the pressure has been maintained continuously for one hour and no pipe shall be covered up until it has passed this test to the satisfaction of the Municipal Engineer.

(16) He shall cause every inlet to a drain not being an inlet provided in pursuance of the bye-law in that behalf as an opening for the ventilation of such drain, to be properly trapped by an efficient trap so constructed as to be capable of maintaining a sufficient water seal of atleast two inches. No trap shall be constructed or fixed.

(17) He shall cause all gullies, traps, gratings, covers or other appliances to be of a pattern, size and quality approved by the Municipal Engineer. He shall cause every stoneware gulley to be placed on a bed of concrete atleast 4 inches thick, and so set that the water level therein, is atleast one foot, and the grating atleast one inch below the surrounding pavement, and he shall cause the pavement to be sloped towards the gulley for a space equal to half the width of the grating.

(18) He shall, when required by the Municipal Engineer but not otherwise, provide in every drain of such building which may immediately communicate with any sewer or Municipal drain, a suitable and efficient disconnecting trap at a point below the lowest inlet to such drain, and as near as may be practicable to the point at which such drain may be connected with the sewer.

He shall furnish adequate means of access for cleaning such trap by providing a manhole or other means of access approved by the Municipal Engineer.

(19) He shall cause every means of access provided in compliance with any of the foregoing provisions of the bye-laws to be constructed so as to be water-tight up to the level of the adjoining ground surface or roadway and to be fitted with a suitable air-tight iron cover.

(20) He shall not construct the several drains of such building communicating with a Municipal drain in such a manner as to form in such drains any right angled junction, either vertical or horizontal. He shall cause every such drain or tributary drain obliquely in the direction of the flow of such drains.

(21) He shall not construct any drain so as to pass under any building, except where no other mode of construction may be practicable. If he shall construct such drain to pass under any building, then he shall cause such drain to comply with the following conditions ;

(a) The drain shall be laid in a straight line for the whole distance beneath the building ;

(b) The drain shall be constructed either of cast iron pipes with socket and spigot joints caulked with lead or stoneware pipes completely surrounded with approved cement concrete at least 6" thick ;

(c) Adequate means of access shall be provided at each end of such portion of the drain as is beneath such building.

(22) He shall in every case where a drain is laid through or beneath a building such drain to be protected at the part laid through or beneath the wall by means of an arch, granite stone re-inforced concrete, or iron support which shall not bear on the drain and shall in the opinion of the Municipal Engineer be of sufficient size and strength to prevent any disturbance of or other injury to such drain as well as to the building.

A drain shall be similarly protected where a wall is subsequently built over or round it.

(23) Ventilation of drains.— He shall provide an untrapped opening at the head of every drain or branch drains and at such other points as the Municipal Engineer may require. There shall be no trap or other obstruction to the free circulation of air between such ventilating openings.

Each opening shall be obtained by carrying up vertically from the head of the drain a pipe or shaft which shall comply with the following conditions, namely it shall :—

(a) Not terminate within 20 feet distance from any window or opening into any building, nor below such window or opening ;

(b) If affixed to a wall supporting the eaves of a roof, be carried up atleast 2 feet higher than such eaves ;

(c) Be erected or affixed so as to create the least practicable nuisance or inconvenience to inhabitants of the neighbourhood.

(24) Where a disconnecting trap is required by the Municipal Engineer, he shall in addition to the requirements of the last, preceding clause provide an untrapped opening situated as near as may be practicable to the disconnecting trap and on that side of the trap which is nearer to to the building. The said opening shall be above and near the level of the adjoining ground and shall communicate with the drain by means of a suitable pipe, shaft or chamber. If in any case this arrangement is in the opinion of the Municipal Engineer, undesirable, then the opening may be obtained by carrying up from the point referred to a suitable vertical pipe or shaft as specified in the last preceding bye-law No. 23.

(25) He shall cause every opening provided in accordance with any of the arrangements hereinbefore specified to be furnished with a suitable grating or other suitable cover for the purpose preventing any obstruction in or injury to any pipe or drain by the introduction of any substance through any such opening. He shall in every case cause such grating or cover to be so constructed and fitted as to secure the free passage of air through such grating or cover by means of a sufficient number of apertures, of which the aggregate extent shall not be less than the sectional area of the pipe or drain to which such grating or cover may be fitted.

(26) He shall not, except where unavoidable, cause any bend or angle to be made in any pipe or shaft used in connection with any of the arrangements herein before specified.

(27) He shall cause every pipe or shaft which may be used in connection with any of the arrangements herein before specified to have an internal diameter of not less than 4 inches, and to comply with British Standard Specification for cast iron spigot and socket waste and ventilating pipes.

(28) Provided that where any soil pipe of any water closet shall be, in respect of situation sectional area, height, mode of construction and in all other respects in accordance with the requirements applicable to the pipes or shaft specified in bye-law No. 23 than such soil pipe may be deemed to provide the opening required under bye-law No. 23.

(29) *Waste pipes.*—He shall cause every waste pipe from any bath, lavatory, sink or similar appliances (not being a slop-sink or urinal constructed or adopted to be used for receiving any solid or liquid excrimental filth) to be constructed of lead or cast iron 1½ to 2 inches internal diameter and to be trapped immediately beneath such lavatory or sink by an efficient syphon tray, which shall be constructed of lead, iron, brass or stone-ware with adequate means for inspection and cleansing and which shall be ventilated into the external air whenever such ventilation may be necessary to preserve the seal of such tray. He shall not construct or fix in or in connection with such waste pipe, lavatory or sink any trap of the kind known as a bell trap, a dip trap or a D trap.

If lead pipes are used they shall be of uniform thickness throughout and shall weigh at least 2¾ lbs. per lineal foot per 1½ inches pipes, 3¾ lbs. per lineal foot for 2 inches pipes and 5½ lbs per lineal foot for 3 inches pipes.

If cast iron pipes are used they shall comply with the British Standard Specification for cast iron spigot and socket waste and ventilating pipes.

(30) He shall cause every such pipe in any building for carring off waste water to be taken through an external wall of such building, by the shortest practicable line, and to discharge into the open air over a properly trapped gulley or over a channel leading to such gulley.

(31) He shall cause such waste pipe to be finally attached to the walls in a manner satisfactory to the Municipal Engineer. If of cast iron properly fixed holder bats shall be used, provided always that it shall be sufficient if he shall secure the pipes to the walls in a manner considered by the Municipal Engineer to be suitable and efficient.

(32) Water closets, latrines, urinals, slop sinks and their proper accessories.—He shall cause every basin urinal, slop sink, or receptacle constructed or adopted to be used for receiving any solid or liquid excremental filth to be contained within a water closet or latrine. He shall construct such water closet or latrine in such a position that one of its sides at the least shall be an external wall.

He shall not construct any such water closet so that it is approached directly from any room used for the purpose of human habitation or used for the manufacture, preparation or storage of food for men, or used as a factory, workshop or work place, nor shall be construct any water closet or latrine other than a flushout, so that it can be entered otherwise than from the external air.

(33) He shall construct such water closet or latrine which shall be atleast 4 feet by 2 feet 9 inches internally, so that on any side on which if would about on a room intended for human habitation, or used for the manufacture preparation, or storage of food for human or used as a factory, workshop or work place, it shall be enclosed by a solid wall or partition of brick or masonry extending the entire height from the floor to the ceiling. He shall provide any such water closet or latrine with a floor of hard smooth impervious material, having a fall of half an inch to a foot to the door where this opens on to the external air in the case of a raised receptacle or basin and the basin where this is fixed flush with the floor. He shall cause the floor of all water closets or latrines on the ground floor to be raised atleast 6 inches above the ground outside, He shall provide such water closet or latrine with proper doors and fastenings.

(34) He shall construct in one of the external walls of such water closet or latrine a window or opening atleast 2 square feet in area, and with ventilating openings through an external wall of a total area of not less than 18 square inches near the floor, and 72 square inches as high up as practicable.

(35) He shall furnish such water closet or latrine with a cistern of the water waste preventing type of adequate capacity not less than 2½ gallons and unless sanctioned by the Municipal Engineer not more than 3 gallons for the purpose of flashing which shall be separate and distinct from any cistern used for drinking purpose and shall be so constructed fitted and placed as to provide a head of atleast 5 feet measured from the bottom of the cistern to the point of discharge of the flush pipe and to admit of the supply of water for use in such water closet or latrin so that there shall not be any direct connection between any service pipe upon the premises and any part of the appartus of such water closed or latrine other than such flushing cistern.

He shall provide every such cistern with a suitable ball cock fixed on the supply pipe, and with an overflow pipe, discharging into the open air in some conspicuous position but not over the inlet of any drain, see also water works byelaws.

(36) He shall not, except with the written permission of the Executive Authority construct or fix any self-acting or automatic flushing apparatus. In these cases, where the Executive Authorities sanction is accorded, he shall submit for the approval of the Municipal Engineer detailed specifications and drawings, to show the size of the apparatus, the materials of which it is to be made, and the mode and frequency of its operation and shall modify the apparatus in any manner that may be required by the Municipal Engineer.

(37) He shall construct or fix the pipe and union connecting such flushing cistern with the pan, basin, or other receptacle with which such water closet or latrine may be provided, so that such pipe and union shall not in any part have an internal diameter of less than 1½ inches. The pipe shall be fixed as vertical as possible.

(38) He shall furnish such water closet or latrine with a suitable apparatus, a sample of which has previously been approved by the Municipal Engineer in writing.

Such apparatus shall include :—

(1) A suitable receptacle of such shape, capacity and mode of Construction as :—

(a) to receive and contain a sufficient quantity of water ;

(b) to allow all solid filth which may, from time to time be deposited in such receptacle to fall free of the sides thereof and directly into the water contained in such receptacle so that the surface liable to fouling by urine shall be as small as possible.

(c) to be effectually flushed and cleansed by small volume of water.

No receptacle shall be fixed which is of the wash-out type or as a container or other similar fittings.

(2) A suitable syphon trap directly connected to and unless specially sanctioned in one piece with the said receptacle and so constructed as to maintain in the receptacle a sufficient quantity of water and to ensure a water seal of not less than 2 inches between such receptacle and any soil pipe or drain in connection therewith. Except where impracticable, the outlet of such syphon trap shall be made readily accessible.

(3) A suitable arrangement for the application, of water to the receptacle, in such manner as to ensure the effectual flushing and cleansing of such receptacle, and the prompt and effectual removal therefrom and from the trap connected therewith of any solid or liquid filth which may from time to time be deposited therein.

(39) He shall not fix any casing of food or other material round and receptacle cistern or other apparatus of any water closet.

Soil pipes.—(40) He shall whenever practicable, cause every soil pipe provided for the purpose of conveying to a drain any solid or liquid excremental filth to be situated outside such building and shall construct such soil pipes in drawn lead or of cast iron. Provided that in any case where it shall be necessary to construct such soil pipe within such building, he shall construct such soil pipe in drawn lead with joints in visible positions and so as to be easily accessible. If lead pipes are used, they shall be solid drawn lead pipes atleast 4 inches in diameter of uniform thickness throughout and shall weigh at least 7½ lbs. per lineal foot for 4 inch pipes 9½ lbs. per lineal foot for 5 inches pipes, 11 lbs. per lineal foot 6 inch pipes If cast iron pipes are used they shall comply with the British Standard Specification for cast iron spigot and socket soil pipes.

(41) He shall cause such soil pipe to be strongly supported at the foot upon a bed of concrete, and firmly attached to the walls, If the soil pipe is of cast iron, then properly fixed holder bats shall be used. Provided always that it shall be sufficient if he shall secure the pipes to the walls in a manner considered by the Municipal Engineer to be suitable and efficient.

(42) He shall construct such soil pipe, whether inside or outside the building, so that it shall not be connected with any rain water pipe or with the waste of any bath, or any sink other than which is provided for the reception of unrine or other excremental filth, and he shall construct such soil pipe so that there shall not be any trap in such soil pipe or between the soil pipe and any drain with which it is connected.

(43) He shall cause such soil pipe whether inside or outside the building to be circular and to have an internal diameter of not less than 4 inches and to be continued upwards without dimination of its diameter and (except where unavoidable) without any bend or angle being formed in such soil pipe, to such a height and in such a position as to afford by means of the open end of such soil pipe a safe outlet for foul air, the position of the open end being such as to comply with the condition set out in byelaw 23 (a) (b) (c).

(44) In every case he shall cause lead pipes to be jointed with properly wiped plumbers joints and shall cause cast iron pipes to be joined with molten lead properly caulked, the socket to be completely filled and the depth of lead after caulking to be not less than 1¾ inches. Provided always that it should be sufficient if he shall connect the pipes in a manner considered by the Municipal Engineer to be suitable and efficient.

(45) He shall cause all soil pipes, waste pipes, ventilation pipes and all other pipes when above ground to be proved air tight in presence of Municipal Engineer or other authorised officer of the Municipality by smoke produced and applied as directed by the said Municipal Engineer or other authorised officer.

(46) Ventilation of water closet traps:—In every case where he shall construct any water closet the soil pipe of which is to be in connection with any other water closet he shall cause the trap of every such water closet to be ventilated into the open air at a point as high as the top of the soil pipe or into the soil pipe at a point above the highest water closet connected with such soil pipe, and so that the ventilating pipe shall have in all parts an internal diameter of not less than two inches and shall not be less than three inches and not more than 12 inches from the highest part of the trap and on that side of the water seal which is nearest to the soil pipe. He shall cause the joint between the ventilating pipe and the arm of the soil pipe or the trap to be made in the direction of the flow.

(47) He shall construct such ventilating pipe in drawn lead or heavy cast iron as specified for waste pipes in byelaw 29 and supported in the manner set out in byelaw 31.

Provided that in any case where it shall be necessary to construct such ventilating pipe within a building he shall construct such ventilating pipe in drawn lead.

(48) Every person by or for whom drains are constructed shall not allow any privy earth closet, ash-pit or receptacle for filth to be connected, directly or indirectly with the drains. He shall cause the washings from the floor of any such place to be washed properly trapped covered drain to the sewer connection on the sewer side of the waste water drain trap. He shall not cause any yard or other open space to be connected to any drain leading to or connected with any public drain unless the said yard is paved with brick, stone, concrete or other material approved by the Municipal Engineer.

(49) Open Drain:—He shall not construct or cause to be constructed in the interior of a building any open drain for the conveyance of sullage nor shall he construct or cause to be constructed any open drain in any place for the conveyance of excrementitious matter either solid or liquid except in the case of houses which already stand provided with single open drains for the conveyance of sullage and rain water.

Whenever an open drain is connected with a closed drain he shall construct a trap at the end of the open drain immediately above the connection.

He shall construct no open drain less than 4 inches deep and 4 inches wide. He shall provide curbs to all such drains or channels at least 4 inches above the adjoining ground surface or of such greater height as will effectually prevent all rain or surface water gaining access to the drains.

Provided always that it shall be sufficient if he shall construct such drains or channels in a manner and with considered by the Municipal Engineer to be suitable and efficient.

(50) He shall cause to be fixed at every connection of an open drain with a closed drain and at each inlet of every drain except the latrine drain (when such latrine drain is in a separate line and does not lie as a continuation of the house drain as well leading into the street drain) a grating of a cast iron or other suitable materials of a design approved by the Municipal Engineer.

(51) He shall provide to the outlet of the house drain an efficient trap and silt catcher of the type design approved by the Municipal Engineer, such trap and silt catcher to be fixed in a manner and position also approved by the Municipal Engineer.

(52) Maintenance of house drainage:—The owner of any premises shall at all times maintain in a proper state of repair all pipes, drains, traps and other works appliances and apparatus connected with the drainage of the premises, and shall give any duly authorised officer of the municipality every facility to inspect the same.

(53) Notice and deposit of plan:—Every person who intends or is required to lay-out construct any drains or alter any drains; sanitary fittings or other drainage works shall, before any such work, give the Executive Authority thirty (30) days notice in writing of such intention and such notice in duplicate shall be delivered at the Municipal office in the approved form,

OFFICE OF THE PRESIDENT, CITY MUNICIPALITY, BAGALKOT.

Notice dated 13th October 1963.

Notice is hereby given to the inhabitants of the Municipal District of Bagalkot that the Municipality desire to impose consolidated tax detailed in the rules appended (in lieu of the taxes known has House Tax, General Sanitary Cess and Lighting Tax, which are published at pages 46, 47 and 48 of the said mentioned rules. And also in lieu of General Water Rate, the proposals in respect of which have been submitted to Government for sanction and the sanction is still awaited.)

Any inhabitant of Municipal District objecting to the proposed tax rules may within one month from the date of publication of this notice, send his objection to the **Municipality.**

The Consolidated Tax Rules.

1 Short title, extent and commencement :—

(i) These rules may be called the Consolidated Tax Rules of the Bagalkot Municipality.

(ii) They shall extend to the whole of the Bagalkot Municipal District.

2 Extent of rescission :—

From the date these rules shall come into force, all the previous rules and schedules of the Municipality, so for as they relate to—

(a) The House tax; (b) The General Sanitary Cess. (c) The Lighting Tax, (d) General Water Rate, shall be deemed to be rescinded :

Provided that the said rescission shall not affect the right of the Municipality to recover the arrears of the taxes due under the rescinded rules before the date of the rescission thereof.

3 Definitions :—

In these rules unless there is anything repugnant in the subject or context :—

(a) "Municipality" means the Bagalkot Municipality.
(b) "Municipal District" means the Bagalkot Municipal District.
(c) "Chief Officer" means the Chief Officer of the Municipality.
(d) "Managing Committee" means the managing committee of the municipality.
(e) "Collection Karkun" means a clerk of the Municipality on duty entrusted with the work of receiving the consolidated tax of the Municipality.
(f) "Act" means the Bombay District Municipal Act, 1901.
(g) "Year" means the official year as defined in the Act.
(h) The expressions "Annual letting value" "Building" "Land" Official year" and "Owner" shall respectively have the meanings assigned to them under section 3 of the Act.

(i) "The Tax" means the tax as is prescribed in rule 4 below.

4 The tax leviable and the rate thereof :—

There shall be levied by the Municipality a consolidated tax assessed as a rate on buildings and lands situated within the Municipal District described in clause (c) of proviso to section 59 (1) of the Act in lieu of imposing separately the taxes discribed in section 59 (1) (i) 59 (1) (vii) and 59 (1) (ix) and the general water rate described in section 59 (1) (viii) of the Act.

The tax may be called the "Consolidated Tax" of the Bagalkot Municipality.

Note.—This tax does not include special water rate, which will be separately levied by the Municipality.

5 Subject to the exemption hereinafter expressly, specified the tax shall be leviable every year on all the buildings and lands situated within the Municipal limits at the rate shown in the schedule appended to these rules after allowing under section 63 (1) (a) of the Act for the deductions of ten per cent of the annual letting value in lieu of all allowances for repairs or any other account whatsoever. Provided that the rate of the consolidated tax on business premises shall be 50 per cent more than on other class of premises.

Explanation.—The term "Land" means open lands not built upon.

278

6 Liability for the tax.—

All the provisions of chapter VII (2) of the Act relating to the assessment of and liability to rates on buildings or lands shall be applicable to this tax.

7 When any building or land is let to two or more persons holding it severally the Chief Officer may for the purpose of assessing such building or land to the tax, either treat the whole thereof as one property, or treat each several holding therein or any two or more such several holdings together or each floor or flat having separate access as a separate property.

8 Generally a building and the land appertaining thereto shall be treated as one property for the purpose of assessment but where the persons primarily liable to pay the tax in respect of the land and building thereon are different the land and the building (*i. e.* superstructure) shall be separately taxed.

9 The persons and the property liable for the tax shall be as stated in chapter VII (2) read with section 87 of the Act.

10 Tax when payable.—The tax shall be payable in advance in one instalment for the whole of the official year and shall become due on the first of April, according to the assessment entered in the assessment list applicable for the year.

11 Exemptions.—The following buildings and lands shall be exempt from the levy of the tax.

(*a*) Buildings and lands vesting in the Municipality, in respect of which the said tax if levied would be primarily leviable from the Municipality under Section 68 of the Act.

(*b*) Any building or land exclusively occupied for public worship or prayer or for charitable purposes or as a public Gymnassium or primary school.

(i) It does not yield any rent or revenue and
(ii) No trade or business is carried therein.

(*c*) Any building or land the annual letting value of which is less than Rs. 5 provided that it is not let out by the owner and it is the only building or land belonging to him within the limits of the Municipal District.

12 Mode of levy.—

Without prejudice to the right of the Municipality to recover the tax by filing a suit as provided in section 164 of the Act, the tax shall be recovarable in the manner provided in chapter VIII of the Act.

13 If any person is liable for the tax on account of properties more than one, the Chief Officer shall be competent to charge such person in one or several bills as he shall think fit, the several sums payable by such person on account of such properties.

14 (A) If the sum due on account of the tax is not paid within 15 days from the presentation of the bill for the same to the person primarily liable for the payment thereof under section 63 of the Act, and the said person be not the occupier for the time being of the land or the building in respect of which the tax is due; the Chief Officer may present a bill in the manner described in section 63 of the Act, for the amount to the occupier of the said building or land or if there be, two or more occupiers thereof, may present a bill to each of them for such portion of the sum due as such occupier would be liable to pay under proviso to section 63 of the Act.

(B) If the occupiers or any of the occupiers fails to pay the amount claimed in such bill in accordance wherewith, the said amount may be recovered from him in accordance with the provisions of chapter VIII or any other provisions of the Act.

Provided that the mere fact that the process for the recovery of the amount due or part thereof is set in motion against the occupier or occupiers will not prevent the Municipality from recovering the amount from the person or persons primarily liable.

15 Remissions and refunds.—

(1) The conditions on which and the extent to which remission or refunds will or may be allowed in case of building or lands which remain vacant and unproductive of rent shall be as described in section 69 of the Act.

(2) The remission or refund which the Managing Committee may allow under clause (1) of section 69 of the Act shall not be more than one half of the proportionate tax of the buildings or lands or the part thereof, for the period of vacancy, demolition or destruction which shal be deemed to commence from the date on which the notice of the vacancy, demolition or destruction has been received.

Explanation :—A tenement shall not be deemed to be vacant if there is furniture or other property in it.

16 Where the amount of tax in respect of any building or land as per the assessment list published under section 64 or as per the alteration made under section 66 of the Act has been paid or recovered before the Managing Committee investigates and disposes of the objections, if any made to it under section 65 or 66 of the Act in respect of such building or land and if as a result of such investigation the Managing Committee reduces or annuls the tax in respect of such building or land the amount to the extent to which the tax has been reduced or annulled shall be refunded by the Chief Officer after observing the procedure prescribed for such refund in the Municipal rules soon after the disposal of such objection.

17 Where the amount of tax levied on any building or land is reduced in an appeal under section 86 of the Act or in revision against the order in such appeal, the amount to the extent of which the tax has been so reduced shall be refunded by the Chief Officer after observing the procedure prescribed for such refund in the Municipal Rules.

18 Persons authorised to receive payments :—

The "Collection Karkun" of every ward is authorised to receive payment of the tax in respect of all the buildings and lands situated in his ward in the municipal office during the office hours and at any time when he is on outdoor duty.

19 For all the sums paid on account of the tax a due receipt in the form prescribed from time to time stating the amount paid and the other necessary particulars shall be passed by the collection karkun receiving such payment.

OFFICE OF THE PRESIDENT, TOWN MUNICIPAL COUNCIL, MANDYA,

Notification dated 12th December 1963.

No. B. L. R. 1/63-64. Notice is hereby given to the inhabitants of the Municipality of Mandya that the Town Municipal Council, Mandya desires to impose Octroi defined in the rules appended.

Any inhabitant of the Municipality objecting to the proposed Octroi may, within one months from the date of publication of this notice in the *Mysore Gazette*, send his objections in writing to the Municipal Council, Mandya.

Octroi Rules of Mandya Town Municipality.—

Octroi shall be levied in respect of animals or goods or both specified in the Schedule to these rules at rates noted against each.

2 The Octroi shall be paid at the time of import of the animals or the goods to the Octroi Mutsaddi in charge of the Octroi Oookad. In case of disagreement as to the amount of Octroi duty payable by the Importer of goods imported within the Octroi limits the Mutsaddi in charge of the Ookad shall cause the importer to take the goods before the President or Vice-President or the Executive Officer for the Settlement of the duty to be paid.

3 When the goods have been examined at the Octroi Ookads, a pass in Duplicate for such of the goods as are liable to Octroi duty shall be furnished to the importer by the Octroi Mutsaddi. On receiving such pass, the importer shall forthwith bring the taxable goods to the Central Octroi Office accompanied by a peon; provided that if the duty to which the goods are liable does not exceed five rupees the Octroi Mutsaddi may receive such duty and give to the importer a permit showing the nature and quantity of the goods and the duty received; provided also that in the case of goods imported by railway, the Inspector or other officer-in-charge of the Octori post at the Railway Station, may in the same manner, receive duty not exceeding five rupee.

4 When goods accompanied by a pass as aforesaid are brought to the Central Office, they may be unloaded and weighed or accounted by the Officer-in-charge of the Octroi Office. Upon ascertainment of the amount of Octroi payable on the goods the importer shall either pay the amount due and receive permit for the removal of the goods or shall deposit the same in the Octroi Office. When the duty is paid as above, a permit shall be granted by the Officer-in-charge of the Central Octroi Office for the removal of the goods showing the quantity of weight of the goods, the duty paid in respect thereof and the date of payment. The fact of the receipt shall also be noted on each copy of the duplicate pass, one copy which shall be filed in the Office and one copy returned to the Octori post from which it was received. In case the importer wishes to re-export the goods at once, he shall do so only after obtaining a free export pass subjecting the goods to the escort of an Octroi subordinate.

5 With a view to facilitating the appraisement of the value of goods when the tax is assessed on value the importer may be called upon to produce the invoice of the goods for the inspection of the officer-in-charge of the Central Octroi Office. Whenever the invoice produced by an importer is in a language other than English or Kannada, he shall produce a true copy of such invoice translated into English or Kannada and varified by the importer.

In case the importer does not produce an invoice he shall give a declaration in writing regarding the quantity, number, weight, value etc., of the article, for clearance of Octroi duty. Should the importer fail or refuse to produce the invoice or if the invoice or the declaration produced appears to the officer-in-charge of the Central Octroi Office to be false or unduly low, the value of the goods shall be assessed by the officer-in-charge of the Central Octroi Office at current rates and Octroi levied accordingly.

Explanation:—When the appraisement of the value of goods is made on the basis of the invoice, the value shall include all expenses such as packing charges, freight charges, cart hire, etc., less trade discount shown in the invoice.

6 With the previous approval of the President, in each case, any carrying agent through whom goods are imported on behalf of persons resident within the Municipality or any wholesale importer may, on depositing of security such amount not being less than Rs. 250 as may be fixed by the President, be exempted from producing the goods imported by him, or through his agency for inspection at the Central Octroi Office provided that he makes arrangements satisfactory to the President for the supply to the Municipal Council or correct and detailed lists of all such goods with the names of the consigness in each case. Every such agent shall be responsible to the extent of his deposit for the payment of Octroi on all goods which may have left his premises without Octroi having been paid.

Provided that the President may at any time cancel such exemption by giving notice in writing to such agent or importer and return to him the amount of his deposit or such portion thereof, as may remain to his credit or may in any case require such agent or importer to produce any such goods for inspection at the Central Octroi Office.

Every deposit holder under these rules shall submit on or before the 3rd of every month the stock accounts of the previous month for verification of the dutiable articles.

Deposit Room: *Central Octroi Office (Bonded Warehouse).*

7 The Municipal Council shall provide a Bonded Warehouse in the Central Octroi Office for the custody of goods which may be deposited under Rule 3 of the Octroi Rules.

8 The Bonded Warehouse shall be open for the transaction of business from 11 A.M. to 5 P.M. daily except on Sundays and Holidays authorised by the President. Arrangement shall however be made by the Officer-in-charge of the Octroi Office for dealing with perishable articles such as betel leaves on such days.

9 Any importer depositing goods in the Bonded Warehouse shall, unless the Officer-in-charge of the Octroi Office as previously by weighing, counting or appraising has certained the amount of Octroi payable thereon, give declaration in the form appended (Schedule No. 2) the description weight quantity and if necessary of the value of the goods.

10 A receipt given in the form appended (Schedule No. 3) shall be given by the Officer-in-charge of the Central Octori Office for all the goods deposited in the Bonded Warehouse and a Register of all such goods shall be maintained.

11 The receipt given by the Octroi Department for depositing the goods should be returned before taking delivery of the articles to which it refers, otherwise the officer-in-charge of the Central Octroi Office may refuse to deliver the articles.

12 If the depositor does not himself take delivery of the article deposited in the Octroi Office he must endorse on the receipt a request for delivery to the person to whom he wishes it to be made and if the receipt is not produced the delivery of the goods may at the discretion of the Officer-in-charge of the Octroi Office will be withheld until the person entitled in his opinion to receive the same has given an indemnity to the satisfaction of the Officer-in-charge of the Octroi Office

13 Any person who has deposited goods in the Bonded Warehouse may break bulk or change the packing thereof on application to the Officer-in-charge of the Warehouse, or may, on paying full duty thereon, impor such goods

into the Municipal Limits covered by a permit or may export such goods immediately after the receipt into the Octroi Office free covered by an Export pass subject to the escort of an Octroi subordinate; provided that new packages covered by such pass shall if possible, before they are taken from the Warehouse be stamped by the Officer-in-charge, so as to show that they are under deposit.

The Export pass shall be in Triplicate, the original being retained by the Officer-in-charge of the Warehouse, and the Duplicate and Triplicate delivered to the exporter.

14 No goods shall be allowed to leave the Warehouse until storage fee has been paid thereon under the following rules.

(a) Goods shall be allowed to remain 24 hours free of charge counted from sunrise to sunrise.

Notification dated 20th November 1963.

No. H.C. 68/63-64. It is notified for the inhabitants of the Municipality of Kanakapura Town, that the Municipal Council met at their meeting held on 13th August 1963, have resolved to adopt the Model Bye-laws releatig to cattle shows and fairs at Kanakapura Town Limits as defined below. The draft Bye laws will be taken into consideration by the Municipal Council, Kanakapura on or after 28th February 1964.

Any inhabitants of this Municipality objecting to the Proposals of Municipal Council for adopting the Bye-laws relating to cattle shows and fairs in this Town may send his objections in writing to the Municipal Council, Kanakapura within one month from the date of Publication of the same in the gazette. Objections received, after that date will not be considered.

Bye-law relating to cattle shows and fairs at Kanakapura Town Municipal Limits.

Bye-laws framed by Kanakapura Town Municipal Council under-section 48 (1) (a) read with sub-section (3) of Section 80 of the Mysore Town Municipalities Act, 1951 (Mysore Act XXII of 1951) for regulating cattle shows and fairs in Kanakapura Town Municipal limits.

1 All cattle shows in the Municipality shall be organised and controlled by the Municipal Council through a committee appointed for the purpose. The committee shall lay down the programme of shows and the general lines of organisation of the year provided that where such show or fairs is held in connection with a Muzrai Institution, such show or fair shall be held only on the motion of the District Muzrai Officer and with the previous sanction of the Muzrai Commissioner.

Every committee shall consist of the Amildar of the Taluk as Chairman, a Veterinary Officer and where the cattle show or fair is in connection with a Muzrai institution, two representatives of such institution appointed in consultation with the Deputy Commissioner of the District and of such other official and non-official gentlemen as are, in the opinion, of the Municipal Council, specially fitted to organise and regulate the conduct of such show or fair. The Municipal Council shall also appoint a person to be present on the show grounds during the whole period of the show or fair and to see that these rules are efficiently carried out.

2 At least one month prior to every show or fair, a short notice of such show or fair shall be published in English or Kannada in the *Mysore Gazette* by the president of the Municipal Council in accordance with the programme prepared under bye-law 1.

3 The President of the Municipal Council shall, on the recommendation of a Veterinary Officer or on other information and for reasons to be recorded by him, by competent to prohibit the holding of a show or fair on account of the prevalence of cattle diseases in the locality or to require the closing the a show or fair when cattle diseases appear on the show or fair grounds. In cases of emergency, it shall be within the compentance of the Chairman of the Committee in the absence of the President, to order the closing of the show or fair

4 To every show or fair gound shall be attached a segregation plot of suitable dimensions, properly fenced off or otherwise demarcated and protected for the segregation of diseased cattle and if so recommended by the Assistant Superintendent Veterinary Department, another such enclosure shall be provided for quarantining cattle from infected areas. Proper hospital accomodation shall also be provided for the Officers of the Civil Veterinary Department present at the show or fair, who shall make adequate arrangements or observation and treatment of affected area. The cost of such accomodation and enclosures, including that of watch and ward, shall be borne by the Municipal Council, concerned.

5 All the expenses connected with the show or fair, including the cost of prizes and of sanitary and other arrangements, shall be met out of the Municipal funds.

6 Private subscriptions, if any, and fees levied on cattle admitted to the show or fair and all other realisations connected with the cattle show or fair shall be credited to the Municipal Funds, provided that, in cases where a show or fair is being held in connection with a Muzrai Institution and where such Muzrai Institution has been deriving income from such show or fair, the Municipal Council shall pay to such Muzrai Institution a sum equal to 60 per cent of the gross realisations subject to the following conditions.

(*a*) If the show or fair is prohibited from being held under Bye-law 3 in any year, no amount shall be payable to the Muzrai Institution in that year.

(*b*) Where a show or fair has been closed under Bye-law 3 before the full usual period, there shall be a proportionate reduction the amount payable to the Muzrai Institution.

(*c*) Eighty per cent of gross realisations to be paid to the Muzrai Institution fixed in this Bye-law is tentative and subject to the revision, if necessary, at the end of three years.

7 (*a*) Every persons opening a shop in the cattle fair or show held by a Municipal Council shall pay the fees in accordance with the rates specified in the schedule to these rules given below.

(*b*) The Municipal Council may levy fees on cattle brought to the show or fair subject to a maximum of 2 5nP, per head;

(*c*) The Municipal Council may levy such entrance fees as they think proper for animals admitted to competition for prizes.

8 The fees fixed under Bye-law 7 should be published a week prior to the date of show or fair and notified in prominent places on the show or fair grounds and at the cookades where fees are collected.

9 The fees shall be collected departmentally and the Municipal employee incharge of the cattle show or fair shall give the person paying the fee a proper receipt showing the amount received and date of payment.

13 Within one month after the holding of the show or fair, a full report of it shall be forwarded by the Chairman of the Committee to the President of the Municipal Council and to the Deputy Commissioner of the District.

(e) the diameter of the service pipe; and
(f) the amount of special water rate levied in respect of the connection for the year.

7 Publication of notice of assessment list.—When the assessment list has been completed, the Chairman, Managing Committee shall give public notice thereof and of the place where the list or copy thereof may be inspected; and every person claiming to be either the owner or occupier of the property included in the list, and any agent or such person, shall be at liberty to inspect the list and make extracts therefrom without charges.

8 Public notice of time fixed for revising Assessment list.—(1) The Chairman, Managing Committee, shall at the time of publication of the Assessment List under Rule 7 give public notice of a date, not less than one month after such publication, before which objections to the assessment in such list shall be made; and in all cases in which any connection is for the first time entered in the list or the assessment is increased, he shall also give notice thereof to the owner or occupier of the property, if known, and if the owner or occupier of the property is not known, he shall affix the notice in a conspicuous position of the property.

(2) Objections to the assessment in respect of any connection in such list shall, if the owner or occupier of the property relating to such connection desires to make any objection, be made by the owner or the occupier or any Agent of such owner or occupier to the Managing Committee before the date and time fixed in the aforesaid public notice, by application in writing stating the grounds on which the assessment is disputed; all applications so made shall be registered in a book to be kept by the Managing Committee for the purpose.

(3) The Managing Committee, after allowing the applicant an opportunity of being heard in person or by agent, shall

(a) investigate and dispose of the objections
(b) cause the result thereof to be noted in the book kept under sub-rule (2) and
(c) cause any amendment necessary in accordance with such result to be made in the assessment list.

(4) When all objections made under this rule have been disposed of and all amendments required by sub-rule (3) have been made in the assessment list the said list shall be authenticated by the signatures of the Chairman and at least one other member of the Managing Committee; the persons so authenticating the list shall certify that no valid objections has been made to the assessment contained in the list except in the cases in which amendments have been made.

(5) The list so authenticates shall be deposited in the Municipal Office, and shall there be open for inspection during office hours to all owners and occupiers of the properties entered therein or to the agents of such persons and a notice that it is so open shall be forthwith published.

(6) Subject to such alterations as may be made therein under the provisions of Rule (9), the entries in the assessment list so authenticated and deposited and the entries, if any, inserted in the said list under the provisions of rule (9) shall be accepted as conclusive evidence of the amount of the special water rate leviable in respect of the connection to which such entries respectively refer in any official year in which such list is in force.

9 Amendment of the assessment list.—(1) The managing Committee may at any time alter the assessment list by inserting or altering an entry in respect of any connection, such entry having been omitted from or erroneously made in the list through fraud, accident or mistake, or in respect of any connection which has been made, or the purpose of which has been altered after the preparation of the assessment list, after giving notice to the person interested in the alteration of the list of a date, not less than one month from the date of service of such notice, before which any objection to the alteration should be made.

(2) An objection made by any person interested in any such alteration, before the time fixed in such notice and in the manner provided by sub-rule (2) of Rule 8 shall be dealt with in all respects as if it were an application under the said rule.

(3) An entry or alteration made under this rule shall have the same effect as if it had been made, in the case of a new connection on the date on which such connection was made or in other case, on the earliest date in the current official year on which the circumstances justifying, the entry or alteration existed; and the tax or the enhanced tax as the case may be shall be levied in such year, for the whole year, if such day occurs on or before the 30 th June for three quarters, if it occurs on or before 30 th September, for two quarters if it occurs on or before 31 st December and for one quarter if it occurs on or before 31st March

10 (1) It shall not be necessary to prepare a new assessment list every year, subject to the condition that the assessment list shall be completely revised not less than once in every 4 years. The Managing Committee may adopt the assessment contained in the list for any year, with such alterations as may be deemed necessary for the year immediately following.

(2) But the provisions of rules 7, 8 and 9 shall be applicable every year as if a new assessment list had been completed at commencement of the official year.

11 Liability for special water rate.— (1) The special water rate shall be leviable primarily from the owner of the premises in respect of which the private connection exists, as per the assessment list for the time being in force.

(2) If such owner fails to pay the amount due within one month after the bill for the same has been duly presented and the said owner is not the occupier for the time being of the premises in respect of which the connection exists, the Executive Officer or the Secretary may present a bill as described in Section 82 of the Bombay District Municipal Act, 1901, to the occupier of the said premises, or if there be two or more occupiers thereof, may present a bill to each of them for such portion of the sum due as he deems proper, looking to the annual letting value of the tenements in the occupation of each such occupier or any other equitable circumstances. If the occupier or any of the occupiers fails to pay the amount claimed in such bill in accordance therewith, the said amount shall be recovered from him in accordance with the provisions of Chapter VIII or any other provisions of the Act,

Provided.— (a) that no arrears of the special water rate shall be recovered from any occupier who is not

the owner if such arrears have been due for more than one year or for a period during which such occupier was not in occupation, and

(b) that the mere fact that the process for the recovery of the amount due or part thereof is set in motion against the occupier or occupiers will not disentitle the Municipality from recovering the amount from the owner.

12 Transfer of premises having private connections:—

(1) Whenever the right of ownership of the premises relating to any private connection is transferred whether by act of parties or by operation of law, the person to whom, and except in cases where such transfer is due to the death of the owner the person from whom such right is transferred shall give notice thereof in writing, to the Chairman, Managing Committee.

(2) On receipt of any such notice, the Managing Committee may, if it thinks necessary, on hearing the objections, if any, of any other person or persons on issuing notice to him in that regard, if satisfied of such transfer, make the necessary amendments in the assessment list.

(3) Except in cases where the transfer is due to the death of the owner, every person primarily liable for the payment of the tax whose right to the ownership of such premises is transferred but who gives no notice of such transfer to the Chairman, Managing Committee as aforesaid, and the estate of the deceased owner where such transfer is due to the death of such owner, shall, in addition to any other liability, continue liable for the payment of the said tax until a notice as required by sub-rule (1) is given or until the transfer shall have been recorded by the Managing Committee. Provided that nothing in this sub-rule shall be held to diminish the liability of the transferee for the said tax.

13 Recovery of water rate in case of transfer of premises.—Every transferee of the premises in respect of which a connection exists or existed shall be held liable to pay the arrears of the special water rate in respect of such connection due previous to the date of such transfer, whether he had notice of such arrears or not at the time of such transfer.

14 Use of water for building operations.— If a private connection is demanded or already provided for a vacant piece of land and water therefrom is used for building operations it shall be charged at a monthly rate of not less than Rs. 15 for each half an inch connection. If out of a private connection already provided for a bulding, house, chawl or wada, water is used for bulding operations a rate of Rs. 10 per mensem shall be charged in addition to the special water rate.

15 Mode of levy, etc.— Without prejudice to the right of the Municipality, to recover the tax by filing a suit as provided in section 164 of the Act, the tax shall be recoverable in the matter provided in chapter VIII of the Act.

16 Service of bills.—

If any person is liable for the tax on account of more connections than one, it shall be competent to the Executive Officer or the Secretary to charge such person in one or several bills, as he shall think fit, for the sums payable by him on account of such connections.

17 Rebate or refund on stoppage of private connection.—

(1) Any owner who does not desire to have the private service continued to his premises, may give a written notice to the Managing Committee of a period not less than one month, to that effect giving particulars of the description of his premises as stated in bye-law No. 5 (a)(i) and of the date from which he desires to have the services discontinued On receipt of such notice and if such notice contains the necessary information as stated above the Managing Committee shall cause the connection to be cut off on or immediately after the date, specified in such notice.

(2) For taxation purposes the private water service shall be deemed to have been cut off on the date specified in such notice, if the notice is proper in other respects, although it may not be cut off on that particular date.

(3) If the date specified in sub-rule 2 falls during the first quarter, 3/4th of the water rate, if it falls during second quarter 1/2 of the water rate, and if it falls during the third quarter 1/4th of the water rate, prescribed for the whole year in respect of the service connection in question shall be either remitted or refunded as the case may be on application:

Provided that if the person to whom the refund may have to be made is in arrears regarding any other tax of the Municipality, the amount to be refunded shall be appropriated towards the satisfaction of such arrears.

(4) Where the amount of water rate in respect of any connection as per the assessment list published under rule 7 or as per alterations made under rule 9 has been paid or recovered before the Managing Committee investigates and disposes of the objections made to it under rule 8 or 9 in respect of such connections, and if as a result of such investigation Managing Committee reduces or annuls the tax in respect of such connection, the amount to the extent of which the tax has been reduced or annulled shall be refunded by the Municipality soon after the disposal of such objections.

18 Persons authorised to receive payments.—

The collection karkun of every ward or wards is authorised to receive payments of the tax in respect of all the connections situated in his ward or wards in the Municipal office hours, and at any time and at any place in his collection ward or wards when he is on outdoor duty.

19 Receipts to be given for payments.—

For all sums paid on account of the tax a due receipt in the form prescribed from time to time, stating the amount paid and other necessary particulars shall be tendered by the collection karkun receiving such payments.

20 Notice Fees etc.—

The fees for notice demanding payments due on account of the tax and for the issue and execution of warrants of distress, and the rates to be charged for maintaining any live-stock distrained, shall be the same as described in the Property Tax Rules of the Municipality and shall be included in the costs of the recovery to be levied under section 83 of the Act.

21 List of metered service pipes.—

(1) The Managing Committee shall cause to be prepared and maintained a list of metered service pipes whenever meters are provided containing the particulars as stated in clauses (a) to (e) of the Rule 6 and shall also cause the necessary amendments to be made therein from time to time by inserting, deleting or altering an entry in respect of such pipes as and when a cause for so doing arises.

(2) Such list shall be completely revised not less than once in every 4 years.

22 Size of pipe for private connection.—

Private connection shall be given ordinarily by means of half inch pipes and 3/4th inch pipes. The Managing Committee may with the approval of the general committee, in special cases, provide a private connection of one inch pipe, and special water rate for such pipe connection shall be charged at four times that of half an inch pipe if it is for domestic purposes, and five times that of half an inch pipe if it is for other than domestic purposes.

23 Water to be supplied by meter to gins, presses etc.—

Water may be supplied by meter Gins, Presses, Factories, Mills, and buildings used as hotels and restaurants etc.

24 Private connections to Chawls and Wadas.—

In case of a chawl or wada a private connection may be given either for the whole chawl or wada or for a particular tenement comprised therein. In case, a single private connection is given for the whole chawl or wada, the private connection shall be considered to have been given in respect of the house, building or tenement which is assessed highest, the other houses and buildings in the compound being considered as not connected by private connections.

4 Grant of private water services :—(1) Subject to the other byelaws it shall always be within the discretion of the Managing Committee to grant or refuse an application for private water service, or to grant it subject to such special conditions as it may deem fit to impose.

Explanation :—Wherein on account of the peculiar lay-out of the Municipal water mains in any part of the town it is likely that the hours of supply of water through any particular service pipe will be greater than the number of hours for which water is ordinarily supplied to other private consumer through service pipes in the town, the Managing Committee may lay it down as a condition :—

(a) that the service pipe shall have a stopcock at each place as it may determine together with a valve pit and a road box if necessary at the expense of the consumer but in the absolute control of the Municipality so that the hours of supply can be controlled, or

(b) that the service pipe be fitted with a meter of the type to be determined by the Managing Committee at the cost of the consumer and that the water consumed be charged and levied at the rates prescribed for the supply through the metered service pipes.

2 The Managing Committee may impose such further conditions as it my deem fit regarding a service pipe after it is laid and supply begun.

3 (a) The existing private connections shall, within three months from the date of service of the notice so to do, be taken inside the premises by the owner and/or the occupier of the premises concerned, failing which he shall be liable to pay a penal water rate at three times the usual water rate. The Managing Committee may cut off the connection if the levy of penal rate is not effective on the occupier and/or the owner, after giving one month's notice.

5 Application for private service :—Private water service shall not be sanctioned until the following conditions have been complied with namely :—

(a) There must by an application in writing with an admission fee of Rs. 5-(five) only made by the owner of the premises to which the supply of water is required or by his authoriesd agents, stating :—

(i) the description of the premises to which the supply required by their Municipal and city survey number and the street and the ward thereof ;

(ii) the exact place in his premises upto which he wants to have the service pipe so that he can effectively check the water or misuse of the water supplied ;

(iii) the purpose for which it is required ; and

(iv) the diameter of the service pipe.

Note :—Admission fee of Rs. 5 (five) only are not refundable unless the application is rejected.

(b) the applicant must deposit in the Municipal Treasury a fee of Rs. 10 and such additional amount as may be directed by the Municipal Engineer, Overseer, or sub-overseer to meet the expenses in respect of the repair to the public street that may have to be broken, the labour and fitter's charges that shall have to be incurred in laying, fixing or connecting the service pipe.

(c) All the Municipal taxes due from the applicant or in respect of the premises to which the supply is required must have been fully paid up.

6 Conditions for private water service :—Every applicant for a private water service shall be deemed to undertake to comply with the following conditions, and every service sanctioned, shall be deemd to be subject to such conditions namely :—

(a) that all the work of laying, fittings, connecting, repairing, cutting, disconnecting and the like in relation to the service pipe shall be carried out by the Municipal agency at the expense of the applicant ;

(b) that the diameter of the entire service pipe throughout shall be the same as is applied for and sanctioned ;

(c) that the applicant takes the service pipe upto a place within his premisses as may be sanctioned by the Managing Committee ;

(d) that the applicant will not take the service pipe to such of his premises as are not contiguous.

(e) that he constructs a separate pucca drain from the place where water is discharged by the service pipe upto the Municipal drain and

(f) that before the service connection is actually made he pays in advance the special water rate in this regard prescribed for the whole of the current official year if the connection is to be made during the first quarter, 3/4th of the amount, if the connection is to be made during the 2nd quarter, half the amount if the connection is to be made during the 3rd quarter and ¼th of the amount is the connection is to be made during the 4th quarter.

7 *Refund or otherwise of deposit amount.*—

After the service pipe is laid, fixed and connected, any balance that remains out of the amount deposited under bye-law No. 5 (b) after defraying the expenses therein stated, shall be refunded to the applicant. If the amount deposited falls short of the actual expenses incurred, the deficit shall be recovered from the applicant in the manner provided in Chapter VIII of the Act.

8 Use of water for domestic consumption.—

(1) The water supplied by private connections shall be understood to be generally for domestic consumption unless otherwise expressly stated in the permission but it may be used for ornamental flower gardens.

(2) No person shall use water from private connection for purposes other than those for which it is granted except with the permission of the Managing Committee.

9 Hours of supply.—

The Managing Committee may at any time by public notice prescribe the hours of supply in each locality and alter it on any special day or occasion.

10 When private connections may be stopped or cut off.—

The Managing Committee may cause a connection to be cut off in any of the following events namely :—

(a) In default of payment of the special water rate or any other Municipal tax or fees or charges in respect of the premises for which the private water service exists, within one month from the date of presentation of the bill in that regard.

(b) If no effective steps are taken to repair the breakage or damage to or defect in the service pipe.

(c) In case of waste of water, whether it be on account of the absence of a cock or on any other account.

(d) In case of service pipe being extended beyond what is sanctioned without the permission of the Managing Committee.

(e) In case of breach of bye-law No 17, either by the owner or by the occupier of the premises.

(f) In case of non-observance by the owner of the conditions imposed by the Managing Committee under bye-law No. 4.

(g) In case of the water, supplied for merely domestic purposes being used or allowed to be used for any purpose,

(h) In case any part of the service pipe being of a greater diameter than the one for which permission is granted.

(i) In case of any appliance to the service pipe with a device to take a greater quantity of water than would be dischargeable through it in ordinary course ; and

(j) If the service pipe is laid with out the due sanction of the Managing Committee provided that.—

(*i*) the Chairman, Managing Committee shall, before causing the connection to be cut off, give a notice to the owner or the occupier or occupiers of the premises specifying the event which has given cause for the cutting off of the connection and stating that the connection would be cut off if such cause is not either remedied or proved to the satisfaction of the Chairman, Managing Committee not to be existing, within a week or even a shorter period to be specified in emergent cases, from the date of the service of the notice. If the cause for cutting off as stated in the no ice is not remedied or if it is not shown to the satisfaction of the Chairman, Managing Committee, that the cause for cutting off does not exist within the period specified in such notice, the Chairman, Managing Committee, may cause the connection to be cut off.

(*ii*) Such connection may be renewed on an application made to the effect to the Managing Committee, on paying the taxes due as stated in clause (a) of the bye-law and on giving an undertaking that no cause for complaints of any type mentioned in this bye-law shall be allowed to re-occur. Such application for renewal or the sanction that the Managing Committee may grant for the same, shall be subject to all the bye-laws as if it were an application for a fresh connection except as provided in proviso to bye-law No. 13 ; and

(iii) The connection once cut off shall not be renewed by any person except as provided in the 2nd proviso.

11 Point at which service pipe may be cut off.—The cutting off the connection may be effected at such point of the service pipe as would appear most convenient for the purpose in the opinion of the Municipal Engineer, or Sub-Overseer, or Overseer, or Sanitary Inspector or of the person authorised by the Chairman, Managing Committee.

12 General stoppage and special supply.—The Managing Committee may after due notice at any time temporarily stop all or any of the private connection, when it may appear to be necessary to do so in the interest of the public, but on the applications of individuals, it may, if convenient, allow water to run through their private pipes while the general stoppage lasts, on pre-payment of a charge of Re. 1 per unit of six hours of part thereof. The Managing Committee may allow temporary extension of private connection to any particular area within or outside the Municipal area, not beyond 1,000 feet from the Municipal Main, at the applicant's cost.

13 No compensation for stoppage or cutting off of Private connection.—No refund or remission of water rate or other charges and no compensation of any kind shall be claimable in respect of stopping or cutting off of any private connection under these byelaws, nor shall such stopping or cutting off relieve any person of any penalties or liabilities, he may have incurred prior thereto:

Provided that if the connection is renewed during the year during which the connection was cut off, no fresh special water rate shall be leviable for that year, if it had been once levied before the cutting off of the connection.

14 Removal of private pipe from road.—When a connection is cut off for any reason whatsoever, any pipe or fitting that may have been laid, underneath any Municipal road or land may be removed by the Managing Committee and the cost of doing the same and of plumbing the main may be recovered from the person liable to pay the private connection water rate.

15 Re-opening of closed connection prohibited.—When a private connection has been stopped or cut off by the Managing Committee or its delegates, no person shall re-open or restore such connection, except with the permission of the Managing Committee.

16 Access to private connection to be permitted.—Every owner or occupier of any premises through which a private connection passes shall at all times give the Municipal Engineer Overseer or, Sub-Overseer or the Sanitary inspector, Executive Officer, the Secretary, the Chairman, Managing Committee and all the persons bearing written authority in this behalf from the Chairman, Managing Committee, free access to such permises so far as necessary, for the purpose of inspection of the private connection and every reasonable facility he may demand for such purpose; provided that at least one hour's notice is given of the intention to enter any occupied houses and that due regard shall be paid to social and religious prejudices of the occupier.

17 No work on or in connection with Municipal water pipe be attached with sanction.—No person shall attach or cause to be attached any pipe or pipes to any of the Municipal water pipe or any apparatus connected therewith, whether the property of the Municipality or not, or extend, alter or disconnect any private connection already existing without the permission of the Managing Committee or of any officer authorised by the Managing Committee in that behalf. No persons shallattach a suction pump or any pipe or pipes

18 Private connection to be made by Municipal fitters only.—No private connection shall be made, altered or extended by any person other than a Municipal Fitter or person authorised by the Municipality.

19 Tapping or plugging Municipal mains prohibited — No persons not specially appointed by the Municipality for the purpose shall tap or plug the Municipal water mains.

20 Interference with Municipal water works prohibited No. person shall interfere or tamper with or do any damage to any pipes, fittings or other apparatus connected with the Municipal water works or with boring pumps, electric motors or other machinery fixed by the Municipality for the purpose of pumping, supply or distribution of water.

21 Wastage or sale of water prohibited.—No occupier of any building or property having a private connection shall waste or sell the water thereof or supply it to purpose other than those for which he is at liberty to use it under rules, byelaws or orders from time to time existing on the subject, or allow any one not being an occupier of such building or property to make any use of such water.

22 All connections to be fitted with cocks :—All private connections shall be fitted with taps or cocks. No occupier of any building or property having a private supply of water shall allow the pipes, works or fittings connected there with to get out of repair to such an extent as to cause waste of water.

23 Accidents to pipes to be reported immediately:—It shall be the duty of every owner or occupier of a building or property having a private connection to report immediately to the Chairman, Managing Committee, any accident to the private connection.

24 Bathing and Washing at public stands prohibited.—No person shall bathe or wash or cleanse or cause to be washed or cleansed his body or that of another or any vehicle, carriage, cart or animal or anything whatsoever within a distance of 15 feet or any public stand pipe.

25 Obstruction prohibited.—No person shall obstruct any other person taking water from any public stand pipe.

26 Watering animal prohibited.—No person shall water any animal at any public stand pipe or within a distance of 15 feet therefrom.

27 Wastage prohibited.—No person shall cause any waste of water supplied by the Municipality at any public stand pipe.

28 Spitting or nuisance prohibited.—No person shall spit or commit nuisance in any other manner within 15 feet of any public stand pipe.

29 Supply by Meter.—(i) The Managing Committee may allow water to be supplied by meter, provided that the meter is supplied and maintained in working order under the control of the Municipality by the owner or occupier at his expenses. In case of water supplied to public buildings, gins, presses, factories, mill, buildings, used as hotels and restaurants, theatres, gardens or other places the Managing Committee, may, in view of the quantity of water consumed or other considerations, insist on the supply of the water by meter. But no person shall be allowed to obtain a supply of water by meter for a sum less than what is leviable according to the water rate rules.

(ii) Size of pipe under meter.—The Managing Committee shall have power to prescribe from time to time the size of pipe passing under the meter on a consideration of the quantity of water taken.

30 Meter reading conclusive evidence.—When water is supplied by meter, the readings of the meter shall be conclusive evidence of the quantity of water consumed.

31 Charges when meter is out of order.—In case in which water is given by meter, monthly charge to be paid for the water consumed whilest the meter is out of order or under repairs shall be the average of the previous three months.

32 Notice of meter going out of order.—When the meter is out of order the occupier or owner of the building shall once give written intimation of the fact to the Chairman, Managing Committee, Executive Officer or Secretary or Sub-overseer or Sanitary Inspector in order that he may take note of the last reliable reading. The meter shall not be removed without the inspection and permission of the Chairman, Managing Committee or Executive Officer or Secretary or Sanitary Inspector or Overseer or Sub-overseer.

33 Date of disorder to be determined by the Chairman, Managing Committee, Executive Officer or Secretary or Sanitary Inspector or Sub-Overseer.

When the meter is found out of order the Chairman, Managing Committee, Executive Officer or Secretary or Sanitary Inspector or Sub-Overseer on his own inspection or after inspection on information given by the occupant or the owner, the date from which the meter shall be considered out of order will be determined by the said officers whose decision shall be final. In such cases a notice to put the meter in order shall be given. The notice itself shall be considered as permission to open the meter.

34 Declaration of date when the meter is set-right.—When a report is made to the Chairman, Managing Committee or Executive Officer or Secretary or Sanitary Inspector or Sub-Overseer that the meter is set at right any of them shall verify the fact and declare the meter to be in order from the date of report in case it is found accurate by the testing.

35 Meter to be set right within three days.—Meters which have gone out of order shall be set right within 3 days from the date on which they were so found.

36 Charge if meter not set right.—If the meter is not set right within 3 days, it shall be within the discretion of the Managing Committee to charge for water either according to the discharge capacity of the pipe connection on the presumption that water is taken or according to the average prescribed in bye-law No. 30 whichever may be greater.

37 Keys to remain with the Sanitary Inspector or Overseer, etc.—All meters and meter boxes shall be locked and the keys shall remain with the Sanitary Inspector or Overseer or Sub-Overseer as determined by the Managing Committee. Meters or meter boxes shall be sealed with the common seal of the Municipality. The locks and keys shall be supplied by the Municipality and the charges for the same shall be recovered from the owner or occupier.

38 Penalty.—Any person committing a breach of any of the bye-laws 8, 15 and 17 to 28 shall be liable on conviction to a fine which may extend to Rs. 200.

39 The Managing Committee may authorise any of the Municipal officers or servants to lodge complaints under these bye-laws.

40 An appeal shall lie to the Municipality against the decision taken by the Managing Committee, its Chairman and the Municipal officers.

The provisions of Rules 56 and 57 of the Saundatti Yellamma Municipal Rules are applicable to the appeals under these bye-laws. The decision of the Municipality shall be final.
